WAGNER PARK FLOWERS

Important to Purchasers

READ CAREFULLY

EARLY ORDERS. Place your orders early, as it is almost impossible during the rush of the planting season to fill an order on short notice without doing an injustice to others who have their orders previously booked. We practice filling orders in rotation as received, in accordance, however, with locality and suitable time for planting.

CLUB ORDERS. By several friends or neighbors combining their orders is an advantage, as you can then order in larger quantities at lower rates, also save on transportation charges. Quantity rates as priced in this catalogue are, six plants of any one variety at dozen rates. Twenty-five plants of any one variety at hundred rates. Less quantities are at single rate prices unless specially noted.

SHIPPING FACILITIES. We are admirably located for making shipments, having the C. C. C. & St. L. Railroad East and West, the B. & O. Railroad North and South; also the Western Ohio Electric, all of which connect with various lines. We have the Wells Fargo and American Express Companies, assuring you of prompt and most direct service. When no instructions are given we use our best judgment as to how to ship.

PLANTS BY MAIL. We deliver to any address in the United States all articles in this catalogue marked prepaid. In ordering plants by mail, please bear in mind that parcels are limited as to weight and a volume measuring only 72 inches combined length and girth.

PLANTS BY EXPRESS. This is a most satisfactory method of transportation, as it enables us to give good values in the form of fine, large plants. We do not prepay express shipments, but larger plants are sent, and if goods are miscarried they are easily traced, and if damaged in transit, more easily rectified. When sent by express, we usually send some extras; again, plants are handled by express companies at special rates.

FREIGHT SHIPMENTS. This method of shipment is advised only with heavy and bulky stock.

SPECIAL NOTE. Many orders consist of articles both prepaid and not prepaid. In such cases if found to be an advantage to our customer to ship all by parcel post we do so and send bill for actual amount due us of postage paid. Again, if we find it an advantage to forward all by express or freight and prepaid items do not add to cost of transportation, we so ship unless definite instructions are given to the contrary. We always look to the best interests of our customers.

GUARANTEE. Most failures with plants and bulbs growing are due to causes entirely beyond our control, such as unfavorable weather and soil conditions, too deep or too shallow planting, etc., which renders it impossible for us to guarantee success. We take all possible care to supply such stock as will, under proper conditions, produce satisfactory results. We guarantee stock to be true to name, and will upon proper proof, replace any that may prove untrue.

REMITTANCES. Remittances should be made by Post-office Money Order, Registered Letter, Bank Draft, or Express Money Order.

TREATMENT OF PLANTS ON ARRIVAL. If plants arrive during freezing weather, do not unpack them immediately, but place in some cool, though not frozen spot, such as a shed or outhouse, until they commence to thaw out. If they arrive during hot dry weather, they should, if possible, be planted immediately and well watered.

The Wagner Park Nursery Co.
Sidney, Ohio

Florists, Nurserymen and Landscape Gardeners

LARKSPUR - Delphinium

The showiest and most satisfactory of all hardy plants. They thrive in most all situations and in a variety of soils; always sure to bloom, and if the old flowers are kept cut off (not allowing them to go to seed) another crop of blossoms may be looked for in the autumn.

SPECIAL PRICES.

Strong, thrifty plants, 12 for \$1.50, prepaid; 25 for \$2.50; 100 for \$7.00.

Large size plants—12 for \$2.50; 25 for \$4.50; 100 for \$16.50.

A Partial View of Wagner Park, Showing Some Artistic Landscape, Where Many of Wagner Specimen Plants Are Grown for Supplying Our Customers. Our Office Building at Extreme Left of Picture.

FOREWORD

TO those thousands of garden lovers who have already made the acquaintance of the Wagner Park Nursery the introductory paragraphs of this catalogue will doubtless seem to be unnecessary. To them the rugged vigor of all the trees and shrubs and plants that come from Wagner Park is well known. They know, also, how carefully and scientifically Wagner plants are packed for shipment, assuring their arrival at destination with vigor unimpaired. They know of the endless variety of the Wagner stock, including every plant, tree, shrub, evergreen, flowering bush, tufted grass and hardy perennial that can be grown on American soil. They know the meaning of Wagner Landscape Service and how this service solves the problem of garden design, and secures the speediest and most permanent beautification of the home grounds.

These opening sentences are, therefore, addressed primarily to those of our readers who are not already familiar with the Wagner ideals, and who have not experienced the satisfaction that comes with Wagner plants and plantings.

Listed in the following pages you will find an endless variety of Roses, Hardy Plants, Trees, Evergreens and Shrubbery to create beautiful and artistic effects. Also Seeds, House and Bedding Plants. We at Wagner Park are not contented merely to sell our merchandise. We look beyond the immediate commercial transaction, to the purpose for which every plant and tree and shrub is intended to serve in making beautiful some spot otherwise barren and unlovely. See our special service offer on page 71. In soliciting your order for Wagner plants we are, therefore, seeking an opportunity for extending the area of Wagner Service and sharing with you the satisfaction that always attends the realization of the Wagner ideal.

WHEN in Sidney we extend to you a cordial invitation to visit our park and nursery grounds where is to be found a more complete list of nursery stock than anywhere in the country. Sidney is the home of the famous Wagner Arboretum, where more than a thousand varieties of Conifers, Evergreens, Deciduous Trees and Shrubs are planted. We want to show you how these trees and plants you buy are grown. So do not fail to visit our nurseries when in this vicinity. A special attendant will be furnished you on a trip through the park and nursery grounds.

THE WAGNER PARK NURSERY CO.. Sidney, Ohio.

Wagner Park Flowers are Famous from Coast to Coast

We Prepay Transportation on all of the bargains offered in this catalogue. Everything marked prepaid comes under the **Free Delivery Offer**. Our prepaid offers will

surprise you. Wagner plants are so vigorous, sturdy and full of life, and so carefully prepared for shipment as to insure arrival at their destination in a flourishing condition. This means that they go into the ground at your place with unimpaired vitality and ready

to resume their growth with undiminished vigor.

The moderate prices of Wagner Nursery stock is a pleasant surprise to many, especially to those who have heard of the high quality of Wagner Park plants. It is natural they would expect such stock expensive, but after dealing with us they discover that our prices are extremely reasonable considering the quality of stock they receive from us, should it be a

specimen plant or a parcel post prepaid plant. The same careful attention is given orders, no matter how small, as is given the larger orders.

Distance makes no difference. We want every flower lover, regardless of where they live, to at least give us a trial order to let us demonstrate that they will be well pleased with everything ordered from us. Send your order now; we will ship at once or any time you are ready to plant.

**Wagner's Is a Service Nursery. Not the Mere Selling of Nursery Stock
but Everything We Ship Is Prepared Ready to Plant and Grow:**

FREE SERVICE.

Every Tree, Shrub, and Plant is carefully pruned by our experts before shipping; you have only to plant in well-prepared soil and watch them grow. This means much more work, but we do it with pleasure, looking towards the satisfaction and greater returns our customers derive from the plants.

It is a realized fact that more failures with nursery stock—Roses, Shrubs, Trees, and Plants in general—are due to improper pruning at planting time than from any other cause. Naturally the digging of a plant or tree is more or less of a check to its growth, so it becomes necessary to do a certain amount of pruning (which, of course, varies according to species and varieties) to give the roots an opportunity to again become established in the new location without an overburden to supply the necessary nourishment to so much top-growth. Again, this pruning induces stronger bottom growths, which is the foundation for making a shapely plant and from which good results may be expected. While from improper pruning you can only expect weak, short growths, and those plants that flower to produce only small blossoms. We feel this a needed service to the amateur, and while it makes much more work for us, we do it with the greatest pleasure, that our customers may obtain the very best results and effects from our plants. This we know will be greatly appreciated by our patrons as the special service we have offered for years, to give free advice to those interested in having their grounds artistically planned, which we are glad to say also originated with us.

There are some things which can be pruned only at certain seasons, and full instructions for anything of this nature will be sent with shipment. We, therefore, who are experienced, offer this additional service to our customers that the failure of plants to grow from this cause may be reduced to a minimum.

SPECIAL NOTE.—Any one preferring to have stock shipped unpruned, kindly so state when ordering, when we will gladly comply with the request.

Wagner Quality Combined With Wagner Service Assures Satisfactory Results:

Special attention is called to the prices we quote for regular, large, and extra large sizes. Any one at all familiar with growing plants will know it is possible to have them in the various stages of growth and in the different sizes, so we offer them in the various sizes as some wish only to expend a small amount and are satisfied to wait for results.

REGULAR SIZE: This is our lowest priced stock. The plants we send out at the lowest price are good, thrifty, young, well-rooted stock, which will grow and give satisfaction, and recommended to those who are satisfied to wait for the fully developed effects and results.

LARGE SIZE: This is a class of plants that are quite well developed and from which good results are obtained the first season; in fact, of such size as many nurseries offer as extra large. We highly recommend this size, as they are so well grown that results are almost assured even to the most inexperienced planters.

EXTRA LARGE SIZE: These extra selected plants are of such age and size to produce immediate effects. All of this size have been frequently root and top pruned to make them compact and bushy and well supplied with fibrous roots. Those desiring quick results should order of our largest size stock.

THE WAGNER PARK NURSERY COMPANY, SIDNEY, OHIO.

ROSES---The Most Glorious Flowers of the Garden.

Delivered Free!

All Our Roses Are Sent PREPAID Anywhere In the United States Except Those Varieties On Page 11.

The rose is a source of interest to all flower lovers everywhere, and a necessity to every well-planted garden. The demand for good garden roses is greatly on the increase. People are beginning to appreciate the value of introducing roses more boldly in with general plantation. At the same time the "rose garden" is extending its appeal.

One may use roses profitably anywhere, often in very restricted space. They have manifold uses as practical climbers, covering ugliness with beauty, clothing bare banks and walls with color and grace.

Wagner, as a Rose Specialist, growing his stock in exceptionally favorable soil and climate, offers the best opportunities possible for "Success with Roses."

We send out only strong, well-rooted plants, in perfect condition for "taking hold" vigorously in alien soil.

Special skill is brought to the production of choice roses of less hardy habit. In this respect Wagner Nurseries are an incomparable resource to the rose lover of intelligence and taste.

Our collection of free-blooming hardy roses, such as we urge for general selection, is second to none. This list includes varieties adapted to every purpose, house walls, trellis, pergolas, rose groups, etc. The rose houses and rose fields at Wagner Park indeed comprise a perfect microcosm of the rose world.

We place our knowledge of roses at your disposal, being very glad to help you, when it is desired, in the selection of varieties and offering complete information on the subject of successful rose culture in any part of the United States. We make special designs also of rose gardens, rose walks, etc., etc. We want you to know Wagner Roses if you do not already know them.

GENERAL DIRECTIONS FOR THE CULTURE OF ROSES

WHEN TO PLANT. Plant roses as early in the spring as possible to work the soil. Pot plants may be planted at any time, but do better if planted early, after all danger of frost is past.

PREPARATION OF THE SOIL. Roses will grow and give good results in any fertile, well-drained soil, but they thrive best in a soil consisting of considerable clay. Dig the soil deep and if drainage is imperfect it must be provided for. It is worth while to use care in the preparation of the beds, as the general health of the plants, quantity and quality of the flowers usually more than repays the extra cost expended on this detail. Stir the soil frequently but not too deep, or the roots will be disturbed.

PRUNING. About the end of October it is well to cut back any long canes of the strong growing sorts. This prevents them from being whipped by the winter winds, which, unless staked, would loosen and break the tender, feeding roots. The principal pruning however, should be done in spring before they start growth. Cut away all dead wood and cut all live branches at least one-half their previous year's growth. This insures strong bottom growths and large flowers on long stems.

INSECTS. A few applications of a good insecticide will exterminate all insects at the outset, after which very little or no trouble will be experienced. The following preparations are good. Apply to the upper and under surface of the foliage by means of whisk broom or sprayer.

SOAP SOLUTION. Dissolve about one ounce of Ivory or other good soap in one pint of boiling water, adding one and one-half gallons of cold water.

TOBACCO SOLUTION. Made of boiling the leaves or stems of tobacco. The liquid should be made about the color of weak tea.

BORDEAUX ARSENATE OF LEAD MIXTURE. At the rate of eight ounces to five gallons of water is an excellent solution.

WINTER PROTECTION. Do not cover your plants too soon; a nip of frost will not hurt them, but will help to ripen and mature them. Such materials as leaves, hay, straw, or cedar boughs, etc., will afford excellent protection. A few shovelfuls of earth will also be of great benefit. In the spring wait until the weather is settled before uncovering.

X-tra Size Roses.

Where you see the "X" you will find one of the choicest varieties and in extra large size plants. WAGNER PARK ROSES grow to perfection everywhere, but special attention is called to our Extra large size plants which are marked with an "X" preceding the name, indicating the quality of the largest size. These varieties have been given special attention, and we have obtained some very fine, heavy plants of them. The stock is first-class in every respect, and if you want immediate results order our X-tra size roses and they will surely please you.

The real Rose lover cannot afford to miss these particularly famous Cochet Roses. The three varieties we offer are not surpassed by any others in beauty of flowers and productiveness. They are constantly in bloom and are hardy in all localities without protection, except the extreme north, where protection and mulching is very beneficial.

X MAMAN COCHET PINK. A deliciously sweet-scented Rose and a most vigorous grower. The flowers are superb and we consider it one of the choicest and most beautiful roses grown. The buds are long and pointed and flowers are of enormous size, very full and double. The color is a rich pink, elegantly shaded with rose and crimson. An excellent bedding variety. Very free to bloom, even as a pot plant for the house. 1-year size, 15 cents; 2 year size, 35 cents; X-tra size, 50c.

X MAMAN COCHET RED. An exceedingly beautiful and splendid Rose for general planting. Very vigorous and healthy, throwing up strong shoots, and producing great masses of beautiful blossoms, and this is continuous throughout the entire season. Flowers are very large, fully double, and sweetly scented. Color a bright rose-red, elegantly shaded. A most valuable everblooming variety. 1-year size, 15 cents; 2-year size, 35 cents; X-tra size, 50 cents.

X MAMAN COCHET WHITE. A remarkably free blooming variety equal to MAMAN COCHET WHITE in every particular. The blossoms are large, fully double, and a pure white in color, very fragrant, and should be included in every Rose collection. 1-year size, 15 cents; 2-year size, 35 cents; X-tra size, 50c.

Special Offer "A", Cochet Roses

1 Cochet Pink	1 year, 40 cts., prepaid.
1 Cochet Red	2 year, \$1.00, prepaid.
1 Cochet White	X-tra large, \$1.25, prepaid.

Two Most Marvelous Roses In Cultivation.

X Gruss an Teplitz. (Crimson Hermosa) This grand Rose has proven one of the best and most valuable hardy crimson ever-blooming Roses for garden planting ever introduced. The color is dark, rich crimson, passing to velvety, fiery red, the brightest colored Rose we know. Flowers large, full and sweet; blooms constantly, throwing up fresh buds and flowers the whole growing season. 1-year, 15 cents; 2-year, 35 cents; X-tra size, 50 cents.

X White American Beauty. (Frau Karl Druschki.) This brilliant white type Rose has become renowned as the very highest type of its class and the best snow-white rose ever introduced. It is an extraordinarily strong grower, branching freely and has the vigor and hardiness of an oak. Large, heavy foliage and magnificent flowers that are nothing less than glorious, immense in size and produced with great freedom on long, stiff stems. The color is marvelously white without a tinge of yellow or any other shade. Hardy everywhere. 1-yr., 35c; 2 yr., 40c; X-tra size, 60c.

Special Offer "B1"	1 Gruss an Teplitz	<div style="display: inline-block; vertical-align: middle;"> <div style="display: inline-block; vertical-align: middle;">1 year 35 cts., prepaid.</div> <div style="display: inline-block; vertical-align: middle;">2 year 65 cts., prepaid.</div> </div>
Two Marvelous Roses	1 White American Beauty	X-tra large, \$1.00 prepaid.

Special Offer "C1"	1 year 60 cts., prepaid.	<div style="display: inline-block; vertical-align: middle;"> <div style="display: inline-block; vertical-align: middle;">1 White American Beauty</div> <div style="display: inline-block; vertical-align: middle;">1 Gruss an Teplitz</div> </div>
Cochet and Marvelous Roses.	2 year \$1.50, prepaid.	3 Maman Cochet (1 each color)
	X-tra large, \$2.25 prepaid.	

**Wagner Park Famous
Cochet Roses**

See description and prices above

Four Roses for Any Locality.

A most desirable class of roses to plant. Makes no difference where you live, they are hardy; will grow and thrive vigorously. Constantly in bloom and should be in every well-planted garden.

x Burbank. The color is described as cherry crimson—it is, in other words, the very deepest and brightest pink Rose in cultivation. It is adapted for both out-door planting or for blooming pots. 1-year, 15 cents; 2-year, 35 cents; X-tra size, 50 cents.

x Champion of the World. The name describes it, for of its color it is surely a champion. It flowers continuously the whole season through. Bears in greatest profusion flowers of fine size, full, deep and double; color lovely clear, deep pink. If you want a sturdy, substantial, free-blooming Rose, plant a Champion of the World. 1-year, 15 cents; 2-year, 30 cents; X-tra size, 50 cents.

x Hermosa. It would be a waste of words to write a lengthy description of Hermosa. It is too well known and too great a favorite. It is always in bloom and always beautiful. The color is a most pleasing shade of pink, very fragrant. A grand Rose for bedding or pot culture. 1-year, 15c; 2-year, 35c; X-tra size, 50c.

x Mrs D'Graw. Bright coral pink; flowers are borne in clusters; very handsome; noted as a free and continuous bloomer; quite hardy, strongly resembles the Champion of the World. 1-year, 15 cents; 2-year, 30 cents; X-tra size, 50 cents.

Hermosa

Special Offer "I" Wagner's Old Reliable Collection.

1 Burbank	1 year size 50c, prepaid.
1 Champion of the World	2 year size, \$1.00, prepaid.
1 Hermosa	X-tra large size, \$1.75.
1 Mrs. D'Graw	

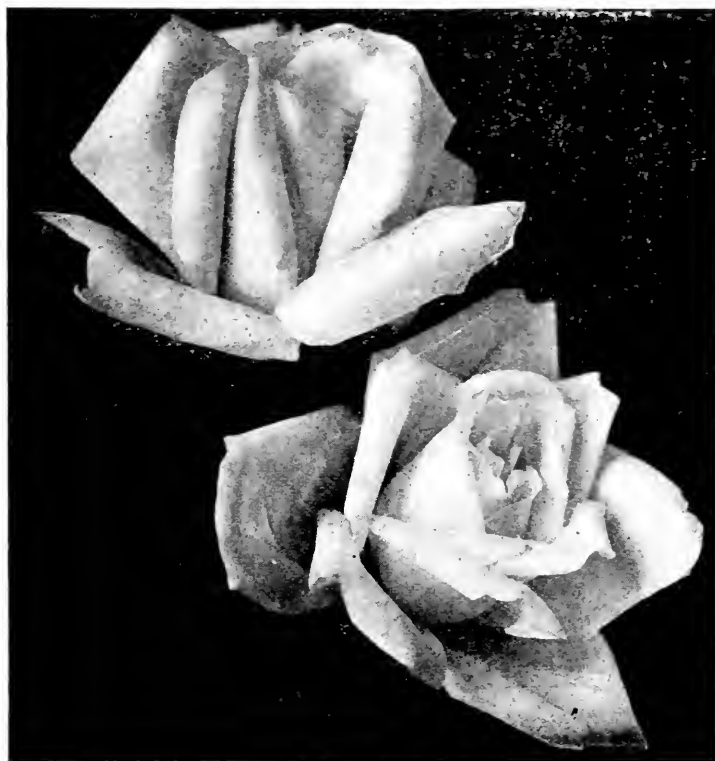

Four Extra Choice Roses, Everblooming, Hardy In All Localities,

x Kaiserin Augusta Victoria. An unsurpassed Rose of great beauty. This exquisite variety still retains its place as the foremost and best white Rose for general planting. It is perfectly hardy in all localities and produces continuously through the season glorious, fully double flowers with a delicious, Magnolia-like fragrance. Color is a most delicate, creamy white. 1-year, 15 cents; 2-year, 35 cents; X-tra size, 60 cents.

x Mad. Abel Chatenay. This is a wonderfully strong, healthy growing variety, with rich, bright foliage. A grand bedding rose, as it is a profuse and continuous bloomer, flowers of good size, very double, with slightly recurved petals; elegant buds, color, rosy carmine, shaded salmon. 1-year, 15 cents; 2-year, 25 cents; X-tra size, 40 cents.

x J. L. Mock. Resembles somewhat Mad Caroline Testout. The flowers are borne on strong, straight stems, and are very double. Color, light red, shaded pink. 1-year, 20 cents; 2-year, 40 cents; X-tra size, 60 cents.

x President Taft. This is undoubtedly the finest bedding Rose yet introduced. The flowers are double, very sweet-scented, and are of deep pink color. They are free from disease, which is another point claimed in its favor. 1-year, 20 cents; 2-year, 40 cents; X-tra size, 60 cents.

Kaiserin Augusta Victoria

Special Offer "D2." Extra Choice Roses

1 Kaiserin A. V.	1 year size, 50 cents, prepaid.
1 Mad. A. Chatenay	2 year size, \$1.00 prepaid.
1 J. L. Mock	X-tra large size, \$2.00 prepaid.
1 Pres. Taft	

Hardy Ever Blooming Roses. Hybrid Teas.

Our One-year Size of Most Varieties Will Bloom Profusely the First Season.

This is a class of roses for general planting everywhere. The great advantage claimed for them is that combine the hardness of the Hybrid Perpetual with the constant blooming qualities and delicious fragrance of the Tea Roses. These varieties we list include only the choicest, and your surprise will come from the quantities of beautiful blossoms they produce; excellent for Southern and Pacific Coast gardens. Hardy in all localities and without protection, except in the Northern States, where a mulch and protection will be necessary.

Such Results may be obtained with our Roses.

- | | |
|--|---|
| <p>x Anna Marie Soupert. Very large, full flower, on good, stiff stems; color, bright lake red; very fragrant. 1-year, 15 cents; 2-year, 30 cents; X-tra size, 50 cents.</p> <p>x Bessie Brown. Full, deep flowers; color pure white, clouded flesh pink. 1-year, 15c; X-tra size, 50c.</p> <p>x British Queen. The finest white Rose, it is said, in existence. 1-year, 20 cents; X-tra size 50c.</p> <p>x Countess of Shaftsbury. Bright, silvery-carmine, mottled and flushed pale shell-pink at the edges of the petals. X-tra size, 60 cents.</p> <p>x Ecarlate. Brilliant scarlet in color and such an incessant bloomer that we count it among the best bedding varieties. 1-year, 20 cents; X-tra size, 60 cents.</p> <p>x Edward Mawley. Beautiful rich crimson, touched with maroon, with a delightful velvety gloss on the petals. 1-year, 20 cents; X-tra size, 60 cents.</p> <p>x Etoile de France. The flowers are a shade of clear red crimson-velvet; very fragrant. 1-year 15c; X-tra size, 50 cents.</p> <p>x General MacArthur. Dazzling crimson scarlet. One of the grandest red Roses ever offered. 1-year, 15 cents; X-tra size, 50 cents.</p> <p>x Helen Gould. This is probably the most beautiful and satisfactory Rose for general planting ever introduced in America. The color is a rosy crimson. 1-year, 15 cents; 2-year, 35 cents; X-tra size, 50 cents.</p> <p>x Gladys Harkness. A fine free-blooming Rose with flowers like hybrid perpetual. Salmon pink. 1-year, 15 cents; X-tra size, 50 cents.</p> <p>x Killarney Brilliant. A most beautiful, large brilliant pink. Very fragrant. X-tra size, 75c.</p> <p>x Killarney, Double White. An excellent Rose of good habit and growth. Waxy-white flowers on good stems. X-tra size, 60c.</p> | <p>x Lady Ashton. One of the freest-flowering varieties in the collection, and produces perfect bloom under all weather conditions. The flowers are large, double with high-pointed center, and are a soft rose, shading to yellow at the base of petals. 1-yr., 20c; 2-yr., 40c; X-tra size, 60c.</p> <p>x Lady Pirrie. Deep copper reddish-salmon; inside of petals apricot yellow, flushed fawn and copper; an ideal variety. 1-year, 25c; X-tra size, 75c.</p> <p>x La France. (Pink) This is probably the most popular Rose in cultivation. Buds and flowers are of lovely form and grand size; rosy pink. 1-year size, 15 cents; 2-year size, 35 cents; X-tra size, 50 cents.</p> <p>La France. (Red) Color, lovely deep rose; a constant bloomer and recommended as one of the sweetest and best Roses for general planting. 1-year size, 30 cents.</p> <p>x La France. (White) A seedling of pink La France with white flowers, delicately shaded soft rose. 1-year size. 15 cents; 2-year size, 35 cents; X-tra size, 50 cents.</p> <p>x Laurent Carle. Brilliant carmine, very large and of perfect form and very free-flowering. 1-year, 25c; X-tra size 75c.</p> <p>x Malmaison. Beautiful, rich, creamy flesh; distinctly and elegantly shaded, clear peachy red, with a rose center. 1-year, 15 cents; X-tra size, 50 cents.</p> <p>x Olivia. An excellent variety in every way. Buds nicely pointed and flowers are double. Color a deep rose. 1-year, 25 cents; 2-year, 50 cents; X-tra size, 75 cents.</p> <p>x President Carnot. A lovely color; outer petals white, center delicate flesh pink. 1-year, 15 cents; X-tra size.</p> <p>x Rhea Reid. A free-flowering variety, with brilliant crimson-scarlet, full, double flowers of good form. 1-year, 15 cents; X-tra size, 60c.</p> <p>x Triumph de Pere. Color clear magenta-red to crimson. 1-year, 25 cents; X-tra size, 75 cents.</p> |

Hybrid Tea Roses.

x Mad. Jules Grolez. This Rose has been thoroughly tested by us. The color is a distinct and charming shade of cherry red. Strong-growing variety, as hardy as the Hybrid Perpetuals, free booming and in every way a splendid garden Rose. 1-yr., 20c; 2-yr., 40c. X-tra size, 60c.

x Mad. Schwaller. A remarkable Rose, having the strength and style of the Hybrid Perpetual and the free-flowering qualities of the Tea; color, deep rosy flesh, deepening on edge of petals. 1-year, 15c; X-tra size, 50c.

x Mme. Segond Weber. The form of the petals peculiarly beautiful; color salmon-flesh. 1-year, 20 cents; 2-year, 40c; X-tra size, 60 cents.

x Madam Caroline Testout. Brilliant, satiny rose, deepening in center to clear red. 1-year, 15c; 2-year, 35c; X-tra size, 60c.

x Mrs. Aaron Ward. A fine, strong grower and free of bloom. Buds are deeply cupped, the open flowers delightfully attractive. Color, deep golden orange, shading outward to creamy yellow. 1-year, 15c; X-tra size, 50c.

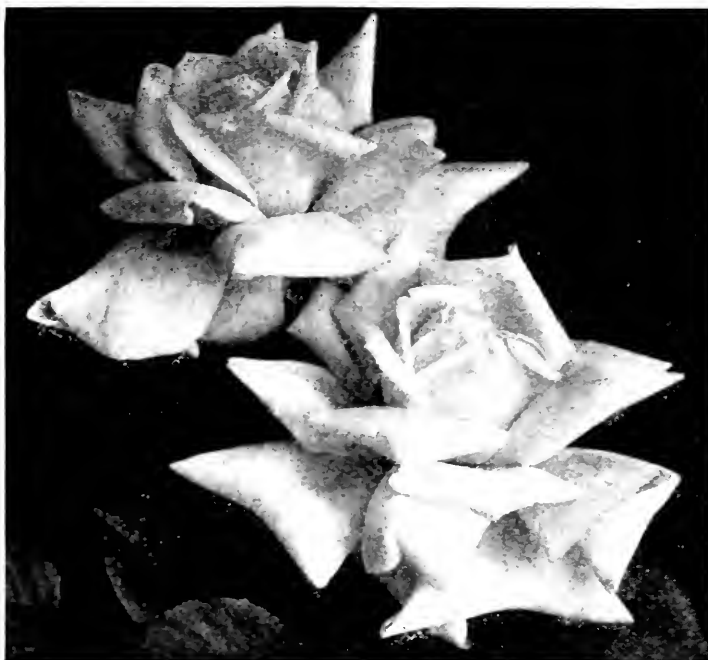

x Mrs. B. R. Cant. A healthy, vigorous grower, throwing up strong shoots and producing great masses of splendid roses the whole growing season. Flowers are extra large, perfectly double and deliciously sweet. Color, bright rose red, elegantly shaded and exceedingly beautiful. One of the best Everblooming bedding Roses grown. 1-year, 15 cents; 2-year, 35; X-tra size, 50c.

x Richmond. Bright, glowing scarlet crimson, exceedingly bright and beautiful. X-tra size 60c.

x Radiance. Color a brilliant rosy-carmine displaying beautiful opaline-pink tints in the open flower. 1-year, 20c; X-tra size, 60c.

x Wellesley. This splendid rose is a seedling from Liberty crossed with Bridesmaid; color, bright, clear rose pink, reverse petals silver rose. 1-year, 15c; 2-year, 35 cents; X-tra size, 50 cents.

x Wm. R. Smith. Softly curled, waxy finished petals; creamy white, flesh pink tips, buff at base. 1-yr., 15c; 2-yr., 35c; X-tra size, 50c.

La France—Pink

Hardy Ever Blooming Dwarf Bedding Roses.

Used extensively for edging beds of other roses They are compact, bushy and produce immense trusses of semi-double flowers from spring until frost.

x Annie Muller. Called by some Pink Baby Rambler. Color bright 1-year, 15c; 2-year, 30c; X-tra size, 50c.

x Crimson Baby Rambler. This variety has the same bright crimson color as the climbing form. Can also be grown in pots with good results. 1-year, 15c; 2-year, 25c; X-tra size, 40c.

x Catherine Zeimet. A continuous blooming White Rose of great merit, fine for bedding. 1-year, 15 cents; 2-year, 25 cents; X-tra size, 40 cents.

x Erna Teschendorff. The much-heralded variety from Holland. Color, brilliant dark carmine-red, and is darker than Red Baby Rambler. Very free flowering. 1-year, 15 cents; 2-year, 30 cents; X-tra size, 50 cents.

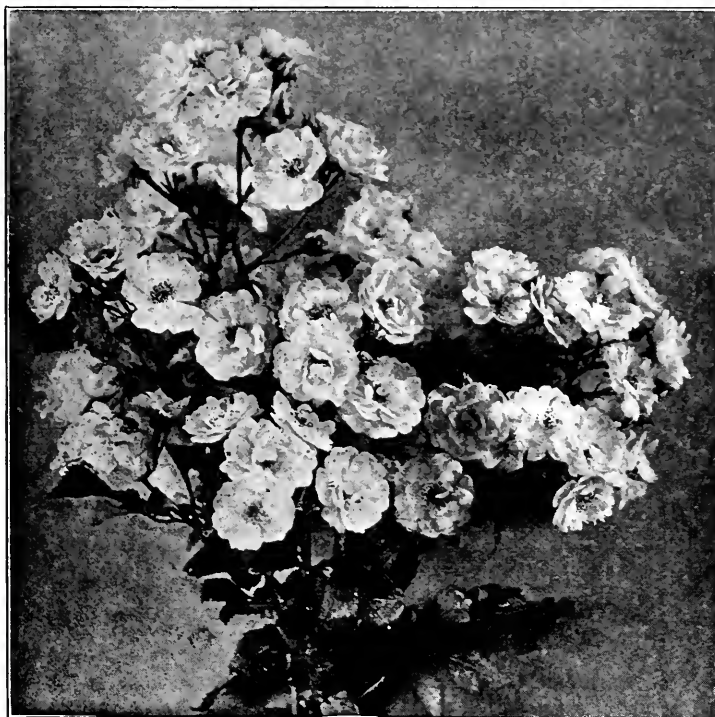

x Jean D'Arc. This novelty is a seedling of Mad. N. Levasseur and flowers as freely as its parents. The leaves are small, dark green. Flower trusses very large and in color it is a pure milk white. 1-year, 15 cents; 2-year, 30 cents; X-tra size, 50 cents.

x Mrs. W. Cutbush. A new dwarf ever-blooming rose. Color light pink, yellowish center. 1-year, 20c; 2-year, 40c; X-tra size, 60c.

x The Orlean Rose. A splendid rose for bedding. Flowers very large and are of a beautiful geranium red, shaded clear rose. 1-yr., 20c; 2yr., 40c; X-tra size, 60c.

Spray Blossoms of Jean D'Arc.

Hybrid Perpetual Roses.

MOST VALUABLE CLASS BECAUSE OF THEIR LARGE, SWEET, BRILLIANT COLORED FLOWERS.

The Hybrid Perpetual Roses are so vigorous and hardy they may be planted in all localities and remain out over winter without any protection. The flowers of the Hybrid Perpetuals are large, handsome, and practically all shades of red, crimson, pink and white. They are the best class to plant, especially in the Northern States, owing to their hardiness. While they particularly need no protection, a good mulch for winter after the wood is well ripened will be beneficial. While they are called Perpetual, they are not constant bloomers, except those so noted, but they produce the finest and most exquisite flowers of all hardy Roses. We list only the choicest varieties and in large two-year-old plants and X-tra large sizes.

X Boule De Nieve. A very hardy, pure white variety, medium size; very full, double flowers of delightful fragrance. 2-year, 35 cents; X-tra size, 60 cents.

X Chestnut Hybrid. This rose is growing in favor as it becomes known. A most beautiful deep rose of red. Large 2-year, 35 cents; X-tra size, 60c.

X Dinsmore. A continuous bloomer of dwarf, compact habit. Flowers are large and very double, of a beautiful deep crimson shade. Large 2-year, 35 cents; X-tra size, 60c.

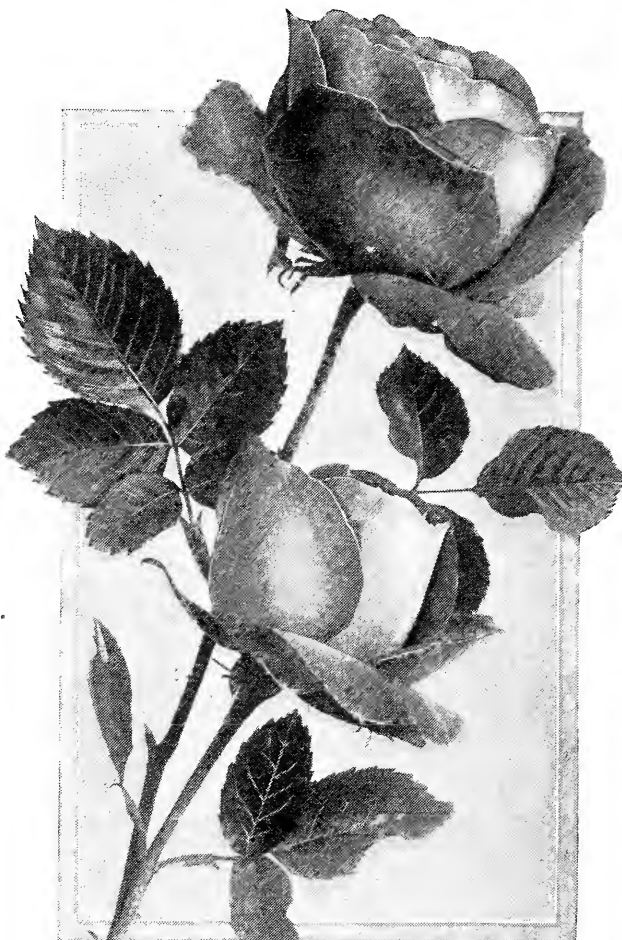

X Gen. Jacqueminot. Too well known to require a lengthy description. It still holds first place among the dark red roses, and is one of the most satisfactory to grow. A rich crimson scarlet. Large 2-year, 50 cents; X-tra size, 75 cents.

X Frau Karl Druschki. Color fine snow-white, free from any yellow or rose tints. Large 2-year, 50 cents; X-tra size, 75c.

X Madame Plantier. The iron clad white cemetery rose; bears hundreds of beautiful, snowy-white, fragrant blossoms. Large 2-year, 30 cents; X-tra size, 40 cents.

X Paul Neyron. One of the finest hardy roses ever grown. It blooms unceasingly from June to November on uniformly long, stiff, thornless stems, with immense cup-shaped flowers. Color, a bright rose pink. Large 2-year, 50 cents; X-tra size, 75 cents.

X Ulrich Brunner. Flowers good size and fine form, with shell-shaped petals. One of the most abundant bloomers, color, cherry red. Large 2-year, 50 cents; X-tra size 75 cents.

Paul Neyron.

X Prince Camille de Rohan. One of the darkest colored Roses; very dark velvety crimson, changing to intense maroon. A very prolific bloomer, and flowers are of excellent form and size. Large 2-year, 35 cents; X-tra size, 60 cents.

X Louis Van Houtte. A rich crimson, heavily shaded with maroon and beautifully formed, double flowers. Large 2-year, 30 cents; X-tra size, 50 cents.

X Magna Charta. A general favorite, prized on account of its strong upright, growth and bright, healthy foliage, as well as for its magnificent bloom. The color is a beautiful, bright pink, suffused with carmine. Large, 2-year, 50 cents; X-tra size, 75 cents.

X Madame Chas. Wood. A true perpetual bloomer. Begins to bloom almost as soon as planted and continues throughout the season. The flowers are extra large, very double, and full and quite fragrant. Color, a very bright, fiery scarlet. Large, 2-year, 35 cents; X-tra size, 60 cents.

Magna Charta

Special Offer "J"--Hybrid Perpetual Roses.

Owing to the low price of this collection, the selection of varieties must be left to us. All labeled true to name.

4 Choice Rose Plants, large 2-year size, \$1.00; in X-tra size, \$1.75.

9 Choice Rose Plants, large 2-year size, \$2.00; in X-tra size, \$3.50.

The Famous Wagner Tea Roses. Ever-Blooming.

For Southern and Pacific Coast States.

This class of Roses is celebrated the world over for their delicious fragrance and the exquisite forms and rich, charming tints of their beautiful flowers. They are without question the most profuse of all, being in flower throughout the entire growing season, especially grown for the Southern and Pacific Coast States, although they may be planted in the Northern States but must be protected over winter. Our list comprises only the best and choicest varieties.

X Apricot. An old-old favorite, very vigorous grower and a most free bloomer, and quite fragrant. The flowers are of elegant fragrance and apricot yellow, very rare among roses. 1-year size, 10 cents; 2-year size, 25 cents; X-tra size, 35 cents.

X Bride. The most popular White Rose for summer and winter flowering. 1-year, 15c; 2-year, 25c; X-tra size, 40c.

X Bridesmaid. Color, rich pink. A most desirable sort for garden or winter forcing. 1-year, 15c; 2-year, 25c; X-tra size, 40c.

X Clothilde Soupert. This is the freest blooming of all Roses. The flowers of large size, are very double, pearly white; center pink. 1-year, 15 cents; 2-year, 25 cents; X-tra size, 40 cents.

X Duchess de Brabant. One of the finest Roses we have for general planting. color is clear pink; makes splendid buds and large double flowers; exceedingly beautiful. 1-year, 15 cents; 2-year, 30 cents; X-tra size, 40 cents.

X Etoile de Lyon. A rich golden-yellow; a strong, healthy and vigorous grower; immense bloomer, bearing flowers and buds early and late. Remarkably hardy. 1-year, 15 cents; 2-year, 30c; X-tra size, 50 cents.

X Marie Lambert. (White Hermosa) Color, rich, creamy white, elegantly shaded with soft rosy blush. 1-year, 15 cents; 2-year, 35 cents; X-tra size, 40c.

Maman Cochet Pink. See description and prices, page 4.

Maman Cochet White. See description and prices, page 4.

X Lady Hillingdon. A beautiful Tea Rose that has created quite a sensation. The blooms are an exquisite shape and color a deep apricot-yellow, shading to orange. Deliciously fragrant. 1-year, 20 cents; 2 year, 35 cents; X-tra size, 50 cents.

X Melody. A lovely shade of yellow, deepening to apricot-center, perfect in form and very double. It is one of handsomest yellow Roses. 1 year, 20 cents each; 2 year, 40 cents each; X-tra size, 60 cents.

X Perle Des Jardins. Beautiful deep yellow; deliciously sweet. 1-year size, 20 cents; 2-year size, 40 cents; X-tra size, 60 cents.

Souv. De Pierre Notting. Color, rich orange yellow, dashed and bordered with soft carmine rose. 1-year size, 15 cents; 2-year, 30 cents.

Everblooming Climbing Roses.

Especially Desirable for Southern and Pacific Coast States.

This is a most desirable class to plant for they produce such an abundance of the most beautiful blossoms, many of which have flowers as large and handsome as the bedding or bush roses. They are rapid growers and bloom as freely as the Tea Rose, and when once established, require practically no care. If planted in Northern States,

x Climbing Cecil Brunner. is a rampant climber, but otherwise an extra counterpart of the popular Cecile Brunner; color, rich, rosy pink on a creamy white ground. 1-year, 15 cents; 2-year, 25 cents; X-tra size, 40c.

X Climbing Malmalson. Flowers lovely creamy flesh with bright rose center, elegantly shaded. 1-year, 15 cents; 2-year, 30 cents. X-tra size, 50c.

x Mary Washington. A pure white, constant blooming Rose; blooms in clusters. 1-year, 15 cents; 2-year, 30 cents; X-tra size, 40 cents.

X Marechal Neil. The finest, bright golden yellow. 1-year, 25 cents; 2-year, 40 cents; X-tra size, 60c.

X Riene Marie Henriette. A rampant climber; color, bright red. 1-year, 15 cents; 2-year, 30 cents; X-tra size, 50c.

x Lamarque. Large buds, beautiful and sweet scented, pale canary yellow, almost white. One of the best climbing Tea Roses. 1-year, 15 cents; 2-year, 30 cents; X-tra size, 50c.

Hardy Climbing Roses

Very few vines give such an abundance of blossoms as the Climbing Roses. Again there is nothing in cultivation more beautiful and attractive. Surround your house and veranda, cover your pergola, screens, and fences with these famous Climbing Roses. The stock we offer is choice and will give entire satisfaction.

x American Pillar. Brilliant carmine rose, with a slight cream variegation and yellow stamens at center, 1-year, 15 cents; 2-year, 30 cents; X-tra size, 50 cents.

x Climbing American Beauty. This new climbing form of the famous Rose so long the American favorite, is as lovely and fragrant as the bush form. The hardy climber blood with which it is crossed, gives healthy, perfect foliage and a strong climbing habit of growth; the abundant bloom being in prime before the June show of the bush type. 1-year, 20c; 2-year, 50c; X-tra size, 75c.

x Baltimore Belle. Pale blush, variegated carmine-rose and white; very double; flowers in beautiful clusters, the whole plant appearing a perfect mass of bloom; one of the best Climbing Roses. 1-year, 15c; 2-year, 25c; X-tra size, 35c.

x Crimson Rambler. The most popular Climbing Rose; clusters of the brightest crimson, semi-double flowers. Large 2-year, 30c; X-tra size, 50c.

x Dorothy Perkins. A Climbing Rose, which is strong, vigorous growth and general habit, very closely approaches the popular Crimson Rambler; its flowers, which are borne in clusters, are of a beautiful shell pink, full, double, and of large size for a Cluster Rose, and deliciously scented. 1-year, 15 cents; 2-year, 30 cents; X-tra size, 50 cents.

x White Dorothy. Brilliant green foliage of splendid texture and free from mildew, flowers are a glistening white and borne in great trusses. 1-year, 20 cents; 2-year, 35 cents; X-tra size, 60 cents.

x Excelsa. A splendid Climbing Rose, remarkable in many ways but particularly in the brilliant fiery red or intense crimson-scarlet flowers, which are very double and borne in trusses of thirty to forty. 1-year, 20 cents; 2-year, 35 cents; X-tra size, 60c.

x Empress of China. Soft dark red, changing to light pink, like an apple blossom. Splendid hardy Climbing Rose. 1-year, 15 cents; 2-year, 30 cents; X-tra size, 40 cents.

x Flower of Fairfield. The Everblooming Crimson Rambler; brilliant, crimson clusters of flowers. 1-year, 20 cents; 2-year, 40 cents.

x Lady Gay. A seedling of the popular Crimson Rambler, which it closely resembles in habit and vigor of growth, but with flowers of a delicate cherry-pink, fading to a soft-tinted white. 1-year, 15 cents; 2-year, 30 cents; X-tra size, 50 cents.

x Miss G. Mesman (Climbing Baby Rambler.) A grand acquisition to the list of Climbers. A strong grower and produces large, compact clusters of bright carmine flowers continuously from June until frost. An easy grower and very valuable for porches, arches, etc. Large 2-year old plants, 50 cents.

x Philadelphia Rambler. Flowers produced in grand clusters; pure, deep crimson; brighter than any of this class, holds color to the last; handsome foliage; blooms early and bountifully. 1-year, 15 cents; 2-year, 35 cents; X-tra size, 50 cents.

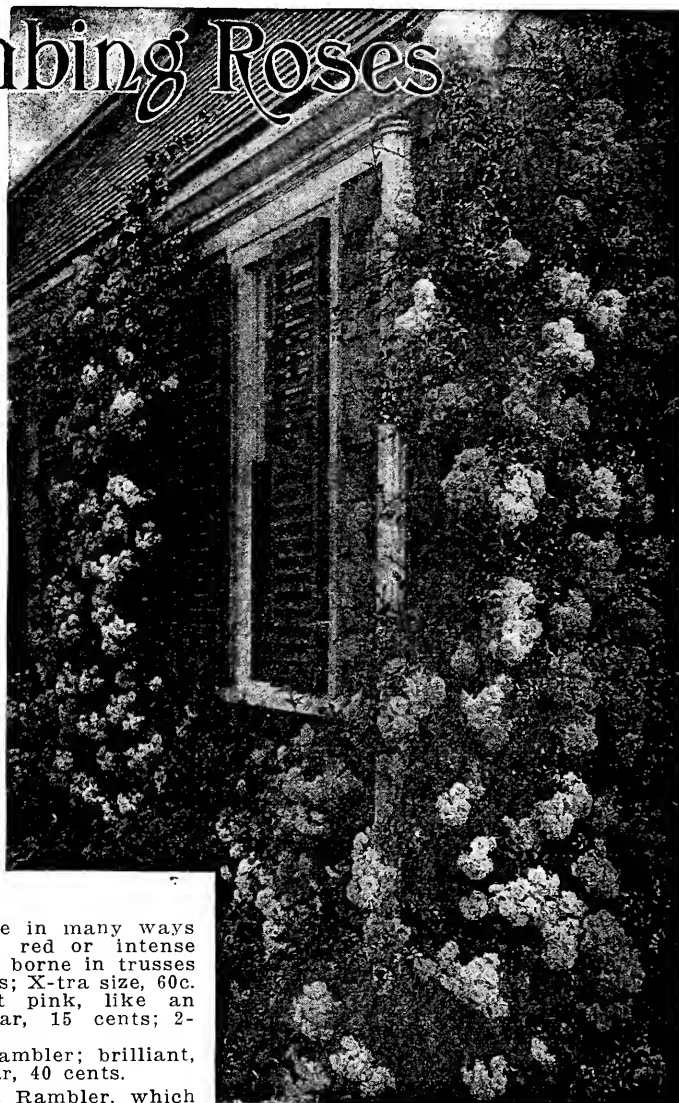

x Prairie Queen. An old standard variety, and one that will be popular. No collection of hardy Climbing Roses is complete without it. Bright, rosy red, large, compact, and globular flowers, 1-year 20 cents; 2-year, 35 cents; X-tra size, 50 cents.

x Veilchenblau. (Blue Climbing Rose) It has always been the florist's ideal to cultivate a blue rose, and we are now in a position to offer such a variety. It has glossy, green foliage, a strong grower and producing steel blue flowers, 1-year, 20 cents; 2-year, 40 cents; X-tra, 60 cents.

x Russell's Cottage. Dark velvety crimson; very double and full; profuse bloomed. 1-year, 15 cents; 2-year, 30c.

x William C. Egan, Splendid pink flowers. A much-sought-for Rose; used for pillars and wherever an extremely hardy Rose is wanted. Fine for hedges. 1-year, 20 cents; 2-year, 40 cents; X-tra size, 60 cents.

x Thousand Beauties. (Tausendschon) (See colored illustration front Cover) The most sensational climbing rose. Imagine a luxuriant rose literally covered with thousands of large double beautiful, bright blossoms and of the most delicate shade of pink. The color might be described as white, delicately flushed pink which changes to rosy carmine. The name is derived from the many colors and the great variation in color. The clusters consist of 10 to 15 blooms and a single cluster is a bouquet in itself, flowering profusely from the beginning of June until the last of July. There is no other rose in cultivation to compare with it, having but few thorns with magnificent foliage free from mildew and absolutely hardy in the open ground everywhere. This variety may also be grown in pots and forced into flower as is done with many of the tender varieties. In short it is the most remarkable rose of its kind in the world. 1-year, 15c; 2-year, 35c; X-tra size, 60c.

Dorothy Perkins

Rugosa Roses.

Special Attention Is Called to Our *Rugosa Rubra*.

The *Rugosa* Roses are especially suited for our Northern climate, owing to their extreme hardiness and sturdy growths. The foliage of these Roses is most beautiful, being a shining, rich, dark green and oddly wrinkled. The blossoms are usually single, but very large and showy, and followed in autumn with a profusion of beautiful orange-red or crimson fruits. The plants do well for seashore planting, mountains, or most anywhere. Excellent for hedges or for planting among shrubbery or hardy borders.

X Conrad Meyer. Its handsome flowers are of a clear, silvery pink color and are deliciously fragrant. Flowers are produced freely and continuously from early summer till fall. 2 year, 35c; X-tra size 50c.

X New Century. A magnificent rose, flowers large and perfectly double. Color, flesh pink with bright red center, petals bordered creamy white. 2-year, 35c; X-tra size, 50 cents.

X *Rugosa Rubra*. Foliage shiny bright green, flowers deep rose, produced in fine, large clusters. Beautiful bright red berries in autumn. Excellent for planting on the lawn with shrubbery or in groups, or used for hedges. Large 2-year, 30 cents; \$3.00 per dozen. 3-year, 40 cents, \$4.00 per dozen. X-tra-size, 60 cents; \$6.00 per dozen.

X Sir Thomas Lipton. We consider it, without exception, the best double white rose in its class; beautiful in foliage; early and constant in bloom. 2-year, 35 cents; X-tra size, 50 cents.

Wichuraina, of Memorial Roses.

The most suitable and satisfactory Roses one can get for covering rough ground, rocks, or stumps. They will climb if trained, or if left alone they creep along the ground as closely as an ivy and make a dense mat of shining dark green foliage.

X Aviateur Bleriot. Saffron-yellow with golden-yellow center; flower in clusters. 1-year, 20c; 2-year 40c. X-tra size, 60c prepaid.

x Hiawatha. There is no other rose so brilliant as the Hiawatha. It must be seen to be appreciated. Flowers are produced in long, pendulous sprays, frequently from 40 to 50 flowers on a spray. Color is brilliant, ruby-carmine, with a clear white eye and a mass of golden stamens. 1-year, 20c; 2-year, 40c; X-tra size, 60c prepaid.

x Manda's Triumph. This grand Rose is of free growth, luxuriant foliage, and produces large clusters of double pure white flowers, two inches in diameter and sweetly scented. 1-year, 15 cents; 2-year, 30 cents; X-tra size, 50 cents.

x Universal Favorite. Flowers very double, of a pretty rose color. 1-year, 20 cents; 2-year, 40 cents. X-tra size, 60c prepaid.

X Dr. W. Van Fleet. A rose which, on account of its dainty color and exquisitely shaped buds and flowers, appeals to everyone. The long pointed buds are of a rich flesh-pink on stems 12 to 18 inches long; splendid for cutting. The plant is of strong, vigorous growth with dark glossy foliage that resists mildew and insects; one of the best and most distinct. 1 year, 25c; 2-year, 40c; X-tra size, 60c prepaid.

X Memorial Rose. Pure shining white with bright golden center; large single blossoms, glossy green leaves. 1-year, 15 cents; 2-year, 35 cents; X-tra size, 50c, prepaid.

Rugosa Rubra Roses

Miscellaneous Roses.

X Rosa Multiflora. One of the handsomest and hardiest of all. Produces countless numbers of single, creamy white, fragrant flowers. The flowers are borne for a period of about six weeks and are succeeded by brilliant red berries. As a decorative winter plant it is as good and hardy as *Berberis Thunbergi*. Excellent for planting among shrubbery, for hedges, etc. 2-year, 25 cents; X-tra size, 50 cents.

X Rosa Setigera. The Prairie Rose. It is of rapid growth, with large, clean foliage. The single flowers of deep rose are produced in masses throughout late June and July. 1-year, 15 cents; 2-year, 25 cents; X-tra size, 50 cents.

Hardy Plants. [Herbaceous Perennials.]

A Formal Planting

The Garden of Hardy Flowers is of gorgeous bloom from earliest spring until frost, glorified by its appropriate flowers from months to month, with new things each day to delight you. Year after year this goes on and the garden increases in beauty and loveliness, practically without any expense other than the first cost. Hardy flowers require less care and attention, are more free from insects and disease, yet producing abundance of beautiful blossoms. Among the Hardy Flowers are found all the old-time favorites and some of the noblest plants that have been dear to our Grandmother's garden, famous in song and story—a fragrant memory of gay sweetness. Hardy Flowers even defy the "melancholy days," for the autumn perennials—the cheerful asters, the dainty Michelmas Daisies, the many new varieties of Phlox of myriad pastel tints. Even after frost there are the gay little hardy chrysanthemums, the "pompon" of Grandmother's day.

Wagner Perennials are strong, splendid plants and include practically everything worth growing in the temperate zone. The vigor, the robust roots of Wagner-grown plants have advertised the merits of Wagner Nurseries in every part of the country.

SPECIAL VARIETIES SUITABLE FOR SHADY PLACES: Achillea, Aegopodium, Anemones, Aquilegias, Aralia, Asters, Baptisa, Campanulas, Coreopsis, Chrysanthemums, Shasta Daisies, Delphinium, Digitalis, Funkias, Hemerocallis, Hibiscus, Iris, all varieties, Lily of the Valley (Convallaria), Lychnis, Rudbeckias, Papaver (Poppies), Primulas, Physostegia, Pentstemon, Pyrethrum, Sedum, Stokesia, Spirea, Violets. All the above varieties will also thrive in sunny, open situations except Anemones, Campanulas, Digitalis, Lily of the Valley, Spirea and Violets.

SPECIAL VARIETIES SUITABLE FOR HOT AND DRY PLACES: Asters, Boltonia, Coreopsis, Cassia, Shasta Daisies, Gaillardia, Eulalia (Hardy Grasses), Hibiscus, Hollyhocks, Helianthus, Hardy Pinks, Liatris, Peonies, Phlox, Pyrethrum, Rudbeckias, Sedum, Stokesia, Tritomas, and Yuccas. The above varieties will also thrive in partial shade. Other varieties not classified above may be used in general plantings.

CULTURAL DIRECTIONS

In reference to the cultivation of hardy plants take care to start right. Remember that the plants are to stand undisturbed for some time and that they may flourish deep cultivation is very essential for many of our best hardy perennials are deep-rooting. Nothing suits them better than to get down to the cool reservoirs of moisture and air spaces during the hot parching months of July and August. The extra trouble of deep cultivation will be amply repaid in the extra quantity and quality of flowers. In addition they will require less attention as to watering etc., especially if we must depend on the natural rainfall. Deep preparation of soil not only allows freedom of root action but also drains the soil in winter and renders it moist in summer.

If the ground where planting is of a very sandy nature it is better to neutralize it by the use of heavy clay loam and with sod, wood ashes or lime applied at the time of preparation is also good as it has a binding effect on the soil. Mulching for this kind of soil is necessary for best success. In summer it prevents too rapid evaporation and provides a constant stimulus. It also acts as a protection in winter.

Plants like mankind cannot endure too much hardship. When they die there is certainly something that has caused it. A great many valuable plants that are sent out perish because of careless planting. No matter how careful we may be in lifting and packing the plants, some of them may be lost through neglect. The secret of success is to have the soil well prepared so that when the plants are received they can be planted without delay. After the planting is done, careful attention should be given to watering, especially if the weather is warm and dry. All hardy plants should have a heavy mulching during the first winter, which is a great protection and assists the plants to become well established.

MULCHING. While mulching plants for winter is very beneficial and with many varieties necessary especially the first winter, many make the mistake by putting the mulch on too early before the plants are well ripened which frequently causes the green growths to decay and will sometimes rot the very crown and heart of plant life or growth. Again this early mulching frequently starts new growths owing to the heat of the mulch which are killed when hard freezing sets in. For best success do not mulch heavily until the ground is thoroughly frozen when the covering or mulch will keep the soil of an even temperature throughout the entire winter and when removed in spring the new growths will readily start fresh and vigorous, producing healthy, sturdy stalks and flowers.

Abbreviations: Letters D., M. and T. immediately following the name of varieties indicate the height of the various kinds when fully matured, viz.: (D) indicates height from 6 to 15 inches, plant these varieties from 6 to 15 inches apart. (M.) indicates height from 15 to 36 inches, plant these varieties 12 to 30 inches apart. (T.) indicates height from 36 to 60 inches, plant these varieties from 30 to 48 inches apart. There is no set rule as to distance for planting the various varieties. That is a matter of taste for some prefer heavy mass effects, requiring close planting while more open effects requires planting farther apart. We give the two extremes as to distance but one may deviate from this rule, planting closer or farther as desired.

Hardy Plants.

ACHILLEA Boule de Neige. (Ball of Snow.) (D) Hardy herbaceous plant of easy culture. They are of dwarf growth and excellent for edging to other tall growing perennials. The flowers of this variety are perfectly double and pure white. Thrifty plants, 10 cents, large size 20c; heavy clumps 35c. See dozen prices below.

Roseum. (D) June and July. Red flowers produced in profusion for a long season.

The Pearl. (See cut) (M) June to Oct. This is one of the most beautiful and useful perennials we grow. It is of a low spreading character with pure white flowers, perfectly double, and produced in large sprays. Fine for cutting.

ACONITUM Napellus. (M) June, July. Dark blue. Large thrifty plants 20 cents; large size, 35 cents; extra heavy clumps, 50 cents.

Napellus Albus. (M) June, July. White flowers. Large thrifty plants, 20c; large size, 35c; heavy clumps, 50c.

AEGOPODIUM (Goutweed) **Variegata.** (D) A rapid growing plant, with neat variegated foliage, thriving in any soil; makes a fine border for a bed of shrubs or for covering waste or barren spots. \$1.00 per dozen; \$5.00 per 100, prepaid; extra heavy clumps, 25 cents; \$2.50 per dozen.

ANEMONES. (See cut) Japanese Wind Flower.) These beautiful plants are one of the most desirable of all hardy plants on account of their continuation of bloom from early August until cut down by hard frost. All are excellent for cutting, lasting in good condition for many days. They can be used in solid beds or clumps in the hardy border.

Japonica Alba. Large, pure white, very fine, on long stems.

Whirlwind. Semi-double pure white, very fine. 15c each, \$1.00 per dozen, prepaid; large plants, 20 cents; \$2.00 per dozen; extra heavy clumps, 50 cents; \$5.00 per dozen.

Queen Charlotte. Beautiful La France pink, a delicate shade. Nice thrifty plants, 20c; large size, 35c; extra heavy clumps, 50c each. See dozen prices below.

ANTHEMIS. Tinctotia. (Golden Marguerite.) (M) June to Sept. Golden yellow, one to two inches; sun or shade. Border planting and cutting.

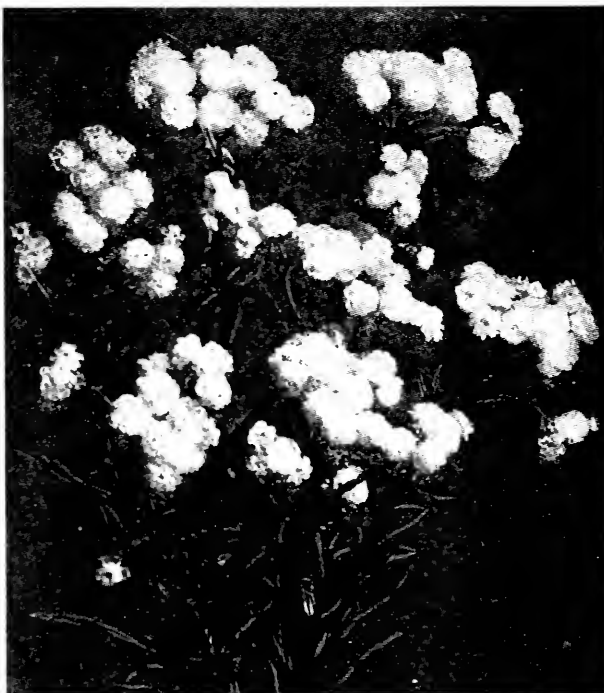

AQUILEGIAS. Aquilegias or Columbines are extremely beautiful and a collection of them should be a feature in every garden.

Chrysantha. (M) May to July. The beautiful golden-spurred "Columbine." Flowers golden yellow.

Nivea Grandiflora. A fine pure white sort.

Coerulea. (M) May and June. Bright blue flowers.

Hybrids. Long spurred, various colors, a fine mixture.

Achillea The Pearl

ARALIA Cordata. (M) Strikingly handsome foliage. Nice thrifty plants 25c; large plants, 35c; extra large, 50c.

ASTER Tartarica. An exceptionally fine Aster for the hardy border, owing to its lateness to bloom. Green foliage all summer, and in fall a mass of bright purple flowers produced on long stems. \$1.00 per dozen; \$6.00 per 100, prepaid; large clumps, 20c; \$2.00 per doz.; extra heavy clumps, 35c; \$3.50 per dozen.

BAPTISIA Australis. Handsome, dark green, fern-like foliage; excellent for the hardy border or wild garden. Flowers are pea-shaped, and bright blue. The Baptisia withstands drought exceedingly well. Pure white; very effective.

BOLTONIA. Asteroides. (T) Thrifty plants, \$1.00 per dozen, prepaid; large size, 20c; \$2.00 per dozen; heavy clumps, 50c; \$5.00 per dozen.

BOCCONIA. Cordata. (T) A noble hardy perennial, beautiful in foliage and flowers. Flowers in terminal panicles of a creamy white color.

CASSIA Marilandica. (American Senna) (M) July to Aug. Blooms in large panicles of bright yellow. A very distinct and effective hardy plant.

CAMPANULA. (Bluebells) A most elegant and useful species of plant especially desirable for rockery and edging.

Carpatica. (D) June. This forms neat, compact tufts, covered with large, erect, blue flowers; useful as an edging, bedding or border plant. Nice thrifty plants, 15c. Prepaid.

Carpatica Alba. (D) June. Similar to above, but with pure white flowers. Nice thrifty plants, 15c prepaid. Clumps, 35c.

Persicifolia. (M) June, July. Blue, salver-shaped flowers on stems 1½ to 2 feet high. Nice thrifty plants, 15c, prepaid.

Persicifolia Alba. White flowers. Nice thrifty plants, 15c prepaid. Clumps 35c.

Pyramidalis. (T) August, September. The most conspicuous of all Campanulas and an attractive plant for the herbaceous border. Salver-like blue flowers. Nice thrifty plants, 15c, prepaid. See dozen prices below.

Anemones

PRICES ALL VARIETIES on this page except where otherwise noted, nice thrifty young stock, well rooted, 15 cents each; \$1.50 per dozen. SENT PREPAID. Twelve plants of those varieties otherwise priced will be supplied at price of ten.

ALL VARIETIES on this page in large size plants, 25 cents each; \$2.50 per dozen. In extra heavy clumps, 50 cents each; \$5.00 per dozen. Twelve plants of those varieties otherwise priced will be supplied at price ten.

COREOPSIS LANCEOLATA GRANDIFLORA. (See cut) Another gem among hardy plants and has grown in favor every season. It begins to flower in June, its main crop of flowers coming during the latter part of that month, but continues in bloom more or less throughout the season. The flowers, which are of a golden yellow, are of a graceful form and invaluable for cutting purposes. This plant will take care of itself, and succeed in any position. Nice thrifty plants, 15c, \$1.00 per dozen, **prepaid**. Larger plants 20c; \$2.00 per dozen. Heavy clumps 35c; \$3.50 per dozen.

Hardy Chrysanthemums.

Many are the lovely flowers that give a succession of beauty throughout the summer day, but when fall comes we have still the best in reserve, notably old-fashioned and really hardy Chrysanthemums. Their blooming period is from August to November. Height 18 to 36 inches.

Globe d'Or. Golden yellow, a large, handsome, full flower. Thrifty plants 15c.

Eage De Or. Medium size, yellow flower, fully double and of fine form. Thrifty plants, 15c.

Godfinch. Heavy clusters of bloom, color gold and bronze. Thrifty plants 15c, larger size 25c.

Orange Beauty. Semi-double, orange-yellow center of petals shading to a deep orange; medium size flower. Thrifty plants 15c, larger size 25c.

Climax. Large flower, light pink shaded to rose; very early and free flowering. Thrifty plants 15c. Large size 25c.

Coreopsis Lanceolata

Grandmother's Hardy Garden Mums

These are the old-fashioned Chrysanthemums that were so highly prized in the garden corners and alongside the house of "grandmother's home."

We offer the **White, Pink, Red and Yellow** separate colors. 15 cents each, \$1.50 per dozen, **prepaid**. Larger plants 25c, \$2.50 per dozen.

5 BEAUTIFUL, HARDY CHRYSANTHEMUMS

One Each of the Five Varieties \$1.00 Prepaid.

These five varieties are novelties and are distinct, no two colors alike, each a decided gem and will give perfect satisfaction

Model of Perfection. Fine, pure white, of large size, free to bloom. 20c; larger plants, 35c, **prepaid**...

President. Rich, reddish violet. Medium size flowers, free bloomer, 20c. Larger plants, 35c, **prepaid**.

Little Beauty. Dwarf grower and usually comes into flower in August and continues until late fall; color white, suffused with rose pink; should be in every collection. 25c. Larger plants 50c **prepaid**.

Hiawatha. Clusters of small but very beautiful bronzy-red flowers; very free blooming 20c. Larger plants, 35c **prepaid**.

Matchless. Yellow striped with pink, large semi-double flowers, medium size flowers but free bloomer. 25c. Large plants 40c, **prepaid**.

Special Offer \$1.50 Prepaid.

One each of the five Beautiful Chrysanthemums in larger size plants, \$1.50. These plants will produce good effects this season.

Wagner Shasta Daisies. These are universally popular for outdoor planting, and considering their many good qualities there is no cause for surprise to see them planted so extensively. The flowers are of the purest, glistening white, of enormous size and produced on long, stiff, wiry stems, which make them excellent for cutting purposes.

DIANTHUS. Barbatus. (Sweet William) (D) This fine old plant produces its flowers in great masses and are very lasting; also fine for cutting purposes. We offer them in the finest of mixed colors.

DICTAMNUS. Fraxinella. (M) June, July. Curious red flowers.

Shasta Daisies

PRICES ALL VARIETIES on this page except where otherwise noted, nice thrifty young stock, well rooted, 15 cents each; \$1.50 per dozen. **SENT PREPAID.** Twelve plants of those varieties otherwise priced will be supplied at the price of ten.

ALL VARIETIES on this page in large size plants, 25 cents each; \$2.50 per dozen; \$15.00 per 100. In extra heavy clumps, 50 cents each; \$5.00 per dozen. Twelve plants of those varieties otherwise priced will be supplied at the price of ten.

Hardy Plants.

DELPHINIUMS. English. (See colored illustration inside front cover) (Perennial Larkspurs.) As permanent subjects in the hardy flower garden, we have few plants more worthy of special attention than the Delphinium (Larkspurs.) For producing a striking display over a long season, they are probably unique. For general effect in groups or beds they are extremely valuable as a whole, but one is easily carried away on closer inspection by the exquisite beauty of their flowers. Indeed they have many points of excellence, any one of which alone should entitle them to popularity. But to appreciate their beauty one should see them growing, for it is almost impossible to convey anything like an adequate idea of their worth by mere description. The Delphinium of today is one of the most beautiful of all flowers.

This collection includes practically all shades of blue. We offer mixed colors. 15c, \$1.00 per dozen; \$7.00 per 100, prepaid. Large plants, 25c; \$2.50 per dozen.

Belladonna. (M) The clear turquoise-blue of its flowers is not equalled for delicacy and beauty by any other flower. Thrifty plants 15c, \$1.50 per dozen, prepaid.

Formosum. (M) June to August. The flowers are intense, deep blue. Thrifty plants 15c; \$1.50 per dozen, prepaid.

DIGITALIS. (Foxglove) These are among the most satisfactory of the early summer-flowering, hardy perennials, succeeding under almost all conditions.

Gloxiniaeflora. (See Cut) (M) July and August. This strain embraces a wide range of color, from pure white to deep pink.

Ambigua, or Grandiflora. Showy flowers of pale yellow.

ERYNGIUM Planum. (M) July, Sept. Light steel blue flowers.

FUNKIA. Plantain Lily. (D) The Plantain Lilies are among the easiest plants to manage. Their broad massive foliage makes them attractive subjects for the border even when not in flower; they deserve extensive cultivation.

Cordata. Waxy white flowers. 25c; clumps 50c.

Coerulea. Their broad, massive foliage makes them attractive subjects for the hardy border, even when not in flower. Very desirable for shady locations.

Undulata Media Variegata. Striped foliage, purple flowers. Large plants 25c; clumps 50c.

Digitalis.

FUNKIA Ovata. Blue flowers. Large handsome foliage.

Glaucia. Large, glaucous-green foliage, lilac flowers. Large plants 25c; clumps 50c.

Aurea. (D) Variegated creamy yellow and green foliage. Large plants 35c; clumps 75c.

Sinensis. (D) White tinged blue flowers, green foliage. Large plants 25c; clumps, 50c.

GAILLARDIA Grandiflora. (See cut) (D) June to Oct. One of the showiest and most effective hardy plants. They will thrive in almost any soil or position, but respond freely to liberal feeding. The flowers are of gorgeous coloring and very large, from 2 to 3 inches in diameter, and are produced on long stems. The center is a dark red-brown, while the petals are variously marked with rings of brilliant scarlet crimson, orange, and vermillion, and often a combination of all these colors in one flower. It is excellent for cutting.

HELIANTHUS. Mollis. (T) Aug., Sept. Single lemon-yellow flowers. **Maximilliana.** (T) Sept. to Nov. A most graceful single flowering variety; the flowers are produced in long, graceful sprays, which make it invaluable for cutting purposes. The foliage is beautiful, and remains green until late frosts.

HELIOPSIS. Pitcherianus. (M) June to Oct. A desirable variety. The flowers are of a beautiful, deep golden-yellow color.

HEUCHERA. Sanguinea. (D) July. One of the best perennials of recent introduction. Flowers various shades of red, pink and bright crimson.

HARDY FERNS. Excellent for planting in shady places or for rockery. **Broadleaf.** Finely dissected fronds. **Evergreen.** Deep green fronds. **Maidenhair.** One of the finest. **Sword.** One of the tallest.

IBERIS Gibraltarica. April to June. White flowers, fine for edging.

Gaillardias

PRICES ALL VARIETIES on this page except where otherwise noted, nice thrifty young stock well rooted, 15 cents each; \$1.50 per dozen. SENT PREPAID.

ALL VARIETIES on this page except as otherwise noted, in large size plants, 25 cents each; \$2.50 per dozen; \$15.00 per 100. In extra heavy clumps, 50 cents each; \$5.00 per dozen. Twelve plants of those varieties otherwise priced will be supplied at price of ten.

Hardy Ornamental Grasses.

Hardy Grasses Impart a Degree of Tropical Brilliance to the Landscape.

For ornamental purposes, such as hedging, planting in clumps to hide an unsightly object, or singly on the lawn, these grasses are strikingly original in effect and impart a degree of tropical brilliance to the landscape. The clumps enlarge in size yearly, each season's growth dying to the ground every winter, but is supplanted by newer, denser, and more vigorous increase. In the fall the grass may be cut and utilized for the winter protection of tender plants and roses. The plumes which these grasses produce are large and beautiful, having a feathery appearance, and may be used for interior decoration. Absolutely hardy. All our plants are propagated from the root and hence more valuable than seedlings, which do not come true.

Few people are aware of the many ornamental grasses there are, and the extremely beautiful effects to be derived from them. They are invaluable for intermingling in the herbaceous border, where they impart a light and graceful effect. They will thrive under the shade of large trees and make handsome specimens on the lawn. Being moisture loving also, they are excellent subjects for the water-side planting, and for all other purposes which their graceful forms suggest.

EULALIA Japonica Variegata. A standard old sort of distinctive value. Blades are striped lengthwise in a handsome manner, being a combination of creamy white in the center with a broad margin of bright green. Plumes are very beautiful.

Gracillima. This grand variety of Eulalia forms exceedingly handsome clumps 4 to 5 feet high, which are hardy in all parts of the country. The graceful narrow foliage is beautiful, shining green with mid-rib of silvery white. We strongly recommend this superb ornamental plant.

Japonica Zebrina. This fine ornamental grass is the finest of all Eulalias for single lawn specimens or clumping. Grows 4 to 6 feet high. The leaf blades are deep green, distinctly striped crosswise with large bars of pure white. We had on our trial grounds on November 1, thousands of Japonica Zebrina with 50 to 100 plums on single clumps.

Japonica. One of the most beautiful of the tall-growing grasses. Bright green foliage and unusually long flower plumes.

ARNUDA DONAX Variegata. A beautiful variety growing to a height of 6 to 8 feet. The leaves are of a glossy white always predominating for planting masses in a conspicuous place or for adding color to a bed of ornamental grasses, it is indispensable, and no collection of hardy grasses ought to be without it. 50 cents. Clumps \$1.00 each.

PHALARIS. Arundinacea Variegata. (Ribbon Grass.) An excellent variegated foliage variety, very desirable for bordering large beds of other ornamental grasses. Thrifty plants, \$1.00 per dozen, **prepaid**. Large size plants 20c, \$2.00 per dozen; clumps, 35c, \$3.50 per dozen. Extra heavy specimen clumps, 50c, \$5.00 per dozen.

PRICES OF EULALIAS: Nice thrifty plants 15c, \$1.50 per dozen, **Prepaid**. Large size plants 25c, \$2.50 per dozen. Clumps 50c, \$5.00 per dozen. Extra heavy specimen clumps \$1.00 each, \$10.00 per dozen.

Special Offer Hardy Ornamental Grasses.

These will make beautiful Specimen Clumps or an attractive large bed if grouped together.

These plants may also be used to intermingle with shrubs and other hardy plants in the hardy borders.

Day Lilies. Hemerocallis.

One of the most beautiful and popular of our garden perennials. The foliage is narrow, grasslike, and remarkably free from insect enemies. These plants are so hardy that they need no protection over winter, even in the severest climates. They possess a constitution equal to that of Golden Glow. The flowers resemble the famous Easter Lilies. The blossoms are excellent for cutting, lasting long while and the most backward buds will open when in water.

The culture of these plants is very simple as they thrive in almost any kind of soil, but the most luxuriant growth and profusion of blossoms may be had when planted in a shady, moist location. Our stock of Hemerocallis is field grown and can be depended upon to be the truest grown. Certainly no perennial is more worthy of cultivation and none more satisfactory. For massing or planting in the hardy border with other varieties of plants or shrubs is unrivaled.

Day Lilies

Disticha fl. pl. (M) Broad foliage of good height. A late blooming variety. Flowers are double orange yellow shaded copper.

Dumortieri. (Japanese Day Lily) (D) A dwarf growing variety and of the earliest to bloom. Flowers a rich candidum yellow, reverse of petals bronzy orange.

Flava. (Lemon Lily) (M) Gracefully arching leaves and fragrant, clear yellow flowers on long stems. Strong roots 25c, large size 35c, clumps 50c, see dozen price below.

Fulva. (European Day Lily) (M) A variety of the easiest culture. Flowers bronzy orange color. Strong roots 10 cents, large size 20c, extra heavy clumps 35c; see dozen prices below.

Gold Dust. (D) Flowers bright Indian-yellow, buds and reverse of petals bronzy-gold.

Apricot. (D) A splendid new hybrid variety of good growth. Flowers are a rich apricot shade, a color seldom seen among plants.

Kwanso. Flore Pleno. This variety is equal to the Thunbergii in hardiness and luxuriant growth. The foliage is slightly broader and of a good color. Blossoms are borne on long stiff stems and are of orange-yellow color. Its flowering period is during June and July. An excellent variety in every way.

Luteola. (M) A magnificent new hybrid combining the floriferous characteristics of Thunbergii. The long-tubed, half-reflexed, bright golden yellow flowers are borne on tall branching stems, each flower very large and are produced continuously throughout the summer.

Middendorffii. (M) This variety is a native of Siberia and Japan. The blossoms are golden yellow and are fragrant.

Sweet Scented Day Lily.

Hemerocallis Thunbergii.

This beautiful variety possesses all the desirable features of the Hemerocallis and equal to any of the varieties in hardiness and vigorous growth. The blossoms are pure yellow and sweetly scented and produced on long stems. It blooms so freely it would be practical to class it among the ever-blooming plants, for the handsome blossoms may be seen from early June to late summer. The finest and best of all.

PRICES all above varieties except when otherwise noted, strong roots 15c each, \$1.50 per dozen, sent prepaid. Larger size 25c each, \$2.00 per dozen. Extra heavy clumps 50c each, \$5.00 per dozen. Twelve plants of other varieties listed above will be shipped at the price of ten.

THE IRIS.

The millionaire may enjoy his hot house orchids, but nature has placed within the reach of everyone an absolutely hardy substitute, "The Iris." Mysterious as the opal with its ever-changing fire. More beautiful than the orchid so fragile as to be crushed by the slightest pressure.

Orris Root—Iris Florentina

FLORENTINA. (Orris Root) (See Illustration). Flowers large size and very fragrant; color white tinged with blue, and of the earliest to come into bloom. Strong roots 15c, large size 25c, extra heavy clumps 50c.

The Iris requires but little care and many rivaling the rose for fragrance. Our grandmothers grew them and called them "Flags", but the Irises they knew were only the humble fore-runners of the magnificent flowers of today. The beauty of the Iris is proverbial; the very name refers us to the rainbow and the eye too of nature's most beautiful objects.

Lovers of beauty impressed by the wonderful grace and colors of the favorites of the old gardens have improved them constantly until now the range of color and the size of the blooms are marvelous. Irises flourish and flower exceedingly in any ordinary soil, however, they delight in well rotted manure and deep rich soil. Many are very thirsty subjects and adorn the margins of ponds and streams. Once planted they spread and increase in beauty and luxuriance year after year. A mass of flowers of one variety gives an effect long to be remembered.

ATROPURPUREA. Deep purple, large and fine. Strong roots 10c, large size 25c, extra heavy clumps 50c.

ALVELREA. Upright petals light blue, falls brilliant purple. Strong roots 20c, large size 35c, extra heavy clumps 50c.

AUREA. Solid chrome yellow, no markings. Strong roots 15c, large size 25c, extra heavy clumps 50c.

BLACK PRINCE. Early, rich royal purple. Strong roots 35c, large size 50c.

BRIDESMAID. (M) A soft lavender, falls penciled carmine. Strong roots 15c, large size 30c, extra heavy clumps 50c.

CALIFORNIA. Fine, bright sunflower yellow. Strong roots 50c, large size 75c, extra heavy clumps \$1.00.

CALYPSO. Pale blue, veined white and pale lilac. Strong roots 15c, large size 25c, extra heavy clumps 50c.

COMPTE DE ST CLAIR. (M) Deep violet. A fine variety. Strong roots 15c, large size 25c, extra heavy clumps 50c.

DONNA MARIE. (M) Center petals pearly white, outside petals shaded lilac. Strong roots 20c, large size 35c, extra heavy clumps 50c.

FAIRY. Standards pale blue, falls deep blue. Strong roots 50c.

FLAVESCENS. Light primrose yellow, very large, fine flower and remarkably free blooming. Strong roots 15c, large size 25c, extra heavy clumps 50c.

FRAGRANS. Stands white, edged blue, falls white, blue veined. Strong roots 20c, large size 35c, extra heavy clumps 50c.

GERTRUDE. Beautiful violet blue, a solid color. Strong roots 35c.

GLADSTONE. Erect petals, white tinged violet, drooping petals deep violet, almost a solid color with white stripes at base of petals. Strong roots 15c, large size 25c, extra heavy clumps 50c.

GRACCHUS. Erect petals lemon; drooping petals pale yellow reticulated purple; dwarf compact growing. Strong roots 15c, large size 25c, extra heavy clumps 50c.

HARLEQUIN. (M) An Orchid-like flower, stands pearly white with purple spots, falls heavily striped with deep purple. Strong roots 35c, large size 50c.

HONORABILIS. Stands golden yellow, falls crimson brown. Strong roots 25c, large size 50c.

JOHN DEWITT. Stands bluish violet, falls deep violet purple. Strong roots 25c, large size 50c.

KHARPUT. Standards violet; falls velvety violet purple; very large, handsome flower. Strong roots 35c.

PRICES OF ABOVE IRIS IN QUANTITIES: Six plants of any one variety at five times the single rate price. Twelve plants of any one variety at ten times the single rate price. Special prices on 100 and 1,000 lots.

Miscellaneous Iris.

There is a peculiar charm about the various Iris that appeals irresistibly to those whose taste for the refined and delicately beautiful leads them to seek a close acquaintance with it. The rare beauty of its soft coloring, and its frail, orchid-like formation, is likely to pass unnoticed by the careless observer, but to him who stops to gaze into the depths of the Iris flower and comes under its magic spell, a new world is opened, for an Iris garden is a floral world by itself.

Especially Fine and Distinct Iris.

DELIVERED FREE—Anywhere in the United States.
Every plant dug from our Iris Fields

SIBERIAN IRIS—(See Illustration)

The most elegant and delicate of the Iris, foliage narrow, grass-like with flower stems long and blossoms a clear blue. A very free-flowering variety, and one of the best for cutting owing to its long stems.

IRIS BLUE KING

One of the most beautiful of the Iris and a native of Japan. The blossoms are borne on tall erect stalks and are a bright clear blue in color. Foliage is narrow grass-like and remains green throughout the summer. See prices below.

IRIS PUMILA

Dwarfest Grower Earliest to Bloom

This variety blooms in April, coming at a time when few outdoor plants are in flower. It is of very dwarf compact growth and makes a fine edging plant. The foliage is a beautiful green and seldom attains a height greater than 6 to 8 inches. The flowers are freely produced and in color is a rich royal purple. Plant them freely—you will not be disappointed. See prices below.

WAGNER'S SNOW WHITE IRIS—GIGANTEA

A grand, tall, strong, vigorous grower, producing thick, heavy dark green foliage and grows very erect. The foliage remains green all season and contrasts finely with shrubs and other plants. The large, pure snow-white blossoms have a waxy appearance and are freely produced.

This variety flowers later than the Germanica, coming into bloom during June; just ahead of the famous Japanese A variety unsurpassed for cutting and is of the easiest culture; will grow and thrive in any ordinary soil. Plant them now and obtain their full effect for next season. See prices below.

ORCHID IRIS. (Pseudacorus)

Rare and beautiful indeed is this variety owing to its habits, form and color of its flowers. It is a healthy, robust grower, growth upright, and flowers on strong, stiff stems. Flowers are pure yellow, a color rarely seen among Irises. Excellent for planting in low, wet soil and marshy places. Will also do fine on high ground among shrubbery and perennial borders. Blooms in May and June. Height 2½ feet. See prices below.

Siberian Iris, Unusually Desirable for Cutting
Owing to Its Long Stems.

Home Grown Lilies. America's Production.

Lilies Are Found in the Little Country Dooryard As Well As the Millionaire's Flower Garden.

The Lilies are a splendid class of flowers beyond description and yet comparatively unknown. Their nodding flowers add beauty to the simplest little garden, while rich colors and the sweet perfume brings everyone to marvel at their purity and loveliness.

Best of all, they are a permanent addition to the flower garden, as they are hardy and increase and improve year after year. No one need hesitate planting them as they are of easiest culture and the best for general planting. Plant them in your hardy borders, alongside the house, or most anywhere, and they will surely give you great satisfaction. They love shade and thrive where many other plants will not grow. In planting, cover the bulbs at least three times their own depth.

Batemanni. Three to four feet. Flowers of reddish orange color. Blooms in July or Aug. Nice bulbs 15 cents each; \$1.50 per dozen; extra select bulbs 20 cents each; \$2.00 per dozen.

Elegans. Bright red flushed, very showy and large. Nice bulbs 15 cents each; \$1.25 per dozen; \$9.00 per 100; extra select bulbs 20 cents each; \$1.75 per dozen.

Tigrinum, fl. pl. (Double Lily) Four to five feet, bearing an immense number of double bright orange-red flowers, spotted black. Nice bulbs 10 cents each; \$1.00 per dozen; \$7.50 per 100; extra select bulbs 15 cents each; \$1.50 per dozen.

Tigrinum Splendens. Single Tiger Lily. Nice bulbs 10 cents each; \$1.00 per dozen; \$7.50 per 100; extra select bulbs 15 cents; \$1.50 per dozen.

Speciosum Album. Large, perfect and beautiful. Frosted white, with a tinge of buff at the top of petals. Nice bulbs 25 cents each; \$2.50 per dozen; extra select bulbs 30 cents each; \$2.50 per dozen.

Rubrum. Deep rose, freely spotted crimson and mottled white. Nice bulbs 20 cents each; \$2.00 per dozen; extra select bulbs 25 cents each; \$2.50 per dozen.

Special Offer Lilies.

- 1 Liliun Speciosum Rubum
- 1 Lily of the Valley
- 2 Montbretias

Nice Bulbs \$1.00, **prepaid.**

Extra Select Bulbs,
\$1.50. **Prepaid.**

The above collection of select bulbs including 1 Liliun
Myriophyllum, \$2.25.

MONTBRETIA

New and Most Beautiful Fragrant, Hardy White Lily, Lilium Myriophyllum (Regal Lily.)

This variety we consider the finest of all Lilies. Not only on account of its large white fragrant flowers, but owing to its extreme hardiness and easy culture. It is absolutely hardy in all localities. May also be used for forcing being predicted to become the Easter Lily of the future. The flowers are very large, white and slightly suffused with pink, with a beautiful shade of canary yellow at extreme base in center. Delightfully perfumed reminding one of the Jassamine. Blooms early in July.

Large blooming size bulbs \$1.00 each; \$10.00 per dozen.

Extra large select bulbs \$1.25 each; \$12.00 per dozen.

LILY OF THE VALLEY. (Convallari)

A well known and universally admired spring flowering plant, bearing bell-shaped flowers, freely produced and powerfully fragrant. To grow in open ground select a partly shaded rather moist situation, and they are charming when grown in large patches as their handsome green leaves and lovely sprays of flowers make a beautiful effect. When once planted and established the crowns increase in number and the larger ones flower each year without attention. 15 cents; \$1.00 per dozen, **prepaid.** Larger size, 25 cents each; \$2.50 per dozen. Extra heavy clumps 50c each.

MONTBRETIAS (See Cut)

The Montbretias are one of the brightest and best of summer-flowering bulbs, and it has been a matter of wonder to many why they are not more generally used. We feel sure that if once tried they would become firm favorites. The bulbs should be planted from April to June in groups of three to a dozen or more, 4 to 5 inches apart. They are hardy, and once planted can be left to care for themselves. In growth they resemble the Gladioli, and produce spikes of the most brilliant flowers in the various shades of orange and yellow.

CROCOSMIAEFLOA. Deep golden orange; fine, nice bulbs 35c per dozen, **prepaid.**

ETOILE DE FEU. Bright vermillion; yellow center. Nice bulbs 35c per dozen. Select bulbs 50c per dozen, **prepaid.**

Hollyhocks Are Oldtime Favorites.

These handsome showy plants are great favorites. Their unique growth gives them a welcome everywhere. As a background in large borders or beds of the lower herbaceous plants there is nothing better. For planting in rows or groups on the lawn, or interspersing among shrubs, they are invaluable. Our stock consists of fine, well grown field plants, ready to bloom this year. Their flowers are large, double, handsome in form as a camellia.

NEW MAMMOTH ALLEGHENY. This is a decided improvement in more than one particular over the old-fashioned variety. Its first point of merit is the fine transparent, fringed chrysanthemum shaped flowers which look as though they were made of crushed silk. The flowers are single and in great variety of color. Nice roots 20 cents, \$2.00 per dozen, **prepaid**. Large size 25 cents, \$3.50 per dozen.

Double. Their flowers are large, fully double, handsome in form, and lively shades of color. Double white, pink, crimson, and yellow mixed colors. Nice roots 15 cents, \$1.50 per dozen **prepaid**. Large size 35 cents, \$3.50 per doz.

Wagner's Double Pink Beauty. (See illustration rear cover.) This variety is indeed a beauty and distinct from all other. Flowers are borne on tall, upright stalks and are of a most pleasing shade of soft pink and perfectly double. Nice roots 20 cents each, \$2.00 per doz., **prepaid**. Large size roots 35 cents, \$3.50 per dozen. Extra large roots 50 cents, \$5.00 per dozen.

Liatris.

Spicata. (T) July to September. One of the most showy and attractive native plants, producing large spikes of deep purple flowers. 15 cents, \$1.50 per dozen. Larger size 25 cents, \$2.50 per dozen.

Lupinus. (Tree Lupine.)

POLYPHYLIUS. (M). One of the handsomest of hardy plants with fine flowers tipped with white. Strong plants 20 cents, \$2.00 per dozen.

White. (M) A fine white flowered variety, 25c, \$2.50 per dozen.

Blue. (M) A good violet-blue. Most beautiful variety. Nice plants 20c, \$2.00 per dozen.

Rose. (M) A pretty rosy-pink. Handsome large spikes of bloom. 25 cents; \$2.50 per dozen.

Moreheimi. (M) Beautiful dark blue, most showy of all, 25c; \$2.50 per doz.

Lychnis. Chalcedonica.

Special Offer Hollyhocks.

1 Allegheny	} Nice roots 50c.
1 Double Variety	
1 Pink Beauty	
See Colored Illustration rear Cover.	

Lychnis.

CHALCEDONICA. Nothing in hardy plant line gives such a fine display of bloom. Should be planted in every garden. A strong, vigorous grower, making large clumps of almost evergreen foliage. Comes into bloom in early June and continues six weeks or more. Its flowers are bright crimson, useful for cut flowers. Without doubt the finest red-flowering hardy perennial. 15 cents each, \$1.50 per dozen, **prepaid**. Large plants 25 cents each, \$2.50 per dozen. Extra heavy clumps 50 cents, \$5.00 per dozen.

Wagner Park Mallows. (Hibiscus)

These Mallows are considered as the most marvelous of all hardy plants. Their flowers are of enormous size, often measuring eight to ten inches across, and are gorgeous in color. They bloom in greatest profusion from July to October, and when in flower are a sight to behold. The plants are as hardy as an Oak, and will grow in most any soil or situation. Do not fail to include some of these in your order. We highly recommend them.

MIXED COLORS. (See Cut) This collection includes a great variety of colors from pure white to dark red and scarlet shades. Every plant will give satisfaction. 15 cents each; \$1.00 per dozen; \$3.00 per 100, **prepaid**. Large size plants, 25 cents each; \$2.50 per dozen. Extra heavy clumps, 50 cents; \$5.00 per dozen.

Wagner Mallows—A Planting of Mixed Colors.

Hardy Plants. (Herbaceous Perennials.)

HARDY GARDEN PINKS. See illustration showing length of stems and size of flowers. These are among the old favorites, easy to grow, once planted they are there to stay, and continue to increase as the years go by. Every one who loves flowers, loves the old-fashioned Pink; graceful habit, delicate colors and sweet clove scent all combine to make it a general favorite. The marked improvement in this plant during the last few years has been something wonderful; instead of small flowers we now have blooms that in size and color are nearly equal to the fancy green-house carnations. For edging a bed of hardy plants they are without a rival, but may be planted in masses with good effect. The varieties we list below we consider the best of their color.

Hardy Pink Lord Lyon

Lord Lyon. Fine, showy, bright pink flowers on long, stiff stems. This variety will give entire satisfaction. Strong plants 10 cents; \$1.00 per dozen, sent prepaid. Large size 25 cents; \$2.50 per dozen. Heavy clumps, 50 cents; \$5.00 per dozen.

Carmen. A strong grower producing fine pink flowers which are fragrant. Strong plants 10c; \$1.00 per dozen, sent prepaid. Large size, 25c; \$2.50 per dozen. Heavy clumps, 50; \$5.00 per dozen.

White Reserve. An excellent double white variety. The flowers are large on long stems. A profuse bloomer. Nice thrifty young plants, 15c each; \$1.50 per dozen.

Hardy Primrose.

PRIMULA

All who have seen how beautiful Primroses can make

the early gardens of spring, are advocates of their wider plantings. The species described below, flourish well with a minimum of care, and their hardiness has been well tested. The Primroses are among the most beautiful and interesting of our early spring flowers. In partially shaded, moist locations, even when neglected colonies of these plants have graced some of our old gardens for years. As success in Primrose culture becomes better understood the different species are being used more largely, not only for border work but for spring bedding, frame culture and house decoration. A clump of blooming Primroses lifts readily to pot or fern-dish and goes on flowering happily for weeks as a table or window ornament. Hardy Primroses are among the earliest, the freest blooming and the richest color of all our perennials—it is a flower for the million and not for the few.

PRIMULAS (Primrose) Veris (English Cowslip) (D) The hardy primroses are among the most beautiful and interesting of our early spring flowers. Plant them in rich, well-drained soil, in the border or in a sheltered nook in the rockery; if possible, in a half-shady place. This collection embraces a fine range of colors. Strong plants 15c, \$1.00 per dozen prepaid; large size 25c, \$2.50 per dozen; heavy clumps 50c, \$5.00 per dozen.

Veris Superba (D) A giant flowered form of distinct color which is a bright canary yellow, golden center. Strong plants 25c, \$2.50 per dozen; large size 50c, \$5.00 per dozen. Extra heavy clumps 75c, \$8.00 per dozen.

SPECIAL OFFER.---Hardy Pinks and Primroses.

These two dwarf perennials are among the choicest of our spring flowers. Plant them freely, you will not be disappointed.

1 Hardy Pink Lord Lyon
 1 Hardy Pink Carmen
 1 Primrose Veris (English Cowslip)
 1 Primrose Veris Superba

Strong plants 50c prepaid. 3 of each variety \$1.00 Prepaid.
 Large plants \$1.00 prepaid. 3 of each variety \$2.50 Prepaid.
 Extra heavy clumps \$2.00 prepaid. 3 of each variety \$5.00 Prepaid.

Wagner Park Peonies.

Wagner Park Herbaceous Peonies are the most beautiful of all the Hardy Perennial plants, and should be in every garden, large or small, in bed borders, shrubberies or drives; in park, grass or woodland. They should, therefore, be planted near at hand for close enjoyment of their beauty, as well as in masses for distant color effect.

Whether in the old kinds or in Wagner's lovely new varieties, they will thrive in practically any position, and there is hardly one which will not flourish to perfection. They are amenable to the simplest treatment in any soil and are as hardy as the dock by the wayside. They need not the slightest protection.

Our First Prize Varieties.

These three double flowered varieties we consider the best for general planting..

First Prize White.—

Has immense pure white blossoms, with carmine flaked tips to a few center petals. It is the first to flower, and is succeeded just before its flowers begin to fade by the First Prize Pink. Strong roots 50c, \$5.00 per doz. Large size 75c each. Clumps \$1.25 each.

First Prize Pink.—

Blossoms immense, on long stiff stems, in color almost identical to a La-France Rose. Divided roots. Strong roots 30c each, \$3 per dozen, large size 50c, \$5.00 per doz., heavy clumps \$1.00.

A Planting of Our First Prize Peonies

First Prize Red.—This beautiful variety, resembling the American Beauty Rose in color, succeeds the First Prize Pink, extending the flowering period for Peony blossoms almost two months. 35 cents each, \$3.50 per dozen, large size 60c, \$6.00 per dozen. Heavy clumps \$1.00 each.

Named Double Peonies.

The delightful perfume of some of the varieties, more particularly the choicer kinds, makes them very valuable. Another merit which the herbaceous Peony possesses lies in its beautiful foliage, which cause it to be almost as attractive in its young growth and autumn tints as when in flower.

We do not aim to list all varieties, but only those of real merit and such that have proven satisfactory. Our complete list comprises over two hundred varieties.

Achilles. Light flesh pink. Strong roots 50c, \$5.00 per doz., large size 75c, \$8.00 per doz., extra heavy clumps \$1.25.

AGATHA. Brilliant violet rose. Tall, very fine. Strong roots \$1.00.

AGIDA. Dark, rich red. Strong roots 50c, large size \$1.00.

American Beauty. Deep pink. Strong roots 20c, \$2 per doz., large size 35c, \$3.50 per doz., extra heavy clumps 75c, \$8.00 per dozen.

BAGNI. Dark red blossoms, very broad, quite distinct. Strong roots 75c, large size \$1.50.

BEAU BRUMMEL. Clear pink, compact with silver reflex. Strong roots \$1.00.

BERLIOZ. Color currant red. Strong roots \$1.00.

BRUTUS. Purple red. Tall, very fine. Strong roots 75c, large size \$1.25.

CANARY. Guard petals white, sulphur center, extra fine. Strong roots \$1.00.

CANISTOE. Pink guard petals, center delicate pink and chamois, very fine. Strong roots \$2.00.

Charlemagne. Lilac white, slight blush center. One of the best. Strong roots 75c, \$8 per dozen, large size \$1.25, \$13.50 per dozen, extra heavy clumps \$2.50.

Special Offer Prize Peonies.

1 First Prize White	{	Strong roots \$1.00.
1 First Prize Pink		Large roots \$1.50.
1 large Prize Red		Heavy clumps \$2.75.

CATALINE. Guard petals pale pink, inner petals shell pink chamois, extra fine. Strong roots \$2.00.

Japanese Varieties.

Everyone should have a collection of these Peonies. Their large showy flowers resembling chrysanthemums, are very fine for cutting.

MILES STANDISH. Shell pink, Chrysanthemum center. Strong roots 40c.

QUEEN ESTHER. Blush white. Chrysanthemum center. Strong roots 50c, large size \$1.00.

Single Peonies.

Everyone interested in peonies should have a collection of these grand plants. Their large silky flowers appear like immense roses and are fine for cutting. For a beautiful and showy flower they have few equals.

SINGLE RED. Very showy. Strong roots \$1.00.

SINGLE ROSE. Strong roots \$1.00, \$5.00 per dozen.

TENUFOLIA. A grand variety, growing only 12 to 18 inches high with dark green finely cut foliage and bearing large showy single flowers of a rich crimson, the earliest variety to bloom and when established they form beautiful clumps. Strong roots 35c, large size 75c, extra heavy clumps \$1.00.

Mixed Peonies.

Consisting of many fine and rare varieties. Price 20c, \$2.00 per dozen.

SPECIAL NOTE. Our Peonies are freshly dug and shipped direct from our fields, thus when ordering from us you get them in a fresh and vigorous condition, no dried out roots among them.

Those offered as strong roots should produce from 3 to 5 growths the first season under ordinary conditions. Our large size are well developed and we can highly recommend this size for general planting and quick results. Those varieties offered in extra heavy clumps are for producing immediate effects, they are unusually large and fine clumps.

Perennial Phlox.

A Partial View of Phlox Planting on Our Grounds.

in bloom they should be given a plentiful supply of water. They like sunshine, and a full exposure is desirable for them.

The perfect hardiness is another strong feature in its favor. We have never known of its being winter killed in any section of the country. Like all perennials a mulching of good stable manure after the ground is frozen, is beneficial to it; this can be carefully dug in around the plants in the spring.

The plant increases in size every year, and a well-grown clump will send up a large number of stalks until you have a solid mass of color. Plants set in good soil, with proper care, will bloom the first year, but they will not do themselves justice until the second year.

It is no exaggeration to say that the Perennial Phlox are among the best and most popular garden plants. For producing a grand show of color, they have no equal; they produce a fine effect when grouped with other plants in the hardy border, furnishing brightness after the shrubs are done blooming, and they do much to make the garden gay throughout the season.

The old-fashioned Phlox often had simply small tufts of bloom at the top of a small, almost naked stem. The newer and improved varieties are more compact and do not grow quite so tall. The panicles of bloom are simply immense, often measuring 12 inches in diameter. The blossoms are as large as geraniums.

Another good quality is its long continuance in bloom. It begins to blossom in early summer and continues until late in the fall; sometimes showing a mass of bloom for three months.

Phlox thrive in any ordinarily rich soil, and are not subject to any insect pest. When they are

- X August Revere.** (M) Beautiful deep pink compact head, one of the best. Thrifty plants, 20c **prepaid**; large size 35c.
- X Bridesmaid.** (M) Pure white, with large crimson center.
- Cameron.** (D) Large, perfect flowers; flesh pink with large compact flower head, crimson eye.
- X Coquelicot.** (M) Fine flowering scarlet with deep crimson eye.
- X Eclairer.** (D) Flowers are of immense size. Bright violet-purple, with very light markings—almost white at base of petals, with carmine eye. One of the choicest varieties.

New Phlox of Our Own Introduction.

These grand new varieties originated on our grounds, and are the result of many thousands of seedlings. We consider them a great acquisition to this family of plants, and can recommend them very highly.

Acme. (M) A most beautiful bright pink, large truss. Thrifty plants 25c **prepaid**. Large size 50c.

Aurora. (M) Light pink with crimson center, thrifty plants 20 cents. Large plants, 50c; clumps 75c.

Amethyst. (M) Violet rose; a little deeper towards the center. Later flowering which makes it a very valuable variety. Nice, thrifty plants, 15c **prepaid**. Large size, 30c. Heavy clumps, 50c.

Liberty. (M) Immense clusters; fine, bright rose with carmine center, distinct from any other variety; desirable for solid beds or in the shrubby border. Nice thrifty plants, 20c, **prepaid**. Large size, 40c.

MARY E. WAGNER. A grand variety with large symmetrical heads of showy flowers. Color beautiful light rose with crimson center. Strong plants 25c, **prepaid**. Large size, 50c.

Mrs. Freshard. (M) Deep rose pink, suffused red and carmine, purple center. Nice thrifty plants, 20c, **prepaid**. Large size 40c; clumps 75c.

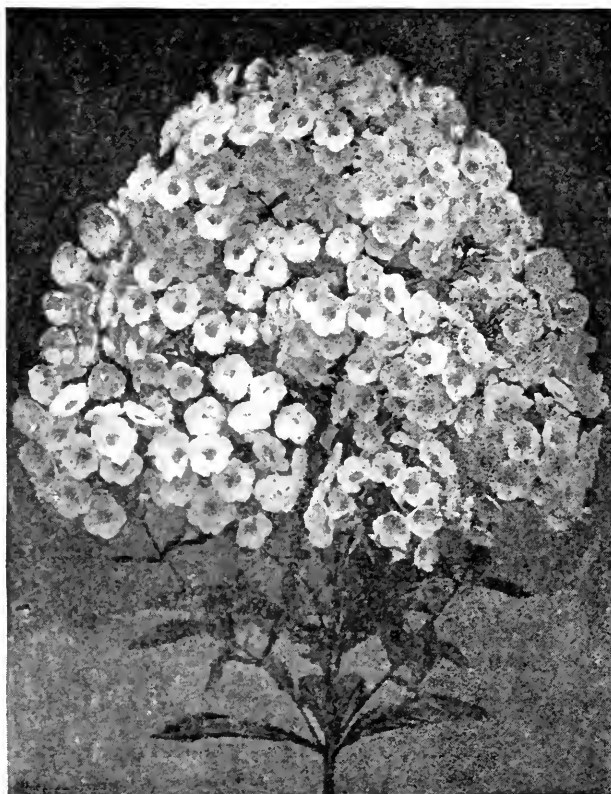

President Wilson. (M) A beautiful rosy pink, with crimson center. Nice; thrifty plants 15c **prepaid**. Large size, 35c. Clumps, 75c.

Sunset. (M) Beautiful deep pink, and will without doubt supercede all others of this color; excellent for massing or in solid beds. Nice, thrifty plants, 15c, **prepaid**. Large size, 30c.

Wagner Park Everblooming. This beautiful pink, one of the earliest to flower, and if the old flowers are kept cut off, it will bloom more or less the entire season. A grand variety. Nice, thrifty plants, 15c, **prepaid**. Large size, 25c.

President Taft. (M) Rosy pink with large white center. Large trusses and very free flowering. Nice, thrifty plants, 20c, **prepaid**. Large size, 40c.

PRICES IN QUANTITIES—Six plants of any one variety at five times the single rate price. Twelve plants of any variety at ten times the single rate price.

Wagners Special Phlox Offer No. 50.

This collection consists of a choice lot of plants selected from our lot of seedling for their superior quality, color, and size of flower clusters. They surpass many of the named varieties in size of flower and truss. Color ranges from delicate flesh to bright pink, reds, and other beautiful shades. \$1.00 per dozen; sent **prepaid**. Heavy plants, 25 cents, \$2.50 per dozen; \$15.00 per 100. Extra heavy clumps, 50 cents; \$5.00 per dozen.

Phlox Subulata.

(Moss, or Mountain Pink.)

An early spring flowering type, with pretty moss-like evergreen foliage which, during the flowering season, is hidden under the masses of bloom. An excellent plant for the rockery, the border, and invaluable for carpeting the ground or covering graves.

Rosea. A very free flowering variety. Color bright rose, with darker center. When in bloom is a solid mass of color. \$1.00 per dozen; \$6.00 per 100, **prepaid**. Heavy clumps, 25 cents; \$2.50 per dozen; \$15.00 per 100.

PHLOX Subulata Alba. A fine, pure white variety. \$1.00 per dozen; \$6.00 per 100, **prepaid**. Heavy clumps, 25 cents; \$2.50 per dozen; \$15.00 per 100.

PHYSOSTEGIA Virginica. (M) An unique and attractive American plant that stands apart from all other hardy plants. For massing or planting with appropriate varieties in the hardy border or with shrubs it is unrivaled. It is perfectly hardy and possesses a constitution equal to that of Golden Glow. Flowers are produced in large, graceful spikes and are a bright, soft pink. Begins to bloom about the first of July and if kept cut, will flower more or less for about three months. Will succeed in most any soil. \$1.25 per dozen; \$8.00 per 100 **prepaid**. Large plants, 25 cents each; \$2.50 per dozen; \$15.00 per 100. Extra heavy clumps, 50 cents each; \$5.00 per dozen.

Spectiosa Alba (M) Habit same as above (Virginica) pure white flowers. Same price as above variety.

PAPAVER Orientale. (Poppy) Nothing can equal these in gorgeous effect and whether planted singly or in masses, their large flowers of a rich, brilliant color and their freedom of bloom render them conspicuous in any position. Undoubtedly the most showy and effective plants grown. Our stock is carefully selected and you can be assured of having something very fine when purchasing from us. Thrifty plants 25c, **prepaid**. Large size 35c, heavy plants 50c each.

Hardy Plants. (Herbaceous Perennials.)

PARDANTHUS (Blackberry Lily) Sinensis. Lily-like flowers of bright orange during July and August, on 2½ feet high stems, followed in September with seeds which resemble blackberries; will grow and do well in any soil in a sunny location.

PACHYSANDRA Terminalis. (D) May, June. White flowers.

PENTSTEMON. Barbatus Torreyi (M) June to Sept. A very valuable late flowering variety with bright red flowers; thrives best if planted in partly shaded places.

Pubescens. (D) July, August. Bright rosy purple flowers.

PERIWINKLE. (Hardy Myrtle) For covering bare ground under trees where grass will not grow, or trailing rock work. It is indispensable. In spring it is covered with blue flowers. Very hardy in all localities.

POLYGONUM Compactum. (T) Small white flowers.

PLATYCODON Grandiflorum. (Japanese Bell-flower). (M)

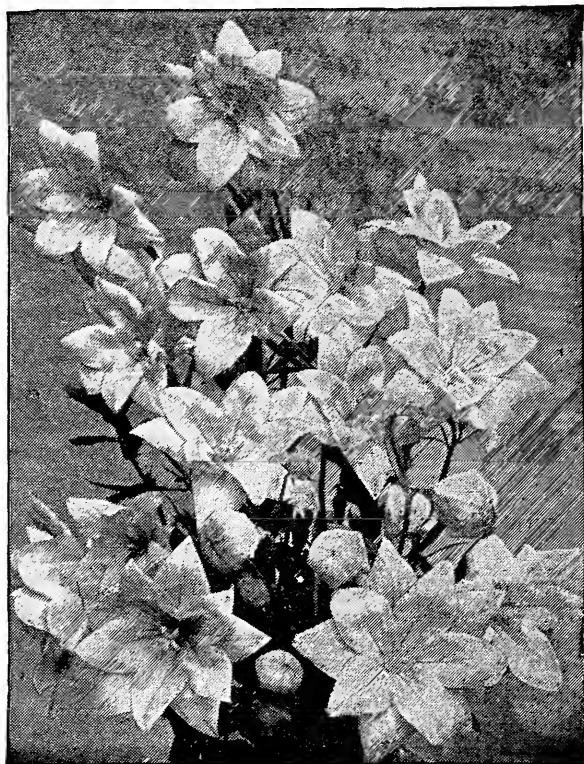

June to October. A plant that is closely allied to the Campanula or Canterbury Bell, bearing continuously, cupped star-shaped flowers, over 2 inches in diameter. White and blue.

PRIMULAS (Primrose) See page 23.

PYRETHRUM Hybridum, (D) Too much cannot

be said in favor of this grand hardy perennial. No class of plants gives a wider range of colors, while the form and substance of the flowers is all that could be wished. Their main season of blooming is in June, but if the old flower stems are removed, they will give a fair sprinkling of flowers in the autumn. The bloom is similar to that of an aster, and ranges in color from pure white and the various shades of pink and red to deep purple.

Uliginosum. (Giant Daisy) (T) July to September. Large white Daisy-like flowers. Excellent for the hardy border and cutting.

Platycodon. Japanese Bellflower.

Stokesia Cyanea.

RHEUM. Emodi. (Ornamental Rhubarb.) Majestic foliage. Large roots 25c, \$2.50 per dozen; heavy clumps, 50c.

RUDBECKIA PURPUREA. An entirely distinct variety from all other perennials and thriving in any ordinary soil. They are so simple and easily cultivated that we recommend them to any one having a garden, whether large or small. The foliage being dense and of a good color makes them one of the choicest hardy perennials. The flowers are of a peculiar formation as well as color, which is reddish purple with large, cone-shaped center in brown.

Golden Glow. (T) August, September. This is one of the most popular hardy plants now grown which is a very strong and robust grower, producing amass of flowers resembling the Cactus Dahlia. It makes a gorgeous display either planted in clumps or mixed with shrubbery or other hardy plants.

Sub-Tomentosa. A pyramidal, densely-branched plant, two and one-half feet high, which is completely enveloped throughout the summer in a mass of brilliant lemon-yellow flowers with dark purple centers.

SPIREA Aruncus. (M) Flowers white, 25 cents.

Filipendula. fl. pl. (D) Corymbs of double white flowers. Fern-like foliage.

Japonica. Alba. (M) June, July. Pure white flowers, 25c; \$2.50 per dozen.

Queen Alexandria. This is a beautiful new hybrid herbaceous Spirea of luxuriant growth and producing handsome spikes of silvery pink flowers. An excellent variety for the hardy border and sure to give satisfaction. We offer nice large plants .20c; \$2.00 per doz. Large clumps, 35c, \$3.50 per dozen. Extra heavy clumps, 50c; \$5.00 per dozen.

Special Offer No. 9.

1 Pentstemon Barbatus Torreyi	} Nice thrifty plants, 75c Prepaid.
1 Platycodon Grandiflorum	
1 Pyrethrum Hybridum	} Large size plants, \$1.25 Prepaid
1 Rudbeckia Sub-Tomentosa	
1 Spirea Queen Alexandria	} Heavy plants, \$1.50 Prepaid.
1 Hardy Myrtle Free in this collection	

PRICES ALL VARIETIES on this page except where otherwise noted, nice thrifty young stock, well rooted, 15 cents each; \$1.50 per dozen. SENT PREPAID.

ALL VARIETIES on this page except where otherwise noted, in large size plants, 25 cents each, \$2.50 per dozen. In extra heavy clumps, 50 cents each, \$5.00 per dozen.

Hardy Plants.

(Herbaceous Perennials.)

SEDUM Spectabilis. (See cut.) A very desirable hardy perennial thriving in any good soil and produces most pleasing effects when used as an edging to a bed of other plants. In formal work it is indispensable, as it grows compact and bushy. Foliage is a beautiful light green and quite broad. Flowers are rose colored and cover the entire top of the plant when in full bloom.

STOKESIA. Cyanea. As a single specimen or grouped in the border, it makes for itself a place that is not filled by any other hardy plant. The plants grow from eighteen to twenty-four inches high and bloom from July until late in October. Its beautiful Centaurea-like flowers of a delicate lavender blue color, are four or five inches in diameter and are highly prized for cutting. No picture or description can do justice to its delicate beauty. Of the easiest culture, succeeds in any sunny location.

TANACETUM. Vulgare. (Tansy) (M) Golden-yellow flowers in midsummer.

TRADESCANTIA Virginiana. (D) May to September. Numerous panicles of violet-blue flowers.

TRITOMA. A most beautiful and exceedingly ornamental flowering plant, surpassing the finest Cannas and equal to Gladiolus as a cut flower; planted in the shrubbery border with other herbaceous plants they give a superb effect; they prefer a light, rich, sandy soil.

Hybrida Express. (M) June to October. One of the very finest yet introduced. It is a continuous bloomer, producing perfect flowers which are of a brilliant orange-scarlet that does not vary in colors at any time. A very early blooming variety.

Pfitzeri. (M) July to November. A rich orange-scarlet, producing a grand effect either planted singly in the border or in masses. Strong roots 20c; \$2.00 per dozen, prepaid. Large size, 35c; heavy clumps, 50c.

Sedum Spectabilis—One of the most desirable edging plants.
Equal to Boxwood in effect.

Yucca Filamentosa.

VALERIANA. (Garden Heliotrope.) (M) Pinkish-blue flowers.

VERONICA. Incana. (D) August, October. Silvery foliage, amethyst-blue flowers.

Maritima. (D) Long spikes of blue flowers from July to September; 2 feet.

Rupestris. (D) Deep green foliage, bright blue flowers.

VIOLET. Large double flowers, light purple. Nice thrifty plants, 20c; \$2.00 per dozen, prepaid. Heavy clumps 50c.

YUCCA Filamentosa. (See cut) (Adam's Needle.) Yuccas are one of the most striking ornaments in plants thriving in rocks, in sand, gravel, or almost anywhere, sufficiently well to produce its picturesque shape foliage. A good soil or heavy dressing is necessary to bring forth its stems, 6 to 7 feet high, with from 50 to 200 oval, creamy-yellow blossoms, 2 inches long. The foliage is evergreen, making it an attractive plant throughout the year.

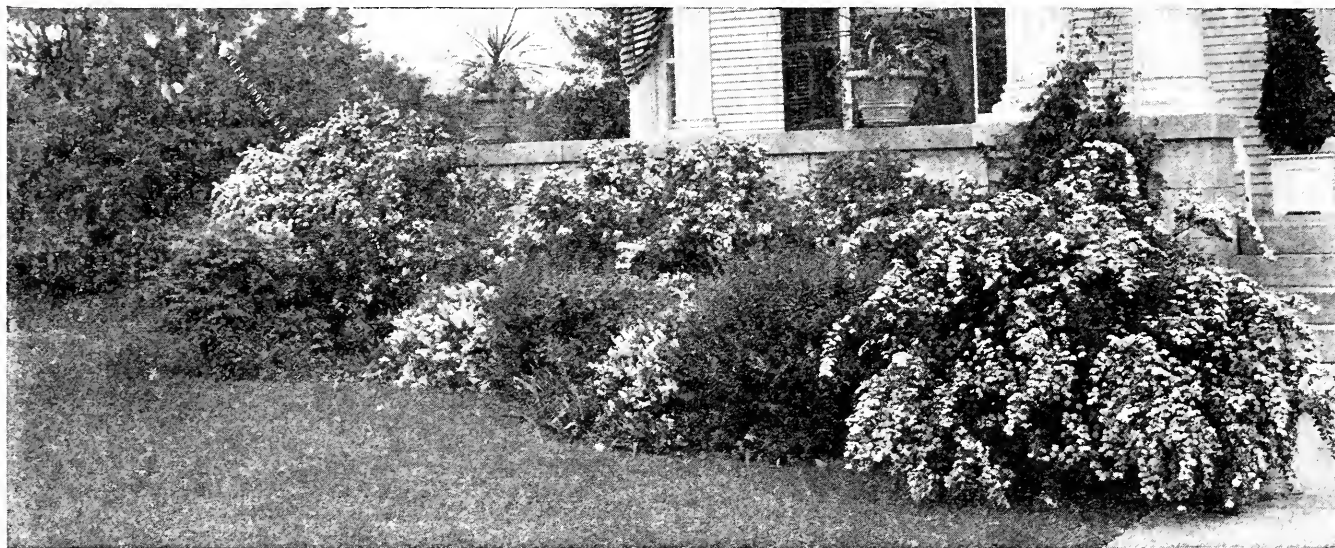

Special Offer No. 10.

1 Sedum Spectabilis	One of Each	Nice thrifty plants, 50c Prepaid.
1 Stokesia Cyanea		
1 Tritoma Pfitzeri		
1 Tradescantia Virginica		
1 Yucca (Adams Needle)		Large size plants, \$1.00 Prepaid.
		Heavy clumps, \$2.00 Prepaid.

ALL VARIETIES on this page in large size plants, 25 cents each; \$2.50 per dozen. In extra heavy clumps, 50 cents each; \$5.00 per dozen.

Hardy Ornamental Flowering Shrubs.

A Most Beautiful and Effective Arrangement of Shrubbery Against Foundation of House.

Happily the charm of color is not wholly claimed by the gay gamut of flowers. The very fine collection of evergreen, deciduous, and flowering shrubs at Wagner Park nurseries offers endless opportunity for producing beautiful effects practically the year 'round. A mass of common bush Holly (*Mahonia Aquifolia*) to select a very simple example, will put warmth and cheer into the grayest November day, while the brilliance of tone and the handsome, glossy foliage of a Barberry hedge under December skies will make us forget "the joys of June." We should like to be able to devise for every nature-lover a "shrub-itinerary," so to say, with a special eye to exposure, climate, etc., we do this indeed, when clients consult us.

Through the hot, dry period of summer, the coolness and rest of a fine shrub plantation is indescribably refreshing. And if there are any plants we could not part with they are the late-flowering shrubs—a fine list, though not a long one—that usher in autumn and linger to make the American "fall" one of the most admired spectacles in nature. The cultural requirements of ordinary shrubs are very simple. "Success with Shrubs," when the plants are vigorous Wagner Park stock, is easy, pleasurable, and sure. All Wagner Park Shrubs have been transplanted and are in robust health and condition. As the height of plants is often no criterion of quality, we give in several instances the diameter, also for comparison and guide.

We bring particular training and experience to the matter of congenial combinations. In fact a Wagner shrub plantation is a real study in artistic values; knowledge and long experience playing an important role in the happy juxtaposition of greens, browns, silvers, golds—the regard for picturesque outline, for simplicity of effect without monotony of sorts, for privacy without loss of views and "vistas." It is in ways like this that Wagner "plants and plans" are made to produce their delightful effects.

VARIETIES SUITABLE FOR SHADY PLACES: Altheas, Berberis, *Caryopteris* (Blue Spirea), Cornus, Cydonia, *Cephalanthus*, *Desmodiums*, *Deutzia*, Forsythias, Kerrias, *Lonicera*, *Philadelphus*, Rhus, *Sambucus*, Spireas, *Symphoricarpus* (Snowberry), *Syringas* (Lilacs), Tamarix, and *Viburnum*. The above varieties will also thrive in sunny, open situations.

VARIETIES WITH VARIEGATED, HIGHLY COLORED FOLIAGE, BARK, AND BERRIES. The following with variegated and colored foliage: *Berberis Purpurea*, *Kerria Variegata*, *Forsythia Variegata*, *Philadelphus Aurea*, *Sambucus Aurea* and *Variegata*, *Spirea Opulifolia Aurea*, *Weigela Variegata*. Among trees: *Acer Schwednieri*, *Reitenbach*, *Fagus Riversi*, *Prunus Pissardi* and Japanese Maples. The following varieties having berries: *Berberis*, all varieties, *Callicarpa*, *Cornus Siberica*, *Cydonia*, *Euonymus* (Strawberry Tree), *Eleagnus*, *Lonicera*, *Myrica*, *Rhus*, all varieties, *Rhodotyphus*, *Ribes*, *Sambucus*, *Rosa Rugosa*, *Symphoricarpus* (Snowberry, Red and White), *Viburnum* (Snowball) *Opulus*, *Lantana*. The following have highly colored bark: *Cornus*, *Siberica*, *Sanguinea* and *Stolonifera*.

Shrubs always have hard wood like the branches of a tree, and this wood does not die during the winter, except in a few of the more tender varieties, which branches should be cut off as soon as the live branches begin to sprout in the spring.

CULTURAL DIRECTIONS: Same as for perennials. See page 12.

PRUNING SHRUBS. In pruning shrubs they should be allowed to take their most natural and perfect form, and when branches become old and weak they should be cut away from the outside, thus thinning out and allowing the new shoots to grow and take their place. The practice of shearing the ends of branches only without thinning out any of the inside branches cannot be too severely condemned, for it not only gives them an unnatural form in which there is little or no beauty, but also causes an increase in the number of small imperfect shoots on the end of the branches, and resulting in a very imperfect growth that produces very few flowers. Pruning should be done right after the flowering season, especially with the early flowering sorts such as the Lilac (*Syringas*), Snowball (*Viburnum*), Cydonias, Forsythia (Golden Bell), etc. All late flowering varieties as the Altheas, Hydrangeas, *Desmodium*, etc., are best pruned in the spring before new growth starts, this will insure good strong branches and large flowers. Dead branches and irregular or stragly growths may be cut away at any time.

ABBREVIATIONS: (I) (II) (III) immediately following the name of each variety indicate the height of plants when fully matured. (I) indicates varieties growing from 1 to 3 feet, plant from 1½ to 3 feet apart. (II) indicates height from 3 to 8 feet, plant these varieties from 3 to 5 feet apart. (III) indicates height from 8 to 12 feet, plant from 5 to 8 feet apart. There are no set rules as to distance for planting as some prefer heavy mass effects which requires close planting, while more open effects require planting farther apart. We have given both extremes yet one need not follow these exactly.

Hardy Flowering Shrubs.

SPECIAL NOTE.—We wish to call attention to the very low prices we quote at the bottom of each page on Shrubs, for regular, large, and extra large sizes. Our lowest prices are for nice, thrifty, two-year-old plants, but where quick results are wanted we always recommend the large three to four year old, or extra large selected sizes. We also have on hand many specimen shrubs which have adorned the grounds of Wagner Park and are in excellent condition to transplant. These vary in price according to size and variety. \$1.00 to \$5.00 each.

ALTHEA. (Hibiscus or Rose of Sharon) (III)

Well known to all. These handsome, late, summer flowering shrubs are highly decorative and particularly effective, coming into bloom when few shrubs are in flower. They make a steady growth and flower profusely every fall. As a hedge plant they are extremely valuable. The mixed colors to give a variety of color.

Roule de Feu. Large violet-red flowers.

Coelestis. Very fine single violet-blue flowers, very showy 30c; \$3.00 per dozen, prepaid.

Totus Albus. Large, single, pure white flowers.

Due de Brabant. A fine variety, bearing large lark rose-colored flowers.

Elegantissima Plena. Double; white, shaded with rose.

Lady Stanley. Double blush-white flowers, one of the best. 30c; \$3.00 per dozen.

Leopoldi Plena. Large; double, flesh colored flowers, shaded with rose; foliage lacinated. 30c. Larger size 40c, prepaid.

Montrosa. Very large white flowers. 30c; \$3.00 per dozen; prepaid.

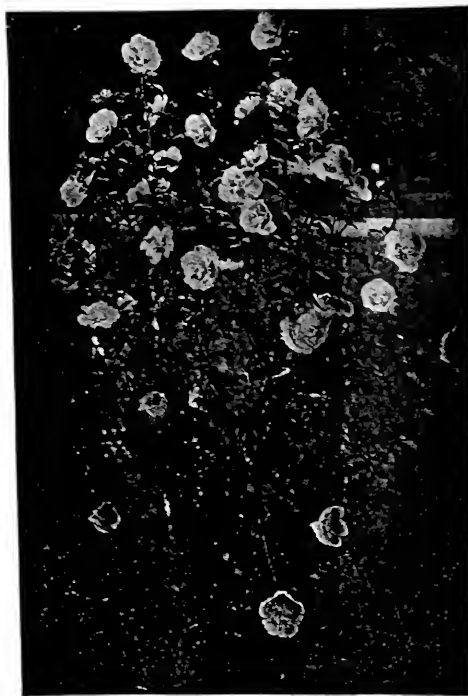

Bicolor Hybridus. Double white; fine, large flower. 30c; \$3.00 per dozen, prepaid.

Puniceus Plenus. Semi-double dark rose. 50 cents each, prepaid.

Violacea Purpurea Fl. Pl. Double purple.

ALTHEAS. Mixed Colors. 20 cents; \$2.00 per dozen, prepaid; large size, 35 cents; \$3.50 per doz. Extra large 50 cents, \$5 per doz.

Prices of Altheas all above varieties except as otherwise noted, 25c each, \$2.50 per dozen, prepaid.

Althea

PRICES ALL VARIETIES on this page except where otherwise noted in two (or more) year old well rooted plants, 25 cents each; \$2.50 per dozen. SENT PREPAID.

ALL VARIETIES on this page in large three to four year size 35 cents each; \$3.50 per dozen. In extra large heavy selected plants for producing immediate effects 50 cents each; \$5.00 per dozen.

SPECIAL SHRUB OFFER.

12 Choice Flowering Shrubs, \$2.50
DELIVERED TO YOUR DOOR

As an example of the superb values offered by the Wagner Park Nurseries, nothing could be more convincing than this collection of choice, thrifty, flowering shrubs that will make a beautiful setting for your home for years to come. The collection consists of

2 *Spirea Van Houttei*

2 *Deutzia Lemonei*

2 *Spirea Collosa Rosea*

2 *Philadelphus Lemonei*

2 *Berberis Thunbergii*

2 *Spirea Collosa Froebeli*

Every plant labeled as to whether tall, medium or dwarf so anyone can arrange them to bring about best results and effects. While they last, we will send this collection prepaid for only \$2.50.

AMELANCHIER Betryanum. (June Berry) (III) Beautiful shrub-like tree producing racemes of pure white flowers.

AMORPHA Canescens. (I) A free flowering shrub, dense pinnate foliage, blue flowers in terminal panicles in June. Useful for shrubberies or rockeries. Prefers a sunny and well drained position.

Fragrans. (I) A large, spreading bush with pinnate leaves and slender spikes of deep purple flowers, which bloom in June after most spring flowering shrubs are over.

ARALIA Pentaphylla. (III) Upright arching shrub with glossy, waxy foliage. Excellent for the shrubbery border.

ARONIA Floribundi. (II) White flowers. 35 cents; larger, 50 cents.

BUDDLEIA. Varibilla. (Butterfly Bush.) (II) September. Flowers lilac color. Very desirable owing to its lateness in flowering. 50 cents each; \$5.00 per dozen.

BERBERIS Purpurea. (III) May. Foliage dark purple. Young growths in summer, crimson. Golden yellow flowers followed with bright crimson berries.

Thunbergii. (I) May. In autumn it is aglow with scarlet leaves and berries, excellent for hedges.

Vulgaris. (III) May. Yellow flowers in terminal drooping racemes followed with orange-scarlet fruit. One of the most hardy shrubs grown.

CALYCANTHUS. Floridus. (II) Double chocolate colored flowers, very fragrant. A most desirable shrub for general planting.

CARAGANA ARBORESCENS. (III) Is thickly hung with canary yellow pea-shaped blossoms in late spring.

Hardy Flowering Shrubs.

CARYOPTERIS, Mastacanthus. (Blue Spirea) (See cut) (I) September. Blue Verbena-like flowers. A very satisfactory shrub, especially desirable for foundation planting.

CEANOTHUS, Americanus. (II) June. Pure white flowers, good medium grower.

CEPHALANTHUS, Occidentalis. (III) July. Curious balls of blossoms on long stems. Fine for heavy background.

CHAMAECERASUS. See Lonicera.

CHIONANTHUS, Virginica. See Rhus Virginica.

COLUTEA Arborescens. (Bladder Senna) Large shrubs of compact growth, small, light green, acacina-like foliage, yellow or yellowish red pea-blossom shaped flowers in June and July, followed by reddish pods or bladders; hardy and suited to any soil.

CORCHORUS. See Kerria.

CORNUS. (Dogwood) The name, Dogwood, first brings to mind the White Dogwood (Cornus Florida), with its large, butterfly-like blossoms in May, which is described under Trees. The species here described are shrubs of decided value in decorative planting, those with red bark filling a place occupied by no other.

Elegantissima Variegata. (III) Leaves margined white. One of the finest variegated shrubs. 50c.

Sanguinea. (III) A shrub of spreading habit; purplish red branches, flowers greenish white, followed by black berries. Desirable for massing.

Stolonifera. (III) Valued for its colored bark. Small white flowers.

Stolonifera Lutea. (III) A most distinct variety. Bark of branches yellow. 35 cents each.

Siberica. (III) This has deep crimson bark and it should be used in large groups for its winter effect. It shows off best when there are a number of plants together. Abundant clusters of small white blossoms are borne in early summer, followed by white fruit.

Cornus Florida. See trees.

CORONILLA, Emerus. (II) Large showy yellow flowers, tipped with red.

CYDONIA Japonica. (Papyrus) Fire bush 4 to 5 feet.) One of the early spring flowering shrubs, the fiery crimson blossoms creating a grand display. Valuable for hedging.

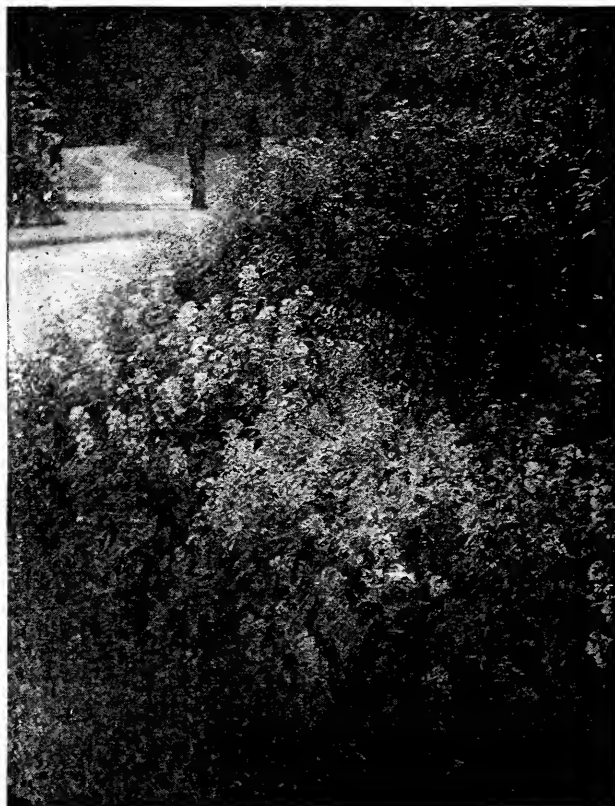

Japonica Rosea. (III) May. Semidouble rose-colored flowers. 35 cents; extra large, 50 cents.

Maulai. (I) Bright orange scarlet, a gorgeous color. 35 cents; \$3.50 per dozen. Larger, 50 cents.

Umbilicata. (II) May Single rose and red flowers, fine for general planting. 35c; \$3.50 per doz. Larger, 50c.

CYTISSUS Laburnum. (Golden Chain) (III) Very large growing shrub. Yellow flowers.

DEUTZIAS. The flowers of the Deutzias are tassel-like and clustered into thick wreaths along their drooping branches. These shrubs are hardy, vigorous, adapted to all soils and remarkable for grace, beauty and prodigal bloom. The taller forms are valuable for specimens, low ones for bordering, grouping, or planting near the house. Flowering period, May, June.

Caryopteris, Mastacanthus.

DEUTZIAS, Candidissima. (III) **Strong**
white flowers. **Double**
growth.

Crenata. (III) Exquisite flowers of double rosette shape, tinged with soft pink. A strong and vigorous growing sort.

Fortunei. (II) White flowers; quite distinct.

Gracilis. (I) Covered with snow white flowers of much beauty.

Shrubs always add a charm of beauty to the grounds that cannot be obtained from any other plants.

PRICES ALL VARIETIES on this page except where otherwise noted in two (or more) year old well rooted plants, 25 cents each, \$2.50 per dozen. SENT PREPAID.

ALL VARIETIES on this page in large three to four year size, 35 cents each, \$3.50 per dozen. In extra large, heavy selected plants for producing immediate effects, 50 cents each, \$5.00 per dozen.

Hardy Flowering Shrubs.

DEUTZIA. Gracilis Rosea. (I) Flowers soft in clusters.

Lemonell. (III) Flowers pure white, borne on stout branches, which are of upright growth.

Lemonell Compacta. (I) Very compact growing variety; white flowers.

Pride of Rochester. (III) The flowers are double, white, tinged outside with pink, and open a week earlier than those of other sorts. One of the best.

Scabra. (III) Flowers white, tinged pink.

Watereri. (I) Flowers delicate pink. A most beautiful variety.

Wellsi. (II) Double white; fine for general planting.

DESMODIUM. Showy shrubs with a mass of graceful sprays of pea-shaped flowers; late-blooming continuing until frost.

Penduliflorum. (II) Rosy purple or reddish flowers. Excellent as single specimens, or for massing in front of shrubberies. Should also be included in beds of herbaceous flowers.

Bicolor. (II) Good medium height shrub producing heavy sprays of pinkish purple flowers.

ELEAGNUS. Angustifolia. (Oleaster) (III) A large shrub sometimes of tree form, with long, narrow, silvery green foliage. Flowers yellow, followed by yellow fruit.

Longipes. (III) June. Small yellow flowers followed by large oval orange-red fruit, unusually attractive.

Forsythia. Blossoms Appear Before the Foliage.

EXCHORDIA Grandiflora. (Pearl Bush) (II) May. Dazzling white flowers. A most beautiful shrub.

FLOWERING CURRANT. See Ribes.

FORSYTHIA. (Golden Bell) The Golden Bells stand in a class by themselves, and, with the Magnolias are the first showy shrubs. Early in April they are a wealth of brilliant golden yellow. The foliage is entirely healthy and the growth vigorous.

Intermedia. (III) A tall, upright growing form. Good for shrubbery border planting. Deep yellow flowers and fragrant.

Fortunei. (Fortune's Forsythia) (III) April. A spreading bush with dark shining foliage, which has a purplish tint in autumn. Deep yellow flowers. The best of the Forsythias.

Fortunei Variegata. (II) April. A very fine variety with deep green leaves, margined with golden yellow.

Suspensa. (II) April. A beautiful weeping form with long, pendulous branches. Golden-yellow flowers.

Viridissima. (III) April. Flowers bright yellow. A fine hardy shrub and one of the earliest to flower in spring.

Sieboldi. (II) Slender pendulous branches, yellow flowers.

HALESIA Tetraptera. (III) May. White, bell-shaped flowers. 50 cents.

HAMAMELIS Virginica. (III) Yellow flowers in fall.

HONEYSUCKLE. See Lonicera, also vines.

HYDRANGEA Grandiflora Alba. (II) One of the most beautiful and satisfactory shrubs in cultivation. Large clusters of white flowers. Nice young plants, 35 cents. Large 50 cents.

Paniculata Grandiflora. (II) July, August. Flowers white changing to pink and borne in immense pyramidal clusters. Will bloom same season planted.

HYPERICUM Aureum (II) Abundant yellow flowers all summer, strong grower.

Moserianum. (I) Beautiful golden yellow flowers, with crimson stamens. Dwarf habit.

Eleagnus

PRICES ALL VARIETIES on this page except where otherwise noted in two (or more) year old well rooted plants, 25 cents each; \$2.50 per dozen. **SENT PREPAID.**

ALL VARIETIES on this page in large three to four year size, 35 cents each; \$3.50 per dozen. In extra large heavy selected plants for producing immediate effects, 50 cents each; \$5.00 per dozen.

Hardy Flowering Shrubs.

KERRIA Japonica. (II) Handsome green foliage, single yellow flowers.

Japonica Flore Plena. (II) (Double-flowered Globe Flower. Slender green branches and pretty, closely serrated leaves. The double flowers are deep orange yellow and are produced in profusion throughout the summer months.

Japonica Variegata. (See cut) (I) A low-growing variety, very airy and graceful, with dense, light green foliage, beautifully margined with white. Very ornamental, and one of the most valuable dwarf shrubs. Single yellow flowers.

LIGUSTRUM. See Hedge plants page 38.

LONICERA. (Bush Honeysuckle.) These are tall shrubs of upright growth, valuable for their profusion of white and pink flowers and their crops of rich red and yellow berries. They are among the most attractive of our early blooming shrubs.

Grandiflora Rosea. (III) Pink blossoms.

Ledebourii. (III) May. Creamy, yellow flowers, fine.

Morrowii. (II) May. White flowers, dark green foliage, red fruit.

Tatarica. (III) May. Pretty pink flowers in May, and with orange-colored berries in fall.

Tatarica Alba. (III) May. (White Tartarian Honeysuckle) Has white flowers, bright berries.

Tatarica Rubra (II) May. Red flowers. 35c each.

Fragrantissima. (II) May, June. The pinkish-white flowers are very fragrant.

Virginica Alba. (III) White flowers; for mass planting.

MYRICA, Cerifera. (I) May. Beautiful green foliage, almost evergreen, reddish flowers, followed by waxy-white berries.

PAVIA, Macrostachya. (Dwarf Horse Chestnut) Very handsome for the lawn; smooth leaves and white flowers. 2 to 3 ft., 75c; 3 to 4 ft., \$1.25.

Kerria Japonica Variegata

PHILADELPHUS Mock Orange. How deliciously fragrant are the spring blossoms of the Mock Orange! To many they bring pleasant thoughts of the coming flowers.

Avalanche. (II) Very graceful variety, white flowers.

Coronarius. (Sweet Mock Orange) (III) The real old-fashioned form with its pretty, fragrant white blossoms and yellow stamens, a grand variety.

Falconeri. (II) Graceful shrub. White flowers.

Follis Aureis. (Golden Mock Orange) (I) Bright golden leaves.

Grandiflorus. (III) The flowers of this are much larger than the others and very showy.

Lemoinei Erecta. (II) Creamy white, fragrant.

Lemoinei Hybrida. (II) The branches of this variety are drooping and graceful. Flowers white and fragrant.

Mont Blanc. (III) June. White flowers, beautiful variety.

Nivalis. (II) Pure white flowers; very fine and will give satisfactory results everywhere.

Speciosa. (III) Showy white flowers. A tall grower and one which will give satisfaction wherever planted.

Zeyheri. (II) June. White flowers with slight fragrance. A beautiful variety.

POTENTILLA, Fruticosa. (I) July. A fine, small leaved shrub of spreading habit; bright, yellow flowers.

PRUNUS Triloba. (Bush Form) (III) A handsome shrub or small tree covered in May with delicate, double pink flowers. 50 cents; larger, 75 cents.

PRUNUS Pissardi. See Trees.

ROBINA Hispida. (Bush Form) (III) Beautiful and attractive bush. Clusters of pea-shaped flowers. 50 cents; larger, 75 cents. Extra large, \$1.00 each.

RHODOTYPHUS, Kerroides. (White Kerria) (II) A handsome shrub with good foliage and snow-white flowers the latter part of May, followed by black berries. A profuse bloomer.

RHAMNUS Cathartica. The well-known hedge plant valued for its extreme hardiness and strong upright growth.

RHUS Cotinus. (See cut) (Smoke Tree or Purple Fringe) This shrub or small tree differs widely from all others. Its beauty consists in the dense masses of mist-like flowers, surrounding the seeds in mid-summer, and apparently enveloping the tree in puffs.

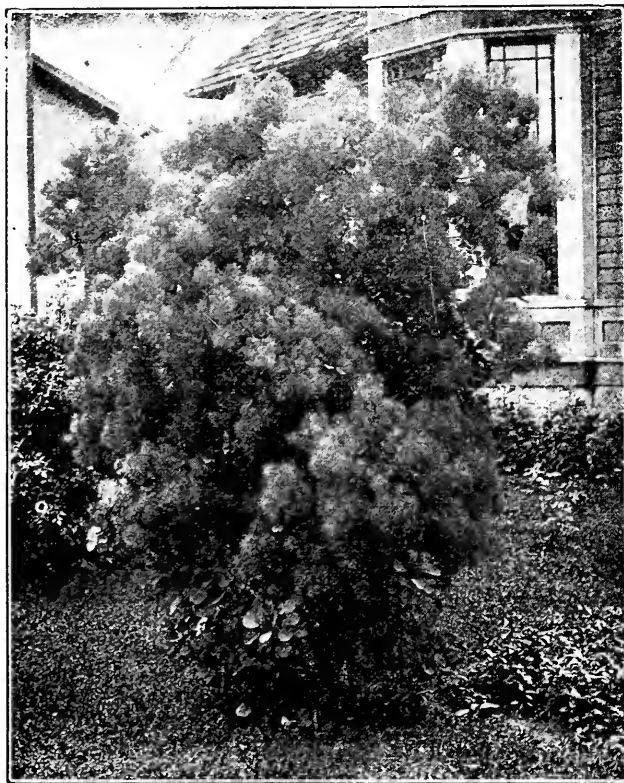

Chionanthus Virginica. (White Fringe Tree) (III) Drooping white flowers.

Canadensis. (Sumac) (II) A native shrub topped in autumn with crimson heads of seed.

Glabra. (Smooth Sumac) (III) Leaves color brightly in autumn. Flowers in July, followed by brownish-crimson fruit.

Typhina. (Stag Horn Sumac) (III) Scarlet head of fruit and brilliant foliage.

Typhina Laciniata. (Fern-leaved Sumac) (III) Brilliant foliage. Crimson fruit.

Rhus Cotinus

PRICES ALL VARIETIES on this page except where otherwise noted in two (or more) year old well rooted plants, 25 cents each; \$2.50 per dozen, SENT PREPAID.

ALL VARIETIES on this page in large three to four year size 35 cents each; \$3.50 per dozen. In extra large heavy selected plants for producing immediate effects 50 cents each; \$5.00 per dozen.

Hardy Flowering Shrubs.

RIBES. Aureum. (I) Fragrant yellow flowers followed by dark brown fruit.

Gordianum. (II) May. Yellow and crimson flowers.

ROSE OF SHARON. See *Atheas*.

ROSA RUGOSA. Japanese Rose (III) These beautiful roses are fast becoming popular, their bright glossy foliage which appears to be insect-proof, together with the showy, large single flowers, which are followed by bright red fruits, making them particularly desirable plants for hedges or the shrubbery border.

SPIREAS. This is one of the largest groups of flowering shrubs, and it is rarely that a group is planned without including some of its widely differing forms. We have endeavored to select, among the many kinds, the few which most clearly show the different types of beauty, without confusing our customer with an unnecessarily long list of names. The flowering period is more extended than that of any other group of shrubs. Their foliage is attractive at various seasons.

Anthony Waterer. (I) May to September. Heads of crimson flowers.

Arguta. (II) May. Narrow, bright green leaves. Flowers pure white.

Fontenayii Rosea. (II) June and July. Slender, upright branches and pink flowers. Fine for massing.

A Planting of *Spirea Van Houttei*.

Argentea. (II) July. Grayish green foliage. Small white flowers in corymbs.

Bumalda. (I) May to September. Rose-colored flowers.

Billardi. (II) A strong grower, with dull green foliage and dense panicles of bright pink flowers in July and August, with occasional blooms during the fall. A good one for mass planting.

Callosa Froebeli. (II) Early and very free flowering shrub. Flowers dark, violet red, very fragrant.

Callosa Rosea. (I) A very handsome variety, blossoming in midsummer and autumn; clusters of beautiful rose-colored flowers. Valuable in every way.

Callosa Rubra. (Japanese Variety) (I) A very fine and rare variety bearing bright red berries.

Douglasii Rosea. (II) Rose colored flowers.

Fontenayii Alba. (II) A white form of the above.

Marguerite. (I) A beautiful variety with deep rose-colored flowers.

Menziesii. (II) Pink flowers.

Opulifolia Aurea. (Golden Leaved) (III) Yellow tinted foliage and white flowers.

Reevesiana. (II) May. A slightly drooping shrub covered in May with clusters of white flowers almost covering the branches.

Salicifolia Alba. (II) June to September. Rose colored flowers. Fine.

Semperflorens. (I) Red flowers in corymbs. One of the best dwarf varieties.

Sorbifolia. (II) July. A distinct type, bearing heads of white flowers.

Thunbergii. (I) Fluffy masses of small white flowers. Earliest to flower.

Van Houttei. (II) The most beautiful of the Spireas. We recall no shrub that exceeds this in the graceful, elm-like quality. The graceful branches, weighted down with a wealth of white blossoms, curve till they nearly touch the ground. It comes into bloom just before Decoration Day. If we were limited to one variety, we should select this.

Spirea Callosa Rosea.

PRICES ALL VARIETIES on this page except where otherwise noted in two (or more) year old well rooted plants 25 cents each, \$2.50 per dozen. SENT PREPAID.

ALL VARIETIES on this page in large three to four year old plants, 35 cents each; \$3.50 per dozen. In extra large heavy selected plants for producing immediate effects, 50 cents each, \$5.00 per dozen.

Hardy Flowering Shrubs.

"When Lilacs late in the dooryard bloomed".
—Walt Whitman.

SYINGA Lilac. (III) These old-fashioned shrubs are always popular, and with the present revival of the "old-fashioned garden," no collection is complete without them. No matter how small the garden, every one wants Lilacs, and everywhere in the country, be it near a roadside farm, or in the garden or shrubbery of a fine estate, one finds them adding beauty and sweetness to any surroundings. Our stock is unusually fine.

Alphonse Lavelle. Large panicles, double blue flowers, shaded violet. 75 cents and \$1.00 each.

Japonica. (Japan Tree Lilac) The only tree form in the group. Exceedingly handsome when in bloom, and valuable for prolonging the Lilac season well into June. The leaves are leathery, large and dark; flower-plumes large and long, white, showy, and carried well above the foliage. Makes a good specimen. \$1.00, \$1.50 and \$2.00 each.

Madam Abel Chatney. Large panicles, double white, very fine. \$1.00 and \$1.50 each.

Mme. Lemoine. Double white flowers. A handsome variety. 50 cents, 75 cents and \$1.00 each.

Josikaea. Valuable on account of late blooms. Large purple flowers. 50 cents and 75 cents.

Insignis Rubra. Buds dark red, opening into rose purple flowers. One of the best. \$1.00 and \$1.50 each.

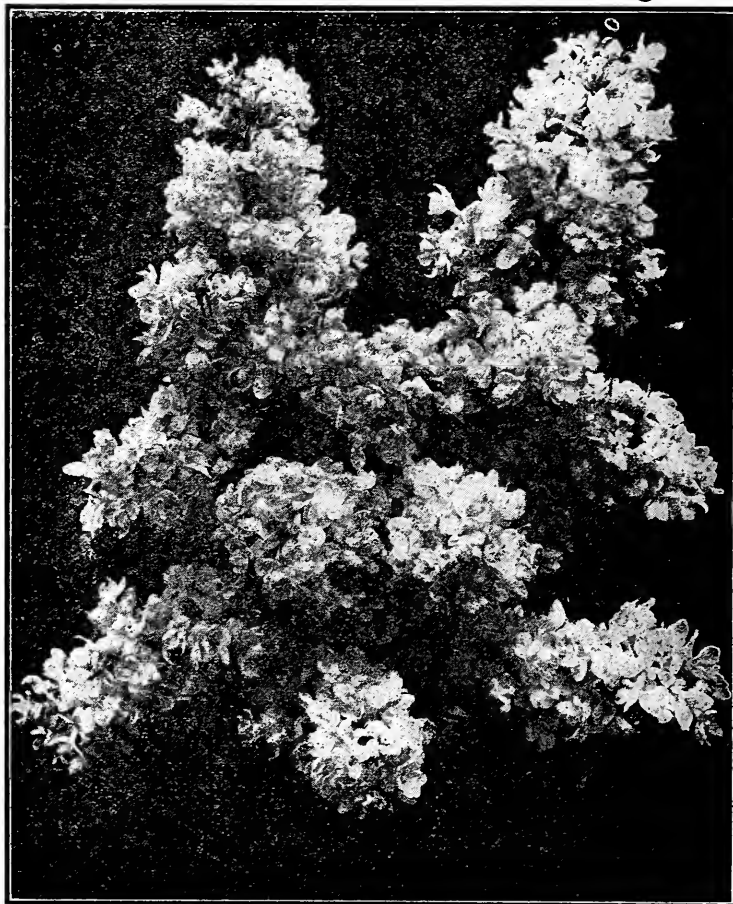

Sougeana. A new sort that we obtained from France. It has showy dark red panicles of bloom. Thrifty plants, 75 cents.

Rubra de Marley. Single, reddish purple. 50 cents and 75 cents each.

Sou de Ludwig Spaeth. Immense trusses of deep purplish red. A distinct and beautiful variety. 50 cents and 75 cents.

Vulgaris. (Old-fashioned Lilac) The familiar species of all fine old gardens, with heart-shaped leaves and dense panicles of lilac flowers in May, still the most fragrant of any. Price below.

Alba. (Old-fashioned White Lilac) Similar to the former, with pure white, very fragrant flowers. Price below.

SYRINGO or MOCK ORANGE. See Philadelphus.

Syringa (Lilac).

SAMBUCUS Canadensis. (White Elder) (III) Attractive flowers followed by clusters of deep purple berries.

Lacinata. (III) Very valuable on account of its deeply cut foliage.

Nigra Aurea. (Golden Elder) (III) Has bright leaves of a clear, golden-yellow.

Nigra. (European Elder) (III) White flowers. Black fruit.

Variegata. (III) Variegated-leaved Elder. Of strong, healthy growth; foliage mottled with yellow and white.

SMOKE TREE. See Rhus cotinus.

SNOWBALL. See Viburnum.

SNOWBERRY. See Symphoricarpus.

STEPHENANDRA Flexuosa. (II) June. Pure white flowers.

STRAWBERRY TREE. See Euonymus in trees.

SYMPHORICARPUS RUBRA. (I) A graceful, low-growing shrub, with deep red berries clustered and crowded along its arching twigs. The branches take root, where they touch the ground and therefore are useful to hold steep banks and edge groups of tall shrubs. The only shrub to grow under large trees or in exceedingly dense shade and thrive.

Racemosus. (II) Milkwhite berries that contrast finely.

Vitex Agnus Castus.

PRICES ALL VARIETIES on this page except where otherwise noted in two (or more) year old well rooted plants, 25 cents each, \$2.50 per dozen. SENT PREPAID.

ALL VARIETIES on this page in large three to four year old plants, 35 cents each; \$3.50 per dozen. In extra large heavy selected plants for producing immediate effects, 50 cents each; \$5.00 per dozen.

Hardy Flowering Shrubs.

TAMARIX. Attractive tall-growing shrubs with fine, feathery foliage like that of Junipers. Splendid shrubs for general planting, for sea-shore planting or damp places. Flowers profusely and are usually a delicate pink color.

Africana. (III) June. Pinkish flowers, bluish-green leaves.

Gallica. (III) June. Pinkish flowers, bluish-green leaves.

Hispida Aestivalis. (III) July. Pink flowers. Its neat flowers and blue-green foliage are very ornamental.

Indica. (III) Pink flowers.

Japonica Plumosa. (III) Pink flowers in slender racemes.

Odessana. (II) Pink flowers in panicle racemes. 35 cents; larger, 50 cents.

Parviflora Glauca. (III) Silvery blue foliage. Showy pink flowers.

Tetandra Purpurea. (II) Beautiful pink.

VIBURNUM. (See cut) An important group of shrubs. Members of the genus are conspicuous for the good qualities needed in landscape planting. They all have good, healthy foliage.

Dentatum. (III) Cream white, flat-topped cluster flowers.

Lantana. (III) White flowers, clusters of bright red fruit, changing to black. 25c and 35c.

Opulus. (Highbush Cranberry) This handsome shrub has bright red fruits; are in some sections used as a substitute for the Cranberry. It has large, healthy leaves, and free from insect attacks.

Oxyococcus Nanus. (I) An excellent compact growing dwarf shrub. Very desirable for low hedges, perfectly hardy.

Plicatum. (Japanese Snowball) (III) Large balls of flowers white as snow.

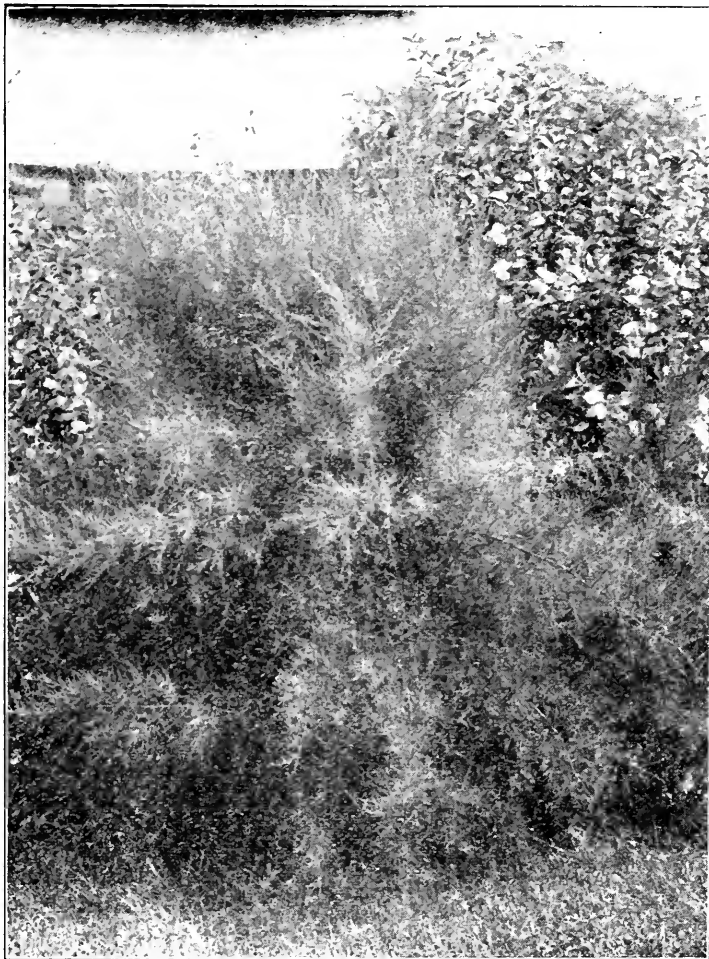

Sterilis. (Common Snowball) (III) Flowers white, borne in clusters.

Tomentosum. (III) White flowers. 25c; larger, 35c.

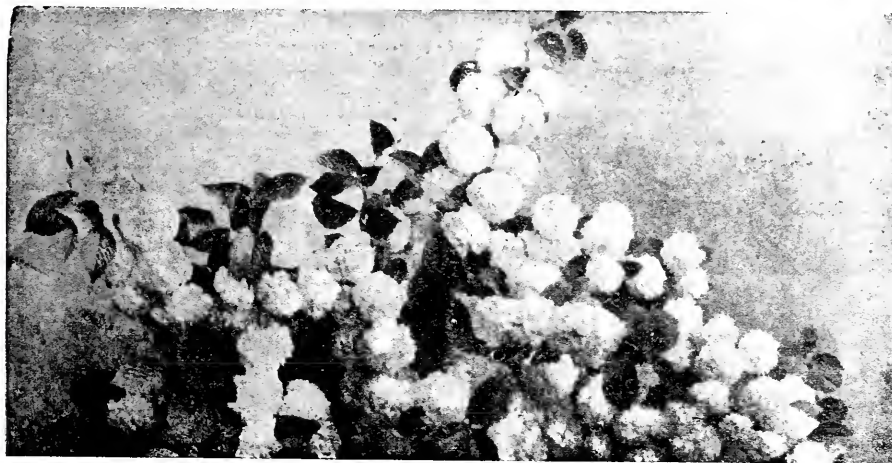

Tree Snowball. This is the well known snowball grown in tree form. We have a nice stock of plants 4 to 5 feet in height with two-year-old heads. These we can recommend as something very choice. Price, \$1.00 each; extra large, \$2.00.

VITEX Agnus-Castus. The dark green foliage is star-shaped and pretty. Flowers in racemes of lavender blue in Aug. and Sept. when few other shrubs are in bloom.

WEIGELIAS. Beautiful shrubs that bloom in June and July. The flowers are produced in so great profusion as almost entirely to hide the foliage.

Tamarix. Tetandra Purpurea.

Viburnum Snowball

WEIGELIA. Amabilis. (I) May or June. Delicate pink flowers. 25c.

Candida. (III) Flowers pure white, borne all through the summer months. One of the most free blooming of all Weigelias. 25c.

Eva Rathka. A very profuse bloomer and continues to produce its dark carmine red flowers during the entire summer. 35c; larger, 50c.

Gustave Mallet. (II) Flowers deep rose, of erect, compact habit. 25c.

Hendersoni. (II) An excellent variety with dark red flowers; very fine. 25c.

Nana Variegata. (I) May. Pink flowers and variegated green and yellow foliage. 25c.

Desbousii. (II) Deep rose flowers in profusion. 25c.

Stelznerii. (III) May. Dark red flowers; a very strong grower. 25c.

Van Houttei. (II) May. Clear carmine flowers. 25c.

PRICES ALL VARIETIES on this page except where otherwise noted in two (or more) year old well rooted plants, 25 cents each, \$2.50 per dozen. **SENT PREPAID.**

ALL VARIETIES on this page in large three to four year old plants, 35 cents each, \$3.50 per dozen. In extra large heavy selected plants for producing immediate effects, 50 cents each; \$5.00 per dozen.

A Page of Beautiful Specimens.

These shrubs and trees have been growing in Wagner Park, adorning the landscape here for a number of years, but needing the space for further development we are this season offering a limited variety of specimens. They are all in excellent condition for transplanting and are of great value.

It has taken several years to grow these into specimens, and could you, who are wanting immediate effects, but see them you would grasp at the opportunity of securing some of these fine heavy plants. One of these developed specimen plants will be as effective as a half dozen small plants; hence, economy to buy them. Order from this list if you want the very largest and choicest stock possible to produce. See other parts of catalog for full description of varieties listed.

Shrubs.

These shrubs are broad, heavy plants, and most of these specimen shrubs are dug with a ball of earth with the roots intact and undisturbed, which are carefully protected and packed, that they arrive in splendid condition.

SPECIMEN SPIREA VAN HOUTTEI—This variety is the most beautiful, most satisfactory of all flowering shrubs. Plant them anywhere. They are sure to please, and will produce satisfactory results.

Ornamental Hedge Plants.

Hedges take the place of fences and are much more desirable and attractive for general landscape effect.

Every owner of property, whether a large estate or a small city lot, wishes to have the surroundings of the home look beautiful. In producing a truly pleasing and attractive landscape effect the selection of a fence has always been a serious problem. Something is needed to outline the lawn clearly, but what to use is often a perplexing question. How easy this difficulty is solved when we consider the hedge. Nothing is better suited for the purpose and more desirable. A hedge will beautify the plainest kind of grounds and add immeasurably to the original attractiveness of grounds already beautiful. Contrast in your mind the wooden or iron fence with a fence that nature provides. The former is clumsy and contrasts rudely, while the hedge blends beautifully with the green lawn and surroundings.

To make a satisfactory hedge the ground should be well prepared before planting. If the soil is of poor quality, a trench should be dug 15 to 18 inches in depth, filling this in with good rich soil. This will insure rapid and strong root growth, which will well repay for the time and trouble.

PRUNING AND CARE OF HEDGES. To secure a compact hedge and one of even growth, it is necessary, when the plants are first set out to prune back quite severely to an even height. This will encourage strong bottom growth and makes the foundation of a good hedge.

LIGUSTRUM. (Privet) The most popular and satisfactory of all hedge plants, as the hardy varieties can be planted in the extreme Northern States with perfect safety. With Privet you can have a hedge of any height or shape desired, as they stand shearing well.

Amurensis. (Amoor Privet) Glossy green foliage and hardy in all localities, nice plants, \$1.00 per doz.; \$7.00 per 100. Extra large size, \$2.50 per doz.; \$15.00 per 100.

Media. A very hardy variety, covered with berries during the fall and winter. Nice plants, \$1.00 per doz.; \$7.00 per 100.

Ovalifolium. (California Privet) The most popular variety, has very fine foliage and is nearly evergreen. Not hardy in the extreme Northern States. Nice plants, \$1.00 per doz.; \$5.00 per 100. Larger plants, \$1.50 per doz.; \$7.50 per 100.

Regelianum. (Regel's Privet) Absolutely hardy, and is sufficiently dense for hedge purposes even without trimming. Nice plants, \$1.50 per doz.; \$10.00 per 100; large size plants, \$2.50 per doz.; \$18.00 per 100.

Sinensis Nana. A very graceful variety that will give a particularly pleasing effect. Excellent for southern gardens. Takes the place of boxwood. Not quite hardy in extreme Northern States. \$2.00 per doz.; \$12.00 per 100. Extra large, \$3.00 per doz.; \$20.00 per 100.

BERBERIS Thunbergii. A beautiful low-growing shrub, covered with red berries nearly all winter. Large size, \$2.50 per dozen; \$15.00 per 100. Extra large, \$3.00 per dozen; \$20.00 per 100.

ROSA RUGOSA Japanese Rose. (III) These beautiful roses are fast becoming popular as hedge plants, their bright, glossy foliage, which appears to be insect-proof, together with the showy, large single flowers, which are followed by bright red fruits, making them particularly desirable plants for hedges or the shrubby border. \$2.50 per dozen; \$15.00 per 100. Large size, \$3.50 per doz.; \$25.00 per 100. Extra heavy, \$5.00 per dozen; \$35.00 per 100.

RHAMNUS Cathartica. A desirable hedge plant of rather coarse growth. Extensively used on account of its extreme hardiness. Nice plants, \$2.00 per doz.; \$12.00 per 100. Larger size, \$3.00 per dozen; \$20.00 per 100.

EVERGREENS

THUYA Arbor Vitae. Nice young plants, \$2.50 per dozen; \$15.00 per 100. Bushy plants, 2 feet high, \$5.00 per dozen; \$35.00 per 100. Heavy, 2½ to 3 feet plants, \$7.50 per dozen; \$50.00 per 100.

PICEA Excelsa. (Norway Spruce) Nice young plants, 15 to 18 inches high, \$2.50 per dozen; \$15.00 per 100. 18 to 24 inches high, \$5.00 per dozen; \$35.00 per 100.

For larger sizes see other list of Evergreens.

Other Suitable Shrubs: Althea, Berberis Purpurea and Vulgaris, Cydonia Japonica, Deutzia Pride of Rochester, Desmodium, Pendulifolium, Lonicera, Philadelphus Speciosa and Coronarius, Spirea A. Waterer, Prunifolia, Bumalda and Van Houttei, Syringa (Lilacs) Vulgaris and Vulgaris Alba, Symphoricarpos (Snowberry) Rubra, Viburnum Sterilis.

For description see other parts of Catalogue.

Special Prices on Berberis Thunbergii for Hedging.

Growing thousands and thousands of these most desirable hedge plants, can offer this season one year old thrifty plants (seedlings) 12 or 15 inches high, \$1.00 per dozen; \$5.00 per 100.

These plants will produce a most beautiful hedge, but as they are young will of course take some time longer than if the larger sizes offered above are planted. Order now, today, that you may not be disappointed.

Fruit Department.

No home grounds are complete without at least a few fruit trees. Nothing is more beautiful in early spring than a fruit tree full of bloom, besides the great satisfaction derived from picking fine, ripe fruit from trees in your own yard. Our list of varieties is somewhat limited but all offered below is the very choicest and best for general planting.

APPLES—Early Varieties.

- ✓ **Early Harvest**—Medium, pale yellow, tender, juicy.
- ✓ **Yellow Transparent**—Earliest and best; white, tender, juicy, sprightly, sub-acid.
- ✓ **Red Astrachan**—Large, beautiful, deep crimson; good cooker.

APPLES—Late Varieties.

- ✓ **Ben Davis**—Large, handsome, striped, valuable.
- ✓ **Baldwin**—Large, bright red, crisp, juicy, rich.
- ✓ **Bismark**—Handsome, yellow, sometimes shaded red; red cheek.
- ✓ **Golden Russet**—Medium, dull russet, crisp, juicy.
- ✓ **Northwestern Greening**—Hardy, yellow, rich, of good size, extra long keeper.
- ✓ **Rome Beauty**—Large, yellow, shaded red; tender, juicy, sub-acid.
- ✓ **Wagner**—Good size, deep red in the sun; flesh firm, sub-acid, excellent.
- ✓ **White Pippin**—Large, yellow, tender, sub-acid; good grower and keeper.

All varieties, 40 cents; \$4.00 per dozen; larger size, 60 cents; \$6.00 per dozen.

CRAB APPLES

- ✓ **Hyslop**—Large, deep crimson; one of the most beautiful of Crabs; very popular.
- ✓ **Transcendent**—Immensely productive, bright red, one of the most popular.

All varieties, 35 cents; \$3.50 per dozen; \$25.00 per 100 larger size, 50 cents; \$5.00 per dozen.

PEARS—Early Varieties

- ✓ **Bartlett**—Large, buttery, juicy, high-flavored, great bearer; very popular.
- ✓ **Clapp's Favorite**—Very large, yellow and dull red, with russet specks, melting, rich.

PEARS—Late Varieties

- ✓ **Flemish Beauty**—Large, juicy, rich; one of the hardiest.
- ✓ **Keiffer**—Its large size and handsome appearance make it exceedingly profitable for market.
- ✓ **Worden-Seckel**—(New.) Very fine and productive.

All varieties, 40 cents; \$4.00 per dozen; larger size, 60 cents; \$6.00 per dozen.

CHERRIES

- ✓ **Baldwin**—Large, round, slightly sub-acid, sweet and rich.
- ✓ **Early Richmond**—Medium, dark red, melting, juicy, sprightly, rich acid.
- ✓ **English Morello**—Fair size, blackish red, rich acid, juicy, good.
- ✓ **Montmorency**—Large, red, productive, ten days later than Early Richmond.
- ✓ **May Duke**—Large, red, juicy, rich. Very fine.
- ✓ **Napoleon**—Large, pale yellow or red; firm, juicy, sweet and productive.
- ✓ **Windsor**—Fruit large, remarkably firm and of fine quality. A late variety.

All varieties, 40 cents, \$4.00 per dozen; larger size, 60 cents; \$6.00 per dozen.

PLUMS

- ✓ **Diamond**—A large, magnificent plum. Dark purple; beautiful bloom.
- ✓ **Lombard**—Medium, violet red, juicy, good, hardy and productive.
- ✓ **Abundance**—Fruit large, lemon yellow, with heavy bloom; good quality.
- ✓ **Burbank**—The best and most profitable for market.

All varieties 50 cents; \$5.00 per dozen; \$35.00 per 100.

PEACHES

- ✓ **Crawford's Early**—A magnificent large yellow peach of good quality.
- ✓ **Elberta**—Large, yellow, with red cheek; flesh yellow, firm, juicy.
- ✓ **Lemon Free**—Lemon shaped and color large size.

All varieties, 25 cents; \$2.50 per dozen; \$15.00 per 100; larger size, 35 cents; \$3.50 per dozen; \$25.00 per 100.

GRAPES

- ✓ **Concord**—The well known standard variety, succeeds wherever grapes will grow.
- ✓ **Early Ohio**—Very early, hardy, and productive.
- ✓ **Wilder**—Bunch and berry, very large and round.
- ✓ **Worden**—A splendid grape. Vine vigorous; hardy and productive.
- ✓ **Catawba**—Berries large, round; when fully ripe of a copper color.
- ✓ **Diamond**—The leading early white grape. White, with rich, yellow tinge.

All varieties, 25 cents; \$2.50 per dozen; \$15.00 per 100.

BLACKBERRIES

- ✓ **Eldorado**—Fine, large clusters. Very hardy.
- ✓ **Rathbun**—A very fine, large variety.

Both varieties, 10 cents; \$1.00 per dozen; \$5.00 per 100.

RASPBERRIES

- ✓ **Cumberland**—The best black.
- ✓ **King**—The best red.
- ✓ **Golden Queen**—The best white.

All varieties, 10 cents; \$1.00 per dozen; \$3.00 per 100.

DEWBERRIES

- ✓ **Lucretia**—The largest and best variety. 10 cents; \$1.00.

CURRANT

- ✓ **Black Champion**—Very productive, large bunch and berry, excellent quality.
- ✓ **White Grape**—Yellowish white; excellent quality for the table.
- ✓ **Wilder**—Fine and very productive.

All varieties 15 cents; \$1.50 per dozen; \$10.00 per 100.

GOOSEBERRIES

- ✓ **Downing**—Large, handsome, pale green and of splendid quality. 15 cents; \$1.50 per dozen; \$10.00 per 100.

STRAWBERRIES

- ✓ **Senator Dunlap**—The best grower and free bearing. 50 cents per dozen; \$3.00 per 100.

FOUR CHOICE HARDY VEGETABLES

The supplying of seed, etc., for the vegetable garden we leave to the specialist in that line. But being advocates of hardy plants as well as recognizing the decorative value in the fine foliage of the Asparagus and Rhubarb which follows the family supply of these choice vegetables during the early month, we recommend giving place in every yard to these few vegetables. They require no care nor attention whatever after once established.

RHUBARB Linnaeus (or Pie Plant.) Large, early, tender and fine. The very best of all. 15 cents; \$1.50 per dozen.

Hobdays Giant. Extraordinary large and of excellent flavor. 25 cents; \$2.50 per dozen.

ASPARAGUS. Conover's Colossal. A standard variety of large size, tender and excellent quality. Good, strong roots. 25 cents per dozen; \$1.50 per 100.

Mammoth White. Strong, vigorous growth, producing very large, white shoots. 25 cents per dozen; \$1.50 per 100.

Shade and Ornamental Trees.

Judicious planting of ornamental trees and shrubs enhances the value of real estate more than an equal amount of money invested in any other way.

Our complete list of shade and ornamental trees comprises nearly three hundred varieties, but have taken extra precaution in the list here, selecting only such kinds as possess distinctive and decorative merit, all of which are suitable for lawn, park, or avenue planting.

Trees for Special Positions

We classify these that our customers may select trees especially suited to their position and needs. Those varieties not classified may be used in general planting, hardy borders, etc. All varieties we list possess some distinction and merit.

VARIETIES FOR LAWN SPECIMENS

Acer Platanoids, Dasycarpum, Wieri Laciniata, Pseudo Platanus, Reitenbachi, Schwedleri and Negundo; Esculus Hippocastanum and Rubicunda; Betula Alba; Cornus Florida; Catalpa Speciosa; Fagus Sylvatica, Purpurea; Riversi; Liquidamber; Liriodendron; Platanus Orientalis; Occidentalis; Salisburia; Tilia Europea Americana and Ulmus Americana.

VARIETIES FOR STREET AND AVENUE PLANTING.

Acer Platanoides, Dasycarpum, Pseudo Platanus, Schwedleri and Negundo; Catalpa Speciosa; Larix Europea; Liquidamber; Platanus Orientalis and Occidentalis; Populus Deltoides; Quercus Palustris; Tilia Americana and European; Ulmus Americana

VARIETIES FOR SMOKY, CONGESTED CITY

STREETS, which demand a sturdy, robust tree. Acer Platanoides; Ailanthus; Catalpa Speciosa; Gymnocladus; Populus Carolina; Platanus Occidentalis and Orientalis; Salisburia; Ulmus Americana.

VARIETIES PRODUCING FLOWERS. Nothing is more attractive than a group of flowering trees. See description and color on the following pages. Esculus; Aralia; Ceris; Cerasus; Crataegus; Cornus; Catalpa Speciosa; Koelreuteria; Liriodendron; Magnolias; Persica; Pyrus; Prunus Trilboa; Robina; Sophora; Sorbus Aucuparia.

Have your grounds ready to plant upon arrival of trees if possible. If, however, impossible to do this, unpack and heel in, that is, dig a trench and cover the roots with fine soil, pressing it down firmly that there are no air spaces to the roots, and if soil is very dry, give a watering. Make preparation to plant in their permanent place at the earliest date possible after receiving them. If shipment should arrive in a frozen condition do not unpack, but put in a cool place, free from frost, until perfectly thawed, when they may be unpacked and planted.

In planting make the hole wide enough so that when the tree is set out, you can spread out the roots, always avoiding as much as possible twisting and crowding the roots. Work the soil in carefully about the roots, leaving no cavities or air spaces, and pack the soil firmly.

SPECIAL NOTE.—In addition to the regular sizes listed, we have a lot of extra choice specimens which price varies according to variety and size, \$5.00 to \$25.00 each.

Acer (Maple). One of the most sturdy and desirable lawn trees. Avenues planted with them grow in grandeur each year thereafter. Our assortment and stock is fine.

ACER Dasycarpum. (Silver Maple) There is more foliage for the cost in this Maple than in any other tree. It is the best of the quick-growing trees for most soils and situations. 6 to 8 ft., 75 cents; 8 to 10 ft., \$1.00 to \$1.25; 10 to 12 ft., \$1.50 to \$2.00; specimens, \$2.50 to \$5.00 each.

Negundo. (Ash-leaved Maple or Box Elder) A handsome tree. 6 to 8 ft., \$1.00; 8 to 10 ft., \$1.50; 10 to 12 ft., \$2.00 to \$2.50.

Platanoides. (Norway Maple) Deep green leaves. One of the best. 6 to 8 ft., \$1.00; 8 to 10 ft., \$1.50 to \$2.00; specimens, \$2.50 to \$5.00.

Pseudo Platanus. (Sycamore-leaved Maple) Foliage deep green on upper surface and purplish red underneath. 6 to 8 ft., \$1.00; 8 to 10 ft., 1.50 to \$2.00.

Reitenbachi. A beautiful and striking variety because of its rich, changing foliage; decidedly purple. 6 to 8 ft., \$1.50 to \$2.00.

Rubrum. (Red or Scarlet Maple) Foliage bright scarlet in autumn. 4 to 6 ft., \$1.00 to \$1.25; 6 to 8 ft., \$1.50 to \$2.00.

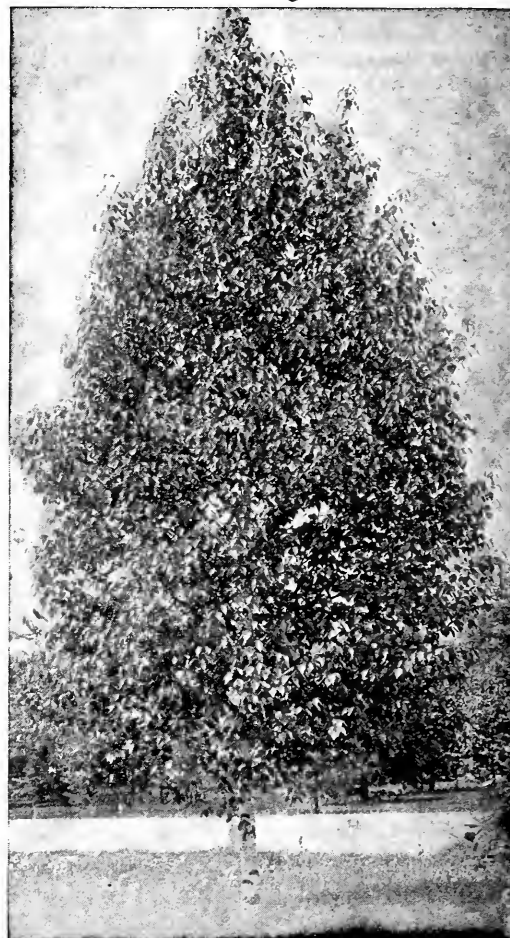

Saccharum. (Sugar Maple) Used for shade on lawn or park plantings. 6 to 8 ft., \$1.25 to \$1.50; 8 to 10 ft., \$2.00 to \$2.50.

Schwedleri. (Purple-leaved Maple) Leaves bright purplish crimson which changes to purplish green; 6 to 8 ft., \$2.00 to \$2.50.

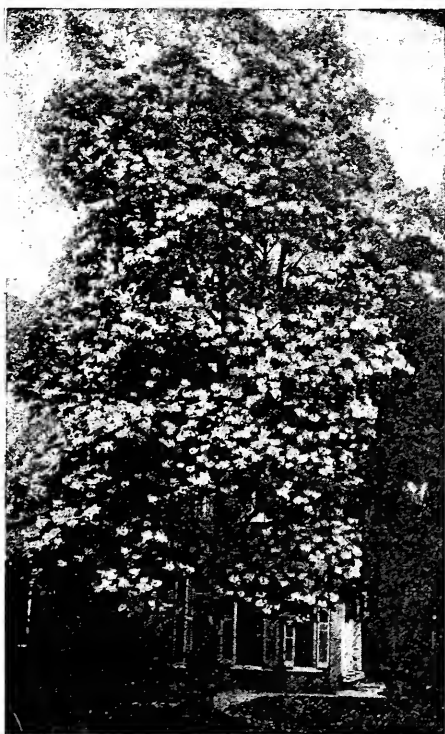

Wieri Laciniatum. (Wier's Cut-leaved Maple) A very beautiful specimen tree, with delicately cut leaves and distinct, half-drooping habit. The leader grows rapidly upright, the slender lateral branches curve gracefully downward. Of noble proportions when undisturbed, yet patient under considerable pruning. Nice trees, 50 cents; 6 to 8 ft., 75c to \$1.00; 8 to 10 ft., \$1.25 to \$1.50; 10 to 12 ft., \$1.75 to \$2.00; heavy specimens, \$2.50 to \$5.00 each.

Shade and Ornamental Trees.

- AECULUS Hippocastanum** (Horse Chestnut) Double white flowered. 6 to 8 ft., \$1.00; 8 to 10 ft., \$1.50 to \$2.00.
Rubicunda. Red flowered. One of the finest trees. 8 to 10 ft., \$2.50; larger, 10 to 12 ft., \$2.00 to \$4.00.
- DWARF HORSECHESTNUT**. See Pavia in Shrub section.
- AILANTHUS**. (Tree of Heaven) An extremely rapid grower with palm-like leaves. Thrives in city lots exposed to gas and smoke, and in soils where most other trees perish. 6 to 8 ft., 75c to \$1.00; 8 to 10 ft., \$1.25 to \$1.50.
- ALNUS Glutinosa**. (European or Common Alder) Foliage roundish wedge-shaped, wavy. Remarkably quick in growth. 6 to 8 ft., 75c; 8 to 10 ft., \$1.00 to \$1.25; 10 to 12 ft., \$1.50 to \$2.50.
- Incana**. (Gray-colored Alder) 6 to 8 ft., \$1.00 to \$1.50; 8 to 10 ft., \$1.75 to \$2.00.
- ARALIA Spinosa**. (Hercules' Club) A showy native, with broad, handsomely cut leaves and huge clusters of small white flowers in July. Its winter effect is unique and handsome. 4 to 6 ft., 75c; 6 to 8 ft., \$1.00 to \$1.50; 8 to 10 ft. extra \$2.00 to \$2.50.
- Mandchuricus**. Tropical like foliage. 4 to 6 ft., 75c; 6 to 8 ft., \$1.00 to \$1.50; 8 to 10 ft., \$2.00 to \$2.50.
- BETULA Alba**. (See Cut) (European White Birch) 35 to 40 feet. Of rapid growth, attractive foliage and beautiful silvery-white bark. Droops just a little. 6 to 8 ft., 75c to \$1.25; 8 to 10 ft., \$1.50 to \$2.00. Heavy specimens, \$2.50 to \$5.00.
- Alba Lacinata Pendula**. (Cut-leaved Weeping Birch) A pyramidal tree with pendulous branches and deeply cut foliage. 5 to 6 ft., \$1.00 to \$1.50; 6 to 8 ft., \$2.00 to \$2.50.
- Youngii**. Forms beautiful pendulous heads. A weeping tree 3 to 4 ft., 75c; 5 to 6 ft., \$1.00 each; 7 to 8 ft., \$1.50 to \$2.00.
- Pyramidalis**. Columnar habit. Similar to the Lombardy Poplar. 6 to 8 ft., \$1.00 to \$1.50; 8 to 10 ft., \$2.00 to \$2.50.
- CATALPA Bungei**. (Umbrella Tree) A small species, forming a tree clothed with a dense mass of large, heart-shaped leaves; flourishes in all soils. It is grafted on a stem 5 to 8 feet high. It makes a handsome standard tree very dense, symmetrical head. 1 to 2 year heads, \$1.50 to \$2.00. Specimens, 3.00 to \$5.00.
- Bungei Dwarf**. Stems from 1 to 2 feet with large 3 to 5 year heads, \$2.50 to \$5.00 each. Excellent where a dwarf tree for formal effects is desired.
- Speciosa**. (See Cut) One of the most rapid growers. Large panicles of white flowers; very ornamental. 6 to 8 ft. 75c; 8 to 10 ft., \$1.00 to \$1.25; 10 to 12 ft., \$1.00 to \$2.00. Extra heavy specimens, \$2.50 to \$3.00.
- CERASUS Padus**. (European Cherry) Pure white flowers followed by black fruit. 6 to 8 ft., 75c to \$1.00; 8 to 10 ft., \$1.50 to \$2.00. Heavy specimens, \$2.50 to \$4.00.
- Rosea Pendula**. (Weeping Cherry) Japanese variety. Rose-pink flowers, 2 year heads, \$1.50; 3 to 4 year heads, \$2.00 to \$3.50.

Betula Alba (White Birch)

Catalpa Speciosa

CERCIS. (Judas Tree)
 (Red Bud) Reddish-purple flowers. 4 to 5 ft., 50c; 5 to 6 ft., \$1.00 to \$1.50; 6 to 8 ft., \$2.00 to \$2.50.

CORNUS Florida. (White Dogwood) Deep crimson autumnal colored leaves. 3 to 4 ft., \$1.00 to \$1.50; 5 to 6 ft., \$2.00 to \$3.00.
Rubra. Flowers deep pink. 2 to 3 ft., \$1.50.

CRATAEGUS Coccinea. **Fl. Pl.** (Paul's Double Scarlet.) Fine double crimson flowers. 4 ft., \$1.00; 5 to 6 ft., \$1.50 to \$2.50.

Oxyantha, Alba Flore pleno. (Double White Hawthorn) When in bloom, a mass of clustered double, rose-like white blossoms. This is the famous May Thorn of English gardens; spreading branches and stout spines. Very handsome, 4 ft., 50c to 75c; 5 to 6 ft., \$1.00 to \$1.25; 7 to 8 ft., \$1.50 to \$2.00; 8 to 10 ft., Extra \$2.50 to \$3.00.

CYPRESS. Deciduous, see Taxodium.

EUONYMUS Europaeus. A small tree of vigorous growth. Foliage is broad and deep green, turning to crimson in the fall. The flowers are followed by orange-scarlet fruits. 4 to 5 ft., 75c; 6 to 8 ft., \$1.00 to \$1.50.

FAGUS. (Beech) These trees, because of their elegant habit and delicate tracery of foliage, adapt themselves to the most ornamental situation. They transplant well with a ball of earth (as we handle them) and may be used for any purpose.

Asplenifolia Heterophylla. (Fern-leaved Beech). Leaves deeply divided. 3 ft., \$1.50 to \$2.00; 4 to 6 ft., \$2.50 to \$3.50.

Purpurea Pendula. (Weeping Purple Beech) Beautiful purple foliage. 3 to 4 ft., \$1.50 to \$2.00; 5 to 6 ft., \$2.50 to \$3.50.

Sylvatica. (European Beech) A compact, long-lived tree having dense, dark green foliage, 6 to 8 ft., \$2.00 to \$3.00.

Riversi. (River's Purple Beech) Leaves very dark purple. Nice trees, 3 to 4 ft., \$1.00 to \$1.50; 5 to 6 ft., \$2.00 to \$3.00; 7 to 8 ft., \$3.50 to \$5.00. Heavy specimens, \$6.00 to \$8.00.

FRAXINUS Excelsior. A lofty tree with handsome foliage, 6 to 8 ft., \$1.00; 8 to 10 ft., \$1.50 to \$2.00.

Americana. A rapid growing long lived tree of fine proportions and a very desirable lawn tree. 6 to 8 ft., 75c to \$1.00; 8 to 10 ft., \$1.25 to \$1.50; 10 to 12 ft., \$2.00 to \$3.00.

Shade and Ornamental Trees.

GLEDITSCHIA. Tricanthos. (Honey Locust) A large, vigorous tree, with wide-spreading branches, feathery fern-like leaves, and a stout armament of thorns. Makes a fine defensive hedge. Bears long, pendent seed-pods, slightly twisted, with contents of a sweetish, flavor. 6 to 7 ft., 75c to \$1.00; 8 to 10 ft., \$1.25 to \$2.00.

GYMNOCLADUS. Canadensis. (Kentucky Coffee Tree) Feathery foliage. 6 to 8 ft., \$1.00 to \$1.25; 8 to 10 ft., \$1.50 to \$2.00.

HYDRANGEA TREE. We have a very fine stock of this popular shrub grown in tree form. These make very beautiful little trees for the lawn. 75c; larger size \$1.00.

JUGLANS. Sieboldiana. (Japanese Walnut) Perfectly hardy, very ornamental. 6 to 8 ft., \$1.00; 8 to 10 ft., \$1.50 to \$2.00.

KOELREUTERIA. Paniculata. (Japanese Varnish Tree) Small attractive tree, covered with yellow flowers. 6 to 8 ft., \$1.50 to \$2.00.

LARIX. Europea. (Larch) A conifer with deciduous needle-like foliage. 3 to 4 ft., 50c to 75c; 5 to 7 ft., \$1.00 to \$1.25; 8 to 10 ft., \$1.50 to \$2.00; heavy specimens, \$2.50 to \$3.50.

LIQUIDAMBAR. (Sweet Gum) Glossy green foliage changing to bright red. (Shipped with ball or earth) 6 to 8 ft., \$2.00 to \$2.50.

LIRODENDRON. (Tulip Tree) Foliage dark green; creamy yellow flowers. 6 to 8 ft., \$1.25 to \$1.75; 8 to 10 ft., \$2.00 to \$2.50. Larger specimens \$3.00 to \$5.00.

MAGNOLIA. Acuminata. Cucumber Tree. Fruit cones, cucumber shape, turning crimson. 4 to 6 ft., \$1.00 to \$2.00.

Alexandrina. Purplish rose and white. 3 to 4 ft., \$1.50 to \$2.00; 4 to 5 ft., \$2.50 to \$3.00; heavy specimens, 6 to 8 ft., \$5.00 to \$7.50. All dug with ball of earth.

Lenni. Color dark rose, center pearly white. 3 to 4 ft., \$2.50 to \$3.00. All dug with ball of earth.

Soulangeana. Flowers large white tinged purple. 3 to 4 ft., \$2.00 to \$2.50; 4 to 5 ft., \$3.00 to \$4.00; heavy specimen trees, 6 to 8 ft., \$5.00 to \$7.50. All dug with ball of earth.

Speciosa. White tinged pink. 3 to 4 ft., \$2.00 to \$3.00. Dug with ball of earth.

Stellata. Semi-double white star-like flowers. 2½ to 3 ft., \$2.00 to \$2.50; 4 to 5 ft., \$3.00 to \$5.00. Dug with ball of earth.

MORUS Alba Tartarica. (Russian Mulberry) A very hardy and low growing type. 6 to 8 ft., \$1.00; 8 to 10 ft., \$1.50 to \$2.00; 10 to 12 ft., \$2.50 to \$3.00.

Pendula. (Weeping Mulberry) Umbrella shaped head, long drooping branches. 2 yr. heads, \$1.50; 3 yr. heads, \$2.00 to \$2.50; 4 yr. heads, extra fine, \$3.00 to \$5.00.

PAULOWNIA Imperialis. (Empress Tree) Tropical foliage. In north plant where protected. \$1; larger, \$1.50.

PERSICA. Rose Plena. (Flowering Peach) Beautiful double pink flowers. 4 to 5 ft., \$1.00 to \$2.00.

PLATANUS. Orientalis. (Orientalis Plane) (Sycamore) One of the oldest and best trees for street and avenue planting. A lofty, wide-spreading tree, with large leathery, clear-cut leaves that turn yellow in fall. 6 to 8 ft., \$1.00 to \$1.25; 8 to 10 ft., \$1.50 to \$2.00.

Platanus Sycamore

PLATANUS Occidentalis. (American Plane) Broad-spreading, round-topped, massive, and picturesque. Very effective in winter when its branches show almost as white as birch, and its mottled trunk of gray, green and brown is revealed. 6 to 8 ft., \$1.00; 8 to 10 ft., \$1.50; 10 to 12 ft., \$2.00 to \$2.50.

POPULUS. Alba Boileana. Similar to the well-known Lombardy. Its leaves are glossy green above, silvery beneath. Large heavy trees 12 to 14 ft., \$2.00 to \$3.50; 15 to 18 ft., \$4.00 to \$6.00.

Monilifera. (Carolina Poplar) Unexcelled for quick growth and effect, its rapid growth giving an air of luxuriance to places where other trees appear starved. Showy and cherry from the constant movement of its glossy, silver-lined leaves, yet always casting a dense, cool shade. Large heavy trees, 12 to 15 ft., \$1.50 to \$2.00; 20 to 24 ft., \$5.00 to \$7.50.

Nigra, or Italica. (P. fastigiata) (Lombardy, or Italian Poplar. Of obelisk form, growing rapidly to a tall spire. Forms striking lawn groups, and is much used for tall screens. Always makes a striking feature in any landscape. 6 to 8 ft., 75c; 8 to 10 ft., \$1 to \$1.50.

PRUNUS Pissardi. (Purple-leaved Plum.) A distinct and handsome little tree, rarely over 20 feet high, covered with a mass of small, white, single flowers in spring, later with showy, reddish purple leaves that deepen in color to the end of the season. Valuable for ornamental hedges or planting in quantity for contrast. It is perfectly hardy, and is an unique and beautiful ornament to the lawn at all times of the year. One of the most valuable of the flowering trees. 4 to 5 ft., 75c to \$1.00; 6 to 8 ft., \$1.50; 8 to 10 ft., \$2.00 to \$2.50; heavy specimens, \$3.00 to \$5.00.

PTELIA Trifoliata. (Hop Tree) (D) A round-headed loosely-branched tree with numerous clusters of light green fruit-pods. Prefers a shaded position and moist soil 4 to 5 ft., 75c; 6 to 8 ft., \$1 to \$1.50.

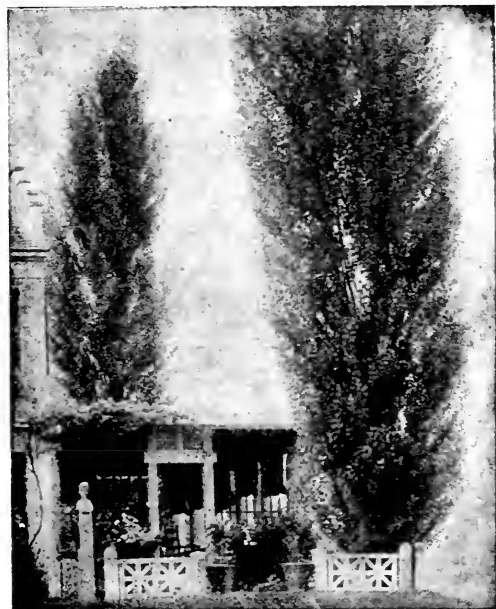

Trifoliata Aurea. (Golden Hop Tree) Showy golden yellow foliage, retaining its color all summer. \$1.00; larger, \$1.50.

PYRUS Augustifolia. (Bechtel's Flowering Crab) Double rose-like flowers of a delicate pink color. 4 to 5 ft., \$1.50 to \$2.00; 6 to 8 ft., \$2.50 to \$3.00.

Floribunda. (Flowering Crab) A large shrub or small tree, with rose-red flowers borne in great profusion in May. The fruit is red and very small, on long stems. 4 ft., \$1.50; 5 to 6 ft., \$2.00 to \$2.50; 6 to 8 ft., \$3.00 to \$4.00.

Floribunda Purpurea. A new type similar to the above other than foliage which is rich amber red, very beautiful. 4 to 5 ft., \$1.50 to \$2.00; 5 to 6 ft., \$2.50 to \$3.50.

Parkmani. (Parkman's Double-flowering Crab. An elegant Japanese variety with long-stemmed, semi-double flowers of deep rose color. 4 ft., \$1.50 to \$2.00; 5 to 6 ft., \$2.50 to \$3.50.

Populus Nigra (Lombardy Poplar)

Shade and Ornamental Trees.

QUERCUS Coccinea. (Scarlet Oak) Foliage purplish crimson in autumn. 6 to 8 ft., \$2.00 to \$3.00; 8 to 10 ft., heavy, \$4.00 to \$5.00.

Palustris. (Pin Oak) The most beautiful of all oaks. 6 to 8 ft. \$2.00 to \$2.50.

Robur. (English Oak) Massive spreading stature. 6 to 8 ft., \$1.50 to \$2.00; 8 to 10 feet, \$2.50 to \$3.50.

Rubra. (Red Oak) Foliage changes to bronze red in autumn. 6 to 8 ft., \$1.50 to \$2.50; 8 to 10 feet, \$3.00 to \$4.00.

PSEUDACACIA. (Black Locust) A familiar tree of rapid growth, that thrives in any place. The pinnate foliage is light and airy. In June the tree is fragrant with panicles of white flowers, and very ornamental. Its growth is rapid. 8 to 10 ft., \$1.00; 10 to 12 ft., \$1.50 to \$2.00.

SALISBURIA Adiantifolia. (Ginkgo or Maiden Hair Tree) Fern-like foliage, resembling Maiden Hair Fern. 6 to 8 ft., \$1.00 to \$1.50; 8 to 10 ft., \$2.00 to \$2.50.

SALIX. (Willows) This species of trees do best planted in low, moist soils, along the banks of streams or ponds, and where lowbranching trees are desirable. We offer the following varieties in bushy plants branched from the ground. We can supply most varieties in standard or tree form if desired.

Caprea. Pussy Willow) Foliage light green, whitish underneath. 3 to 4 ft., 50c to 75c; 4 to 6 ft., \$1.00 to \$1.25.

Pentandra. (Laure-leaved Willow) Dark green, glossy leaves. 6 to 8 ft., 75c to \$1.00; 8 to 10 ft., \$1.50 to \$2.00.

Purpurea Pendula. (New American Willow) A graceful variety with slender, drooping branches and silvery gray leaves. 4 year heads, \$2.50 to \$3.00.

Vitellina Aurea. Highly effective, with its golden bark. 6 to 8 ft., 75c to \$1.00; 8 to 10 ft., \$1.50 to \$2.00.

SORBUS Acuparia. (European Mountain Ash) Orange-colored berries mid-summer till frost. 6 to 8 ft., 75c to \$1.00; 8 to 10 ft., \$1.50 to \$2.00.

Acuparia Pendula. (Weeping Mountain Ash) Slender, drooping branches and bright red berries. 2 year heads, \$1.50 to \$2.00; 3 year heads, \$2.50 to \$3.50.

SOPHORA Japonica. (Japan Pagoda Tree) Small, shining leaves. Clusters snowy-white flowers. 3 to 4 ft., \$1.00 to \$1.50; 5 to 6 ft., \$2.00 to \$3.00.

Japonica Pendula. (Weeping Sophora) Long, drooping branches. 6 ft., good heads, \$1.50 to \$2.00.

TAXODIUM. (Deciduous Cypress) **Distichum.** The famous Southern or Bald Cypress is perfectly hardy even in the North, and grows well on dry or wet soil. It is a most beautiful and stately tree, pyramidal in shape with light and fleecy foliage of delicate green. 4 to 5 ft., \$1.50 to \$2.00; 6 to 7 ft., \$2.50 to \$5.00.

Distichum Pendula. (Weeping Cypress) Gracefully drooping branches. 4 to 5 ft., \$2.50 to \$3.00; 6 ft., \$4.00 to \$5.00.

Special Note. All our Taxodium are dug with a ball of earth leaving the roots intact and undisturbed.

TILIA. (Linden) **Americana.** Splendid form, large stature. 6 to 8 ft., \$1.00; 8 to 10 ft., \$1.50 to \$2.00.

European. A little more compact than the American species. 6 to 8 ft., \$1.00; 8 to 10 ft., \$1.50 to \$2.00.

ULMUS Americana. (Elm) No finer tree grown. 6 to 8 ft., 75 cents; 8 to 10 ft., \$1.00 to \$1.25; 10 to 12 ft., \$1.50 to \$2.00.

Campestris. (English Elm) Very desirable for lawn or landscape. 8 ft., \$1.00; 10 to 12 ft., \$1.50 to \$2.00.

Special Offer Trees—For Lawn and Street Planting.

For those who are not familiar with what are desirable varieties for general planting we have made up two collections in which are sufficient number and variety for single and double city lots, consisting of Fruit, Shade and Ornamental varieties, including trees for street shade. All are choice and thrifty well rooted trees.

Tree Offer No. 1.

In this collection we offer a sufficient number for the ordinary size city lot.

- 1 **Acer Platanoides** (Norway Maple) 6 to 8 ft.
- 1 **Acer Weiri Lacinata** (Cut Leaf Maple) 5 to 6 ft.
- 1 **Catalpa Speciosa** (Flowering Catalpa) 6 to 8 ft.
- 1 **Cercis Japonica** (Red Bud) 4 to 5 ft.
- 1 **Fagus Riversi** (Purple Beech) 3 to 4 ft.
- 2 **Ulmus Americana** (American Elm) 6 to 8 ft.
- 1 **Apple Baldwin**, 4 to 6 ft.
- 1 **Cherry Montmorency**, 4 to 6 ft.
- 1 **Plum Lombard**, 4 to 6 ft.

Or your selection of varieties

Special Price Complete Collection, \$5.00

Special Offer No. 2.

- 1 **Acer Platanoides** (Norway Maple) 8 to 10 ft.
- 1 **Acer Weiri Lacinatum** (Cut Leaf Maple) 8 to 10 ft.
- 1 **Betula Alba** (White Birch) 8 to 10 ft.
- 1 **Catalpa Speciosa** (Flowering Catalpa) 8 to 10 ft.
- 1 **Cercis Japonica** (Red Bud) 5 to 6 ft.
- 1 **Fagus Riversi** (Purple Beech) 4 to 5 ft.
- 1 **Taxodium Distichum**. (Bald Cypress) 4 to 5 ft.
- 1 **Ulmus Americana** (American Elm) 8 to 10 ft.
- 1 **Apple Baldwin**, 5 to 6 ft.
- 1 **Cherry Montmorency**, 5 to 6 ft.
- 1 **Pear** (Flemish Beauty) 5 to 6 ft.
- 1 **Plum Lombard**, 5 to 6 ft.
- 1 **Peach Elberta**, 4 to 5 ft.

Or your selection of varieties

Special Price Complete Collection \$10.00

Taxodium Distichum

ULMUS Latifolia. The best variety for street and avenue planting; large leaves; compact and upright in habit. Golden in autumn. 8 to 10 ft. \$1.25 to \$1.50; 10 ft., \$2.00 to \$2.50.

Scabra Pendula. (Camperdown Weeping Elm) A picturesque form. Year heads, \$2.00; 2 to 3 year heads, \$3.00 to \$4.00.

Japanese Maples.

The most beautiful of small trees, being of bush form and very graceful. Their delicately cut leaves and vivid coloring make them favorites.

Palmatum Atropurpureum. (Blood-red) Very showy during the entire summer. Nice plants, \$2.50, \$3.50 and \$5.00 each.

Palmatum Dissectum. (Cut-leaves) Leaves divided and of a rich green. Larger plants, \$2.50, \$3.50 and \$5.00 each.

Palmatum Dissectum Purpureum. (Cut-leaved Purple Maple) Beautiful, slender and gracefully drooping branches. Reddish in color and very attractive, \$1.00; larger \$1.50, \$2.00, \$2.50, \$3.00 and \$5.00 each.

Hardy Ornamental Evergreens. (Conifers.)

PINES, SPRUCE, HEMLOCK, ARBOR VITAE, more than two hundred varieties of evergreens and conifers, vie with thousands of deciduous trees and shrubs in their display of beauty at Wagner Park Arboretum, the home of the finest collection of arboreal treasures in the country. It is frequently a surprise to visitors to see the great assortment of evergreens and the many fine specimens we have. The illustration shows a section of Evergreens in our Arboretum.

Special Note.

Our soil is especially adapted to digging our plants with a ball of earth, leaving the roots undisturbed, thus assuring successful transplanting at almost any season of the year. When planting our Evergreens remove the burlap, but leave the soil undisturbed. If dry give a thorough watering immediately after planting. In case the ball of soil should become broken and loosened in shipping, plant carefully by working new soil in and about the roots and see that this is very firmly tamped, leaving no air spaces to the roots. A watering after planting will help settle the soil among the roots. One need not loose a single tree when so handled. Never leave the roots of any plant exposed to the sun and wind.

From out the thousands of specimens of all sizes and shapes that adorn the landscape at Wagner Park, there can easily be selected trees, bushes, and shrubbery that will furnish the desired background for any home, park, or public ground. The prices are altogether moderate.

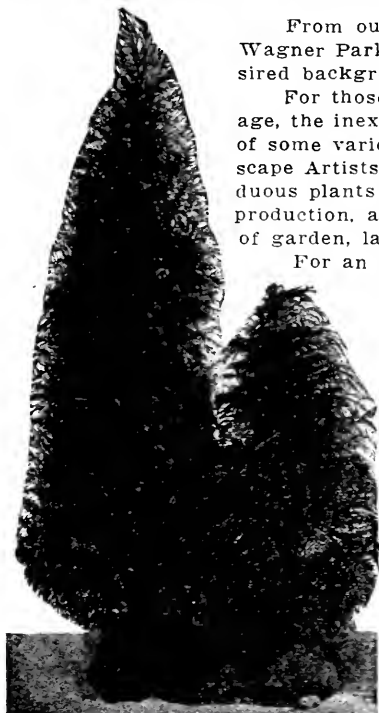

For those who cannot personally visit Wagner Park and see the glorious profusion of foliage, the inexhaustible variety of color tones, the graduations of shade between the dark greens of some varieties and the bluish tints of other species of evergreens, the service of our Landscape Artists will prove especially helpful. We can select trees and shrubs, conifers and deciduous plants that will answer all the utilitarian purposes of windbreaks, border planting, shade production, and screens for unsightly vistas, no less than those purely aesthetic considerations of garden, lawn, and terrace adornment.

For an evergreen group surrounding a house the plants that submit to severe clipping have made themselves perhaps the favorite—Retinosporas, Juniperus, Thuyas, for example. Symmetrical conifers delight the architects by their effective "horizontalism," Nature's expressions of the builder's principle.

Evergreen hedges are becoming more and more features of the well laid out home. The smallest place is improved by them. For gardens, vegetable and flower they are an invaluable attraction.

The variety of color, of tone, more accurately to be found among a characteristic evergreen selection, permit of no less harmonious and striking picture than do flowers. From the wonderful blue of the Colorado Spruce, Picea Pungens, and Gosteriana, to the brilliant "spring green" of the Common Red Cedar, Virginiana, or certain varieties of the Juniper in which appear odd variegations of silvery white, there are endless possibilities for color harmonies. We have devoted particular study to the happy blending of evergreens with reference to color and shape and we place our experience and knowledge at the disposal of our patrons.

Wagner Park Evergreens have been several times transplanted. They are shipped to you in ball, with an abundance of roots, carefully burlapped. Spring and early fall are the best times to plant, though Wagner Evergreens planted in the midsummer and winter months have done splendidly.

The Illustration Here Shows How Carefully the Roots are Preserved, Assuring Successful Transplanting.

Hardy Ornamental Evergreens.

The soil at Wagner Park Nurseries is admirably adapted to the vigorous development of fibrous roots. This enables us to "lift" each plant "in ball," with the soil protecting its roots intact. Wagner Park Evergreens, if intelligently planted in their new location, and properly sprayed and root-soaked during the hot months, grow almost as if they had never moved.

Quality is represented by the bushiness of the plant, and this is only accomplished where frequently transplanted and properly handled. Transplanting is what produces fibrous roots, but good feeding is necessary to impart health, vigor, and give a rich color to the foliage.

An attractive border planting of assorted Evergreens, Pines, Spruces, Junipers and Arbor Vitae. Such an arrangement and planting of Evergreens show their individual charms most effectively. Note the contrast of the "Kosters Blue Spruce" against the green.

ABIES. Balsamea. (Balsam Fir) An ornamental native of our forests, that is very hardy; has dark green needles of pleasant fragrance; grows rapidly when young and does well in moist soils. Nice plants, 2 to 3 feet, \$1.50; specimens, 3 to 4 feet, \$2.00 to \$2.50 each; 5 to 6 feet, \$4.00 to \$5.00.

Concolor. (Colorado Silver Fir) 30 to 40 feet. A beautiful and graceful evergreen with soft, silvery green foliage. Very symmetrical in form. Nice plants, \$1.00 to \$1.50; 2 to 2½ feet, \$2.50 to \$3.00; 3 to 4 feet, \$4.00 to \$5.00; 5 to 7 feet, \$6.00 to \$10.00; 8 to 10 ft., \$12.50 to \$18.00.

Canadensis. (Hemlock Spruce) See Tsuga, page 49.

Douglasi. (Double Spruce) See Pseudotsuga, page 49.

Umbilicata. Very similar to Nordmanni. but much handsomer. Large plants, 3 to 4 feet, \$3.50 to \$4.50.

Nordmanniana. (Nordman's Fir) This massive Fir, from the Crimean Mountains, is of symmetrical form, vigorous and quite hardy. Its foliage is massive, dark green shining above and slightly glaucous below, rendering it a very handsome tree throughout the year, considered here and in Europe as one of the finest of the Firs. Nice plants, 2 feet, \$2.00; specimens, 3 feet, \$4.50; 4 feet, \$6.00; 6 to 7 feet, \$10.00 to \$15.00; 8 to 10 feet, \$16.00 to \$22.00.

Nobilis Glauca. (Noble Silver Fir) A beautiful conifer whose foliage is a silvery blue. It is particularly handsome in the spring. Large plants, 3 feet, \$3.50; large specimens, 4 feet, \$5.00 to \$6.00.

Pectinata. (European Silver Fir) This is a most popular evergreen. The needles are soft and much admired. Specimens, 3 feet, \$2.50; 4 feet, \$3.00 to \$3.50 each.

ARBORVITAE. See Thuya.

BLUE SPRUCE. See Picea Pungens Glauca, and Kosteriana.

CUPRESSUS. (Cypress) **Lawsoniana.** (Triumph of Boskoop) A splendid addition to the conifers or evergreens. Nice plants, 75 cents to \$1.00; 4 to 5 feet, \$3.00 to \$5.00; 5 to 6 feet, \$6.00 to \$7.50; 6 to 7 feet, \$8.00 to \$10.00.

FIR. See Abies.

HEMLOCK. See Tsuga.

A Fine Specimen Abies (Fir)

Hardy Ornamental Evergreens.

JUNIPERUS Canadensis. (Canadian Juniper) Foliage bright green. Nice plants, \$1.00; larger, \$1.50; 2 to 3 ft., \$2.00 to \$2.50; 4 ft., \$4.00.

Aurea Canadensis. (Golden Canadian Juniper) Foliage bright yellow. Nice plants, \$1.50; larger, \$2.00 \$3.00; 2 to 2½ ft., 4.00 to \$5.00.

Aurea Chinensis. (Golden Chinese Juniper) Foliage bright golden color. Nice plants, \$1.50; 2 to 3 ft., \$2.50 to \$3.00.

Cannarti. Pyramidal compact habit, silvery foliage. Large size only. 3 feet \$3.00; 4 to 5 feet, \$4.00 to \$5.00.

Chinensis Argentea Variegata. Beautiful variegated variety. Nice plants, 1½ ft., \$1.00; 2 ft., \$1.50 to \$2.00.

Chinensis Masculina. Upright growth, good foliage. Large size only. 3 to 4 ft., \$3.00 to \$4.00.

Globosa. Globe shaped variety. 1½ ft., \$2.00 to \$3.00; 2 ft., \$4.00 to \$5.00.

Glaucia. (Blue Virginia Cedar) Throughout the year the leaves are a rich silvery blue. Very handsome and effective. Nice plants, \$1.00 to \$1.50; 3 ft., \$3.00; 4 ft., \$5.00; 5 to 6 ft., \$7.00 to \$10.00.

Japonica Aurea. A bright golden form suitable for rockeries. Nice plants, \$1.50; 1½ to 2 feet, \$2.00 to \$2.50.

Nana Aurea. Low spreading, golden foliage. Nice plants, \$1.25 to \$2.

Neoboriensis. Rich glaucous foliage. Nice plants, 1½ to 2 feet, \$1.25 to \$2.00.

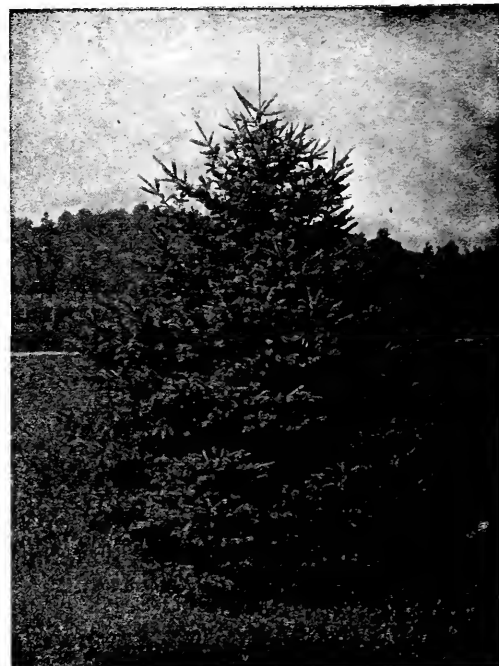

Pfitzeriana. Very graceful and one of the hardiest varieties. Large size, 2 to 3 ft., \$2.50 to \$3.00; 3 to 4 ft., heavy, \$4.00 to \$6.00.

Sabina. (Savina Juniper.) A thickly branched, low, spreading tree, that rarely reaches 10 feet in height; variable, sometimes procumbent. It is very hardy and thrives in the poorest soils; can be trained into any shape. The handsome foliage, of deep dark green, makes it a favorite for many uses, especially for rock work. Nice plants, 75 cents to \$1.00; 2 to 3 feet, \$1.50 to \$2.00; 3 to 4 feet, \$2.00 to \$4.00.

Sabina Fastigiata. Erect columnar habit. 2 to 3 feet, \$2.00 to \$3.00; 4 to 5 feet, \$4.00 to \$5.00; 6 feet specimens, \$7.50 to \$10.00.

Recurva Squamata. A most desirable low-growing evergreen. A novel variety. Nice plants, \$2.50; 1½ to 2 feet, heavy, \$3.00 to \$5.00; 3 to 4 feet, extra fine, \$6.00 to \$8.00.

Schottii. Rich, green foliage. 2 to 3 feet, \$2.50 to \$3.50; 4 to 5 feet, \$5.00 to 7.00.

Picea Excelsa—Norway Spruce.

JUNIPERUS. Tamariscifolia. Foliage bluish green, of low creeping growth. 2 feet, \$3.00 to \$4.00.

Virginiana. (Red Cedar.) Is always popular and can be used ornamentally in a number of ways, thriving well and making a fine appearance in soils or situations where other trees will not grow. Nice plants, 50 cents; larger, 75 cents to \$1.00. Specimens, 3 to 4 feet, \$2.00 to \$3.00; 5 to 6 feet, \$4.00 to \$5.00; 7 to 8 feet, \$7.00 to \$10.00.

Picea. Pungens Glauca. (Colorado Spruce) The original form of the new famous Colorado Blue Spruce. The foliage of this tree is quite blue. It is a strong, hardy grower in any soil. Nice plants, 25c; 2 ft., \$2.00; 3 ft., \$4.00; 4 ft., \$5.00; 5 ft., \$7.50 to \$8.00.

Alba. (White Spruce) One of the very best conifers, especially for cold climates. Compact, upright growing lone-lived, retaining its branches to the ground, aromatic drought-resisting; varies in color from light green to glaucous blue. Nice plants, 75 cents, 2 to 3 feet, \$2.00 to \$2.50; 3 to 4 feet, \$3.50 to \$4.00; 4 to 5 feet, \$5.00 to \$7.00.

Alcockiana. Foliage light blue beneath and dark green above. 2 to 3 feet, \$2.00; 3 to 4 feet, \$3.00 to \$4.00 each; 5 to 6 feet, \$5.00 to \$7.50.

Engelmannia Glauca. Resembles the familiar Blue Spruce. Nice plants, \$1.00; 2 feet, \$2.00; 3 feet, \$3.00; 4 to 5 feet, \$5.00 to \$6.00 each.

Excelsa. (Norway Spruce) (See Cut) This, our common spruce, embraces more desirable features than any of the others. It is a rapid growing, does well in most soils and withstands the bleak and cold winds of winter. Hedge size, 25c to 50c; larger, 1½ to 2 feet, 75c. Specimens, 2½ to 3 feet, \$1.00; 3 to 4 ft., \$2.00; 4 to 5 ft., \$2.50 to \$3.00; 5 to 6 ft., \$5.00 to \$7.50; 7 to 8 ft., \$8.00 to \$10.00.

Excelsa Aurea. (Golden Norway Spruce) Not so high as Excelsa, but is desirable on account of its yellow foliage, making a lively contrast to the darker sorts. Specimens, 4 to 5 feet, \$5.00 to \$7.00; 5 to 6 ft., \$9.00 to \$12.00.

Excelsa Compacta. Dense and compact. A grand variety. Specimens, 6 to 7 feet, \$7.50 to \$9.00.

Excelsa Dumosa. A dwarf form. Nice plants, \$1.00; Specimens, 2 to 3 ft., \$3.50 to \$4.

Excelsa Elegantissima. A very fine variety. Specimens, 5 to 6 ft., \$6.00 to \$8.00.

Excelsa Inversa. (Weeping Norway Spruce) A very remarkable form. 4 to 5 ft., \$5.00 to \$6.00; 5 to 6 feet, \$8.00 to \$10.00; 6 to 7 feet, \$12.00 to \$15.00.

Excelsa Maxwellii. A dense, spherical, regular growing variety. Nice plants, \$2.00; 2 ft., \$3.00 each; 3 to 4 feet, \$4.00 to \$5.00.

Excelsa Pyramidalis. A spire-like form with very erect branches. Specimens, 4 ft. \$2.50; 5 to 6 feet, \$4.00 to \$6.00; 6 to 7 ft. \$7.50 to \$9.00.

Orientalis. Its habit is symmetrical and compact. Nice plants, \$1.00; 2 feet, \$2.00; 3 feet, \$3.00; 3½ to 4 feet, \$4.00 to \$5.00; 5 feet, \$6.00 to \$7.50.

Polita. Light green foliage. Nice plants \$2.00; specimens, 3 feet, \$4.00 each; 4 to 6 feet, \$5.00 to \$7.00.

Weeping Spruce.
See Picea Excelsa Inversa

Hardy Ornamental Evergreens.

Conifers.

PINUS Austriaca. (Austrian Pine) A tall, massive tree with spreading branches heavily plumed with long stiff, dark green needles. A useful species along the coast, and grows equally well inland. Popular for groupings or as specimens. Nice plants, \$1.50; 3 feet, \$2.00; 4 to 5 feet, \$3.50; 5 to 7 feet, \$5.00 to \$7.00; 8 to 10 feet, \$8.00 to \$12.00.

Banksiana. (Jack Pine) Strong grower and hardy. Nice plants, 50 cents; 2 to 2½ feet, 75 cents; 3 to 4 feet, \$1.00 to \$2.00; 5 to 7 feet, \$3.00 to \$5.00.

Mughus. (Mugho Pine) This unique alpine species forms a dark, dome-shaped bush, broader than its height, and sometimes almost prostrate. Suitable for lawn specimens or evergreen groups, terraces, rockeries, and seaside plantings. Nice plants, \$1.00; large, \$1.50; 2 to 3 feet, \$2.00 to \$4.00; 3 to 4 feet, \$5.00 to \$7.00; 5 to 6 feet by 5 feet broad, \$7.50 to \$9.00; 6 to 7 feet by 6 feet broad, \$10.00 to 12.00.

Parviflora Glauca. A new, very distinct form with glaucous foliage. 4 to 5 feet, \$4.00 to \$6.00.

Strobus. (White Pine) A grand old favorite that grows quickly and makes a most useful and beautiful ornamental tree. It withstands hardships, endures sandy soil and barren places. For specimen group or mass planting it is extensively used as well as for shade and shelter-belts. The needles are soft and bluish green. 2 feet \$1.00; 3 feet, \$1.50; 4 feet, \$2.50; 5 feet, \$3.00 to \$4.00; 6 to 8 feet, \$5.00 to \$7.00; 8 to 10 feet, \$7.50 to \$10.00.

Sylvestris. (Scotch Pine) A strong grower with spreading branches and short, stiff, bluish-green needles. Its rapid growth makes it suited for temporary effects, though it is by no means to be despised for permanent ones. Splendid for mass plantings, screens, shelter-belts, and seashore uses. Nice plants, 75 cents; 2 feet, \$1.00; 3 feet, \$1.50; 4 to 5 feet, \$2.50 to \$3.50; 6 to 8 feet, \$5.00 to \$7.00; 8 to 10 feet, \$10.00 to \$12.00.

PSEUDOTSUGA, Douglasii. (Douglas' Spruce) It is similar to the spruce and is a very desirable and beautiful tree for either collective or individual planting. It is a western tree of erect habit and growth. Hardy in the coldest places. Nice plants, \$1.00; specimens, 2 to 3 feet, \$2.00 to \$3.00.

RETINOSPORA, Filifera. (Thread-Branched Retinospora) Of pyramidal outline with drooping deep green foliage. 3 to 4 feet, \$3.50 to \$5.00 each; 4 to 8 feet, \$7.50 to \$10.00.

Filifera Aurea. Globe shape with golden yellow foliage. Nice plants, \$1.50 to \$2.00; larger \$2.50.

Plumosa Aurea. (Golden Japan Cypress) One of the few really golden evergreens. The color of the young growth contrasts strongly with the darker shades of the older foliage. Striking and useful in many ways. Nice plants, \$1.00; 2 to 3 feet, \$1.50 to \$2.00; 3 to 4 feet, \$3.00 to \$5.00; 5 to 6 feet, \$7.50 to \$10.00.

Pisifera. Of more open growth than the Obtusas, growing sometimes to a larger tree, 50 to 60 feet high, with erect branches, pendulous at the tips; foliage feathery, light green, glaucous beneath, 4 to 5 feet, \$5.00; 5 to 6 feet, \$7.00 to \$10.00; 6 to 7 feet, \$12.00 to \$14.00.

Pisifera Aurea. Much like the type in general characteristics, with bright yellow foliage. When planted in combination with green varieties, is valuable for its contrasting foliage. 2 to 3 feet, \$2.50; 4 to 5 feet, \$4.00 to \$5.00; 5 to 6 feet, \$6.00 to \$7.50.

SPRUCE. See Picea, also Abies.

TAXUS, Cuspidata. A Japanese variety of dense, bushy habit and dark green foliage; a very fine and hardy variety. Nice plants, \$1.00 to \$1.50; larger, \$2.00 to \$2.50.

Pinus (Pine).

THUYOPSIS, Borealis Glauca. Pyramidal in habit; glaucous foliage. 3 feet, \$1.50; 3 to 4 feet, \$2.50 to \$3.00; 5 to 6 feet, \$5.00 to \$7.00.

Standishi. A pyramidal grower; foliage a little glaucous beneath and light green above. Nice plants, 3 feet, \$2.00; larger, \$2.50; 3 feet \$3.00 to \$3.50.

TSUGA, Canadensis. (Hemlock Spruce) A medium sized tree with pendulous branches whose graceful character is in striking contrast to some of the formal conifers. This variety is a rapid grower and very hardy. If trimmed it becomes dense and bushy, making especially beautiful hedges. Hedge size, 75c to \$1.00; 1½ to 2 feet, \$1.50 to \$2.00; 2 to 2½ feet, \$1.50 to \$3.00; 3 feet, \$4.00 to \$5.00; 4 to 5 feet, \$6.00 to \$10.00.

Microphylla. Compact grower with dark green foliage. Very hardy and scarce. Nice bushy plants, \$1.50 to \$2.00.

YEW. See Taxus.

Collection of Evergreens.

Anyone wanting to make a planting of assorted evergreens, we offer below some desirable collections for general planting. All of these plants are in good, thrifty condition and will give entire satisfaction.

We offer one dozen (12) nice, thrifty plants in assorted varieties for \$6.00. Twenty-five (25) for \$12.00. Fifty (50) for \$22.00. One hundred (100) for \$40.00. Owing to the low prices, selection must be left to us.

Hardy Ornamental Evergreens. (Conifers.)

THUYA. Occidentalis. (American Arborvitae.) A strong, vigorous grower in almost any soil, and perfectly hardy. Its upright, slender growth makes it desirable for formal planting and for variety in grouping. Its ability to withstand shearing makes it unsurpassed for hedges. Hedge size, 25c; \$2.50 per dozen; \$15.00 per 100; 1½ ft., 50c; 2 ft., 75c to \$1.00; 3 ft., \$1.50 to \$2.00; 4 to 5 ft., \$2.50 to \$4.00; 6 ft., \$5 to \$7.50.

Ellwangeriana. (Tom Thumb) In many respects it is similar to the Retinospora, and seems to be the connecting link between Arbor Vitae and that family. Nice plants, 50c to 75c; 15 to 18 inch bushy, \$1.00 to \$1.50; 1½ to 2 ft., \$2.00 to \$3.00 each.

Globosa. (Globe Arbor Vitae) A low, compact form with bright green foliage. Nice plants, 75c to \$1.00; large size, \$1.50 to \$2.00.

Lutea. A variety well known; having yellow foliage on its terminal spikes. Nice plants, larger, \$1.50 to \$2.00; specimens, 2 to 3 ft., \$2.00 to \$3.00; 3 to 4 ft., \$4.00 to \$6.00.

Nana Compacta. (Compact Arbor Vitae) Dwarf, dense, little evergreen, having light green foliage and neat attractive habit. Nice plants, 75 cents to \$1.00; larger, \$1.50 to \$2.00.

Orientalis Biota. (Chinese Arbor Vitae) Bushy and upright in growth and very attractive foliage arranged in flat, vertical leaves. 4 to 5 ft., \$2.00 to \$3.00; 5 to 6 ft., \$4.00 to \$5.00; 6 to 7 ft., \$6.00 to \$8.00.

Pyramidalis. (Pyramidal Arbor Vitae.) Its compact, slender column of dark green is ornamental as a lawn specimen for backgrounds and in groupings. Nice plants, 75c to \$1.00; 2 to 3 ft., \$1.50 to \$2.00; 3 to 4 ft., \$2.50 to \$3.50; 5 to 6 ft., \$5.00 to \$7.50.

Rosenthalii. Dark green, dense foliage, compact grower. Nice plants, \$1.00 to \$1.50; larger size, \$2.00.

Siberica. (Siberian Arbor Vitae) Globular shape, handsome and hardy. Nice plants, 75c to \$1.00; larger, \$1.50 to \$2.50.

Thuja

Special Evergreen Collection, Twenty Plants Only, \$10.00

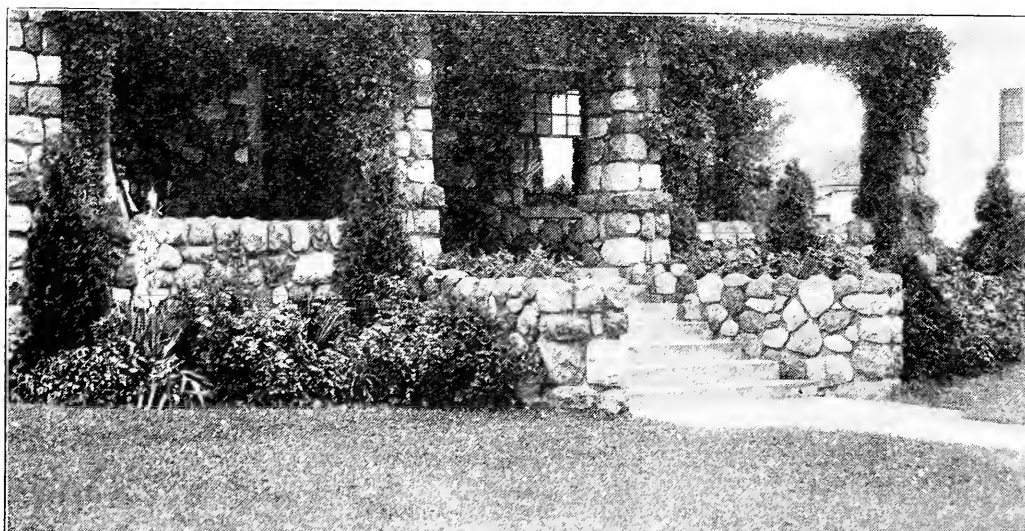

The twenty plants in this collection are sufficient to plant a space of ten feet on either side of steps or may be used in one stretch of planting as desired. We fill orders for this collection with suitable varieties for planting in locality where planting is to be done. It is an advantage to leave selection to us who are experienced that proper results and effects are obtained. A sketch showing arrangements of varieties will be furnished with every order, providing we are furnished dimensions of space where planting is to be done.

The twenty plants, nice thrifty stock, all well rooted with ball of earth and burlapped \$10.00

The twenty plants, larger size, all well rooted..... with ball of earth and burlapped \$15.00

The twenty plants, extra large size, all well rooted. with ball of earth and burlapped \$25.00

These plants must be sent by express or freight as they are all too large to mail.

This collection of plants will bring about the same results and effects as illustrated at left. This collection is not only suitable for stone foundations, but may be used for brick, cement or frame with equal results,

Nothing more desirable than evergreens for foundation planting.

A Very Attractive Planting of Evergreens Making This Planting Effective Throughout the Year, Summer and Winter Alike.

Ornamental Garden Furniture and Evergreens.

Dignify the Entrance to Your Home with Evergreens.

We here offer some of the most desirable varieties and leading sizes planted in our Plant Boxes. These Evergreens are of the hardiest and thriftiest varieties and we are certain will give entire satisfaction. The plants are all compact and of good shape and sure to please. Nothing adds greater cheer to the home than growing plants so do not fail to include at least one pair in your order.

We Furnish Sun Dials.

"Amidst ye flowers I tell ye hours."

The columns of our Sun Dials are given several coats of the best white paint and are carefully wrapped and packed to prevent damage in shipping. Full instructions for setting up are also given. **Prices:** plain column with good bronze dial, \$15.00; fluted column with high grade bronze dial, \$23.50. Columns 10 inches in diameter and 42 inches high, including cap and base. We also send rod for fastening column to concrete base.

Lawn Seats. (See Cut.)

Our Lawn Seats are very handsome in design, and our efforts directed to turning out seats that are thoroughly well-made and durable. No matter how small or how large the space—in the flower garden, on the veranda, on the lawn, or elsewhere—a lawn seat will be found useful. Plain in design, but neat and durable. Finished in white, the most desirable color.

Hardy Climbing Vines.

Vines always add to the attractiveness of the home. We offer a complete list.

Nothing lends such pleasing effect to wall or verandas as the judicious use of vines. The hardy vine is best adapted for covering an unsightly wall or for furnishing shade and ornament to verandas. With the advent of spring the tendrils are given new life and as the season advances they soon become a glorious veil of vernal verdure.

Hardy vines practically take care of themselves after once established and are much more desirable and less trouble than annual or tender varieties.

Without climbing vines many beautiful homes would present a sad and unprotected picture during our hot summers. In addition to their attractiveness they also give the home that exclusiveness that cannot be had in any other way. There are also many of the vines that will be found suitable for many other purposes. The *Ampelopsis* and *Euonymus* are especially adapted for covering stone work, also the English Ivy. The Honeysuckles, in addition to being attractive for the porch, will be found useful for covering wire fences, tree stumps and many other unsightly objects can be made beautiful with these vines. The different varieties we list are all extremely hardy and no one need hesitate in planting them in any locality.

AMPELOPSIS Veitchii. (Boston Ivy) (See cut page 54). The leaves of this beautiful climber change in the fall to the most vivid autumnal tints. Note in illustration how it clings to the stone wall. Will also cling to wood or brick. Strong well-rooted plants 15c each, \$1.50 per dozen **prepaid**. Large size 25c, \$2.50 per dozen. Extra large heavy plants 35c, \$3.50 per dozen.

Engelmana. A very desirable variety similar to *Quinquifolia*, but of somewhat more climbing habit and with smaller, denser foliage. Colors beautifully in the fall. 15 cents, \$1.50 per dozen. Larger, 25 cents, \$2.50 per dozen. Extra heavy, 35 cents, \$3.50 per doz.

Quinquifolia. (Virginia Creeper or Woodbine.) Foliage assumes brilliant shades of yellow crimson and scarlet in the fall. 15 cents; \$1.50 per dozen. Extra large plants 25 cents; \$2.50 per dozen.

ARISTOLOCHIA Siphio. (Dutchman's Pipe Vine) Singular brownish-colored flowers, resembling in shape and very large. Excellent for pergolas and verandas.

Large plants only 50 cents; \$5.00 per dozen. Extra large, 75 cents each.

AKEBIA. Quinata. A beautiful, hardy Japanese vine, with unique foliage and chocolate-purple flowers of delightful fragrance in large clusters. The foliage is never attacked by insects. Large plants 25 cents each, \$2.50 per dozen **prepaid**. Large size, 50 cents, \$5.00 per dozen.

BIGNONIA Grandiflora. (Trumpet Creeper) For covering unsightly places, stumps, rockwork, it will be found very useful. Flowers orange-red color. Large plants, 25 cents, \$2.50 per dozen. Extra large, 35 cents and 50 cents.

Rubra. Red flowers. A very rare and showy variety, 75 cents each. Extra large, \$1.00.

CELASTRUS Scandens. (Bitter Sweet) Yellow flowers during June, which are followed with bright orange fruit. Large plants 25 cents, \$2.50 per dozen, **prepaid**. Larger, 35 cents and 50 cents.

 1 Euonymus Variegata
 1 English Ivy
 1 Hardy Sweet Pea

Nice thrifty plants, 50c **Prepaid**.
 Large size plants, \$1.00 **Prepaid**.
 3 each variety, large size plants,
 \$2.50 **Prepaid**.

Tender Climbing Vines.

This class of vines are most rapid growing and should be planted where quick effects are desired. They, however, being tender, die in the fall, but are offered at such low prices, the replanting each season is not expensive. Plant some of these rapid growing tender vines with the hardy varieties to bring about quick effects for the porch.

A Planting of Tender Vines Produces Such Results in But a Short Time.

Wisteria Chinensis

COBEA SCANDENS. One of the most rapid growing climbing plants in cultivation; grows from 15 to 25 feet high and bears beautiful, deep, blue, bell-shaped flowers. For covering porches, trellis, or arbors it has no equal and should be more generally planted. 15c each; \$1.00 per dozen, **prepaid**.

IPOMEA. (Moon Flowers) One of the most popular summer vines. The foliage is graceful and serviceable, and the vine a rapid climber, attaining a length of 40 feet in a season. The flowers are borne abundantly throughout a long season, opening at sundown, emitting a rich, Jessamine odor at night, and closing about noon next day.

Ipomea Grandiflora. (White Moon-flower) Satiny white flowers, five to six inches in diameter. 20c; \$2.00 per doz., **prepaid**.

VINCA VARIEGATA. Elegant low-growing trailing leaves, widely bordered with creamy white; always bright and pretty; extra nice for pots, vases, baskets, window boxes, and rockeries. 10c each; 75c per doz., Large size, 15c; \$1.50 per doz., **prepaid**. Extra heavy, 25c, \$2.50 per doz.

Flower Seed Department.

Our list of flower seeds will be found to contain only varieties of real merit. We want our seeds to give satisfaction and prefer not to have a very extended list rather than to cause disappointment in any of the varieties offered. Many times varieties are listed which are of no value whatever to the amateur and unless one has every facility for propagation disappointment is sure to follow.

The ground should be dug and raked fine on the surface sowing the seeds evenly and thinly, either in lines or beds, covering not over four times their size and firming the soil over them. Should they come up too quickly, as most of them are likely to do, thin out so that the plants will stand from 4 to 12 inches apart according to the variety, or transplant to the permanent place. Water carefully as needed. To omit a single watering, or too frequent, indiscriminate watering, usually leads to failure.

NOTE.—All Hardy Perennials are marked with "P" preceding name. These varieties may remain out all year and come up every spring with new and stronger growth.

ASTERS

One of the most popular and useful of all our annuals. For early flowers the seed may be sown in the house or greenhouse in March or April, and transplanted in the open ground in May or sow the seed in the bed thinly early in May and transplant.

SWEET PEAS

There are hundreds of both Orchid-flowered and Standard varieties of Sweet Peas, many of which are practically identical and still others which lack either size, purity of color, vigor or some other characteristic which all first class sorts should have. It would be an easy matter for us to greatly extend our list; but we think it best to confine our offers to such sorts as are really first-class, and every variety we offer is entitled to a place in the front rank of Sweet Peas.

SPENCER VARIETIES

Apple Blossom. Blush-pink.
Blanche Ferry. Pink and white.
Countess Spencer. Rosy-pink.....
Florence Morse. Delicate blush, pink margin.
Flora Norton. Azure-blue.

House and Bedding Plants.

Chrysanthemums. (Large Flowered.)

Our collection of these large-flowered Chrysanthemums comprises only the choicest varieties; those which we know will produce satisfactory results. They are all perfectly hardy for outdoor planting in the Southern States, while in the North they will require protection. See our list of pompon varieties under the section of Hardy Plants.

CHIEFTAIN. An unusual shade of pink, fine form and good grower.

CHAS. RAZER. A beautiful pure white of pine shape, large flowers, and very full bloomer.

DR. ENGUEHARD. Bright rose-pink; one of the very best of the entire list. 25c.

GLORY OF THE PACIFIC. The best early pink. Magnificent flower petals, faintly reflexed. Showy clear pink color. Dwarf but vigorous habit of growth. Blooms early. 25c.

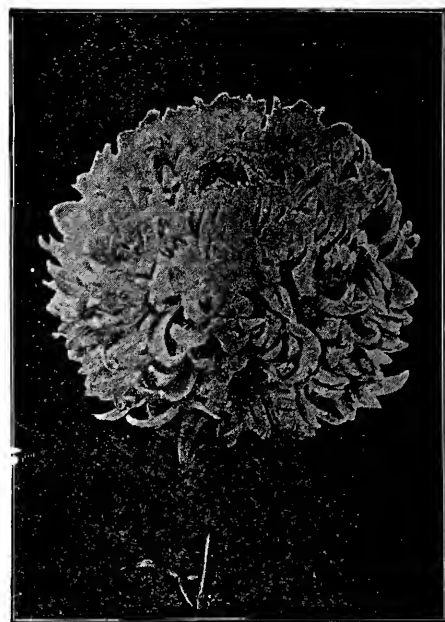

MAJOR BONAFFON. Soft, clear yellow, full in the center. In perfect form and finish, habit dwarf, keeping qualities excellent. It was awarded a Medal, with the highest recommendation from the judges.

PACIFIC SUPREME. Most satisfactory variety. Flowers are a beautiful pink color and full bloom.

Prices: Any above varieties Chrysanthemums in good, thrifty stock, 15c; \$1.50 per dozen, PREPAID.

Special Chrysanthemum Offer.

12 Nice thrifty plants in 4 varieties, our selection of varieties for \$1.00 prepaid.

Chrysanthemum.

Everblooming Carnations.

The following list embraces the best of the standard and well-tried varieties. Good results will be obtained from these planted out of doors, especially so in the Southern States, where they are hardy, while in the North they require protection. See list of Hardy Pinks, under Hardy Plant section.

BEACON. Dazzling scarlet; very large and full flower.

HARLOWARDEN. The best standard crimson on the market.

MRS. C. W. WARD. Deep pink of fine form and full bloomer.

PHILADELPHIA. Deep, glowing rose pink, an always acceptable shade.

VICTORY. Brilliant red; extra large flowers, and particularly free to bloom.

WHITE PERFECTION. Clear, brilliant white; fine form and very large.

WHITE WONDER. A truly wonderful white flower of immense size.

Prices: Any above varieties, 10 cents; \$1.00 per dozen, PREPAID.

Special Carnation Offer.

21 plants \$1.50.
Three nice thrifty plants of each variety, 21 plants in all, only \$1.50 prepaid.

Wagner's Superb Gladioli.

Gladiolus constitute one of the finest features of the flower garden during the summer and autumn months for a diversity of color and general effect, either in masses or planted in clumps for border decoration. They are also of easy culture and will thrive in any ordinary deeply dug garden soil to which is added a liberal supply of well decayed manure. A succession of bloom may be had from July to October by planting at intervals from April to June. Plant six inches apart in beds or double row and three inches deep.

In the fall, before frost, the bulbs should be taken up, gradually dry them, and after cleaning them, put into a paper bag and place out of the reach of frost, for planting again the following spring.

America. One of the greatest favorites and most popular Gladioli. Of most vigorous growth with luxuriant foliage. The spikes are 2 to 3 feet long, producing a great mass of enormous wide expanded flowers, the color an exquisite shade of delicate flesh pink. One of the most valuable for cutting. Admirable under artificial light. 50c per doz.; \$3.00 per 100. Select bulbs 10c; \$1.00 per doz.; \$6.00 per 100.

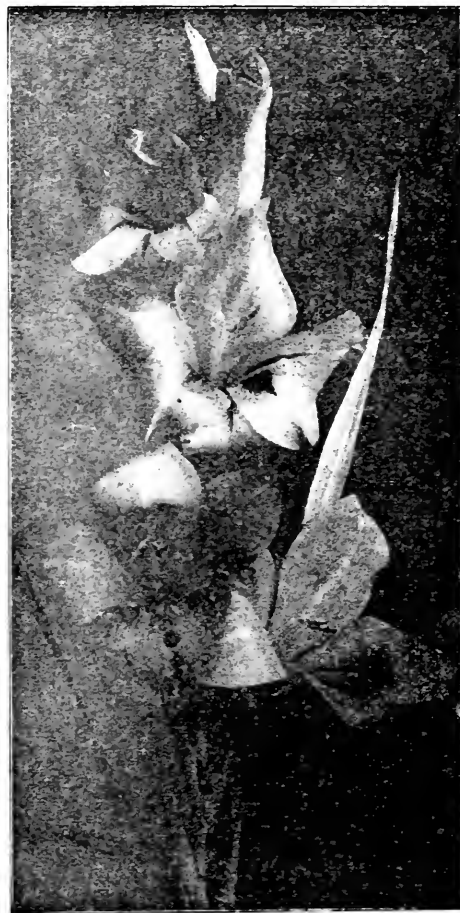

Augusta. Pure white in color, with blue anthers. It produces long, straight spikes, often with several branches. 50 cents per dozen; \$3.00 per 100. Select bulbs 10c; 75c per dozen; \$5.00 per 100.

Branchleyensis. Vermillion-scarlet; very desirable owing to its brilliant color. It is one of the finest for the garden and for mass planting. One of the oldest and most popular. 50 cents per dozen; \$2.50 per 100. Select bulbs 60c per dozen; \$1.00 per 100.

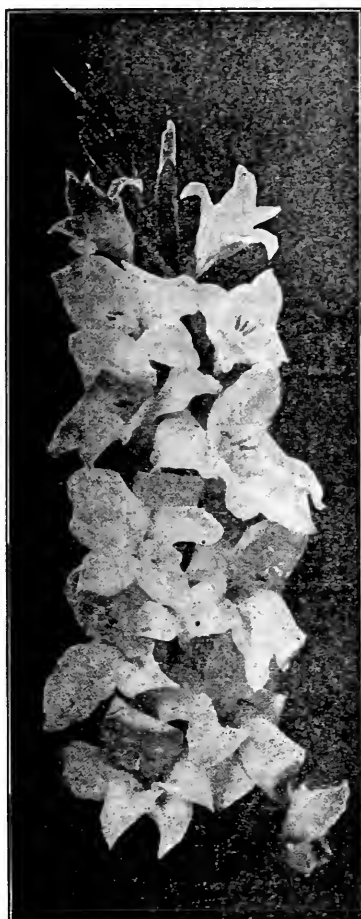

May. White ground penciled with crimson; fine for cutting. 60 cents per dozen; \$4.00 per 100. Select bulbs 10c; \$1.00 per doz.; \$6.00 per 100.

Mrs. Beecher. Beautiful deep rosy-crimson. Large well opened flowers with pure white throat freely marked and spotted. 10 cents each; \$1.50 per dozen; \$6.00 per 100. Select bulbs 15c; \$1.50 per dozen; \$10.00 per 100.

Mrs. Francis King. Large scarlet flowers of graceful form, borne on a spike that is tall and straight. It is one of the most popular varieties. Excellent for cutting. 40 cents per dozen; \$2.50 per 100. Select bulbs 10c, 75c per doz.; \$5.00 per 100.

Superb Gladiolus

Gladiolus America

Princes. Rich crimson, deeper shading at throat, and large white blotches on lower petals. Magnificent flowers for size and beauty. 10 cents each; 75c per dozen; \$5.00 per 100. Select bulbs 15c; \$1.50 per dozen; \$10.00 per 100.

Panama. A new seedling of America which resembles the parent variety in every way except that it is much deeper pink. A grand variety which evokes words of praise wherever exhibited. Spike very long with flowers large and well arranged. 10c, \$1.00 per dozen; \$6.00 per 100. Select bulbs 15c; \$1.50 per dozen; \$10.00 per 100.

First Prize White. A lovely and useful white variety. 10 cents each; \$1.00 per dozen; \$7.00 per 100.

First Prize Pink. One of the finest varieties for cutting ever sent out; color a beautiful soft flesh pink; orchid-like in its coloring and texture; growth and habit perfect. 10 cents each; \$1.00 per dozen; \$7.00 per 100.

First Prize Red. The best and most effective scarlet for massing. 15 cents each; 75 cents per dozen; \$5.00 per 100.

FIRST PRIZE COLLECTION. This strain affords an unusually fine range of colors. All large flowering kinds. One of the finest mixtures possible to make. 30 cents per dozen; \$2.00 per 100. Select bulbs 50c per dozen; \$3.50 per 100.

SPECIAL NOTE.—Gladiolus sent prepaid at single rate prices.

Special Offer, Gladioli.

CALADIUMS. Elephant Ears.

One of the most effective plants in cultivation for planting out upon the lawn; growing 5 feet high, with handsome leaves often 3 feet long and 20 inches wide. It will grow in any good soil and is of easiest culture. Can be stored in sand in any warm place during winter. Large size, 25 cents. Extra large selected. 50 cents each.

CALLA LILIES.

These will always be favorites because of their easy culture, waxy white flowers, and healthy green foliage. 15 cents. Extra strong, 25 cents to 35 cents

Wagner Park Lily Cannas.

THE FINEST GROWN.

Visitors are invariably enthused at the beauty and size of Wagner Park Cannas with their wide, arching leaves and stiff stalks of flaming flowers growing like torches above their noble foliage. The effectiveness is not confined to only a few week's display, but being exuberant in growth, a bed of Cannas soon become attractive after planting and each day thereafter adds to its beauty.

Cannas should not be planted out-of-doors until after all danger of frost is over. They may be planted as late as June, but the earlier planted, the better the results. The most practical way to care for the roots over winter is to take up the clumps after the first killing frost, leaving some earth adhere to the roots. Place them in a dry cellar where frost will not penetrate. Do not allow the roots to become too dry or the tubers will wither, but care should be taken that they are not too moist to allow mildewing. In spring the bulbs can be started in sand in the house, if kept moist, or can be planted in the open ground as soon as all danger of frost is over.

A Planting of King Humbert Cannas for \$10.00.

40 Cannas and 30 Bright Yellow Coleus for Edge for Bed 10 ft. in Diameter.

What Could Be More Beautiful and Cheerful for the Home. Try Them.

KING HUMBERT. Medium height. This grand, magnificent Canna is of the Orchid flowering class. The flowers are unusually large and are held well above the foliage. The color is bright orange-scarlet, streaked with crimson. The foliage is large, thick and leathery of dark bronze color with brownish-green stripes, producing a gorgeous effect. Price 30c, \$3.00 per dozen.

PENNSYLVANIA. Tall grower. One of the best of the Italian types; the flowers, which measure fully 6½ inches in diameter, are produced remarkably free in many-branched panicles, and are of an intense vermilion scarlete, overlaid with an orange scarlet sheen; foliage, rich green. One of the very best varieties and is very popular because of the immense size of its flowers. Price, 15 cents each; \$1.50 per dozen.

Special Offer---Two Choicest Cannas.

Plant a Bed of these Two Varieties. You will not be disappointed.

--------------------	---	---	---	-----------------------------

Cannas.

A Canna Bed This Size For \$5.00

Size of Bed 10 Ft. In Diameter.

This Collection Consists of 37 Choice Cannas—7 Pennsylvania for Center; 12 Egandale for Second Circle; 18 Duke of Marlborough for Outside Row, and 35 Bright Red Coleus for Edging.

The Entire Collection, a FLORAL FEAST OF LILY CANNAS, 72 Plants for only \$5.00.

Brandywine. . Medium height. Dark bronzy foliage. Brilliant red flowers. 15c; \$1.50 per dozen.

David Harum. Medium height; dark bronze foliage. Strong grower and one of the freest blooming Cannas. Flowers of large size with well-rounded petals. Color is a bright vermillion-scarlet, dotted with crimson spots. 15 cents; \$1.50 per dozen.

Duke of Marlborough. Medium height; fine metallic-green foliage. Flowers, deep crimson-maroon. 15c; \$1.50 per dozen.

Egandale. Medium height. A most excellent variety, with bronzy foliage and soft, currant-red flowers, which are thrown well above the foliage; the best of its type. 15 cents; \$1.50 per dozen.

Gladiiflora. Medium grower. Remarkable on account of the unusual shape of its flowers, which look like a large Gladiolus; color crimson, changing to carmine rose, with an irregular edge of gold; 25 cents; \$2.50 per dozen.

Hungaria. Medium grower. The ideal pink bedder, flowers large, in good trusses. 25 cents; \$2.50 per dozen.

Loveliness. Dwarf grower. The color is bright ruby-carminé. The blooms are borne on erect, and the individual flowers are of immense size; green foliage. 25 cents; \$2.50 per dozen.

Mme. Crozy. Dwarf grower. The popular golden-edged bright scarlet; green foliage. 15 cents; \$1.50 per doz.

Mt. Etna. Tall grower. Dark purple foliage and brilliant crimson flowers. 20c, \$2.00 per dozen.

Pillar of Fire. A giant in height; color is bright crimson scarlet; medium-sized flowers. 25 cents; \$2.50 per doz.

Queen Charlotte. Dwarf grower. Rich crimson-scarlet with wide gold border on every petal; a profuse bloomer; broad green leaves. 20 cents; \$2.00 per doz.

Richard Wallace. A tall-growing wide flowered, heavy trussed canary yellow—the largest and best of its color; bleaches very little. 20c; \$2.00 per doz.

Venus. Medium grower. The flowers are of fair size, of a soft, rosy pink, with a pretty mottled border of creamy yellow. Green foliage. 20c; \$2.00 per doz.

Wyoming. Medium grower. Bronzy-purple foliage, with immense spikes of massive orange flower, 15c; \$1.50 per dozen.

Dahlias.

SHOW, DECORATIVE, CACTUS, POM-PON, AND SINGLE VARIETIES

Within the last few years a wonderful revival of interest in the Dahlias is noted, which has resulted in their now being very important rivals to all other bedding plants.

We recommend Dahlias to any one wanting an attractive bedding plant and something that will also give a liberal supply of fine cut flowers. They are also very effective planted among shrubs and perennials.

Dahlias are very showy and attractive and best results are obtained if planted early, however, they can be planted very late with good results.

ARABELLA. (Show Dahlia) A profuse flowering variety. Color, pale primrose, tipped and shaded old rose and lavender. 15 cents; \$1.50 per dozen.

BLACK BEAUTY. (Decorative) In flowers, as well as anything else, the curious always attracts our attention. Black Beauty is distinct in that it is the darkest Dahlia we have ever seen. 10 cents; \$1.00 per dozen.

CLIFFORD W. BRUTON. (Decorative Dahlia) The best yellow; of immense size, perfect form, and of the finest canary yellow. A tall, vigorous grower and extremely free bloomer. Should be in every collection. 15 cents; \$1.50 per dozen.

COUNTESS OF LONSDALE. The freest-flowering Cactus Dahlia in the collection, and perfect in form. Color, an exquisite shade of rich salmon, with just a suspicion of apricot at the base of the petals. Towards the tips the color deepens gradually to the softest carmine pink. The finest variety in the entire list. 25 cents; \$2.00 per dozen.

EARL OF PEMBROKE. (Cactus Dahlia) Bright plum, deeper and more velvety toward the center. 15c, \$1.50.

GRAND DUKE ALEXIS. (Decorative Dahlia) The color is white, tinged delicate pink. 20 cents; \$2.00 per doz.

A. D. LIVONI. (Show Dahlia) This is the loveliest of all. Color, a very light silvery pink, petals beautifully quilled. We consider this one of the very best varieties. 25 cents; \$2.50 per dozen.

PURPLE QUEEN. (Show Dahlia) This is one of the best varieties of its color. It is a robust grower and the flowers are pure purple, produced on long, stiff stems, making it a very valuable variety. 15 cents;

J. H. JACKSON. (Cactus) Brilliant dark crimson maroon. One of the very finest. 25 cents; \$2.50 per dozen.

SNOWFLAKE. (Show Dahlia) This superior variety is a very early and profuse bloomer. The flowers are snow white, of perfect form, and full to the center. As a cut flower it is ideal, while for grouping or as a specimen plant it is one of the very best. 20 cents; \$2.00 per dozen.

SNOWCLAD. (Pompon Dahlia) Flowers snowy white, perfect in form. A dwarf grower; very early, covered with a mass of blooms the whole season. Its dwarf, compact habit and freedom of bloom combine to make it one of the very best for bedding purposes. 10 cents; \$1.00 per dozen.

TANGO. This is the Dahlia for the million. It is a most remarkable variety—blooming in the greatest profusion, and under most all conditions, from the beginning to the end of the season. The color is "Tango Shade." The blending of color is so pleasing, and flowers so perfectly and freely, every one seeing them is perfectly delighted. The flowers are excellent for cutting and very lasting. Get your order in early. Price 25c each; 5 for \$1.00; \$2.00 per dozen.

TWENTIETH CENTURY. (Single Dahlia) The most exquisite Dahlia ever introduced. No orchid could be more delicate in color or yet richer in shading. It is preat white at the tips and gradually shading toward the center of the petals to delicate blush rose, and finally bursting into a flame of brilliant violet-crimson. Not variegated, but a wonderful blending of colors. 20 cents; \$2.00 per dozen.

Dahlia Collection for Bed 12 feet in Diameter.

May be used for beds of other shapes. 5 Twentieth Century, for Center; 12 J. H. Jackson Dahlias for Middle Row; 24 Snowclad for edge. **Special price, \$4.00.**

Special Dahlia Offer.

One of each variety as listed above,
Special Price \$2.00

Bedding Plants. General List.

Abutilons.

Desirable free-flowering plants for the winter garden or for bedding in summer.

Savitzl. Foliage green and white; extensively used for bedding. 10 cents, \$1.00 per dozen.

Antirrhinum. [Snapdragon.]

Popular plants for bedding and of special value for cutting. The stock we offer has been grown from a select strain. Offered in quantity at \$6.00 per 100.

Daphne. Soft rose-pink. 10 cents, \$1.00 per dozen.

Golden Queen. Rich, pure yellow. 10c; \$1.00 per dozen.

Firebrand. Rich, deep red, fine. 10 cts., \$1.00 per dozen.

Mont Blanc. Pure white, flowers. 10c; \$1.00 per dozen...

Alternanthera.

Bright foliated plants of dwarf habit, much used for carpet bedding. We offer in quantity \$6.00 per 100.

Aurea Nana. Bright yellow foliage. 10c, \$1.00 dozen.

Jewel. A new large-leaved bright crimson. 10 cents, \$1.00 per dozen.

Begonia.

This class is entirely distinct from the tuberous-root sorts, and are among the freest-flowering ornamental leaved pot plants for house or conservatory decoration, flowering continuously summer and winter.

Luminosa. Brilliant fiery dark scarlet; very bright. 10 cents, \$1.00 per dozen.

Prima Donna. Very bright and showy scarlet. 10c; \$1.00 per dozen.

Verbenas

Tuberous-Rooted Begonias.

"Few plants are better adapted to the summer decoration of the window garden, the veranda and the conservatory than the Tuberous Begonia. It is a constant and prolific bloomer, wonderfully rich and varied in coloring, and so easy to grow.

Single, Mixed. 10c each; 75c per doz.; \$5.00 per 100.

Double, Mixed. 15c each; \$1.50 per dozen.

Coleus.

Are almost indispensable where beds of brilliant foliage are wanted. Also used for edging and ribbon beds.

Brilliant Red. 10 cents; 75 cents per dozen; \$4.00 per 100. Larger 15 cents; \$1.00 per dozen; \$6.00 per 100.

Golden Bedder. Fine yellow, clear and distinct. 10c, 75c per doz.; \$4.00 per 100. Larger size, 15c; \$1.00 per doz.; \$6.00 per 100.

Fuchsias.

Well known favorites for planting out in partially shaded positions during the summer or for early spring-flowering in the window or greenhouse.

Black Prince. Bright, waxy carmine sepals and pink corolla. 10 cents, \$1.00 per dozen.

Speciosa. Pale-red tube and sepals, dark red corolla. 10 cents, \$1.00 per dozen.

Heliotropes.

Heliotropes are great favorites, principally on account of their delicious fragrance; they grow freely under glass, and may be planted in the open border during the summer.

Chieftain. Lilac color, very large truss. 10c; \$1.00 per dozen.

Hibiscus Sinensis. (Chinese Hibiscus)

Well-known tender shrubs which may be either grown in a pot or tub, or planted out during the summer

Peachbloss. Large double flowers of a soft pink with deeper center. 15c, \$1.50 per dozen.

Petunias.

DOUBLE FRINGED. These splendid double Petunias are among our most beautiful and satisfactory flowers for Summer bedding; they thrive and bloom the whole season, even the hottest weather, and are equally fine for flower bed and for pot culture. We send strong well-rooted plants, sure to bloom, and offer four separate colors. **White, Pink, Crimson and Purple.** 15 cents each; \$1.50 per dozen, prepaid.

SINGLE MIXED. These are fine plants grown from the best strain of selected seed, sure to produce flowers of the largest size and most brilliant and distinct colors, unsurpassed in beauty. Price. 10 cents each; 75 cents per dozen, prepaid.

Salvia.

Bonfire. (Scarlet Sage) This is one of the finest of the Scarlet Sages. Its erect spikes of brilliant scarlet flowers stand clear above the dark green foliage and completely cover the plants. 10 cents; \$1.00 per dozen; larger, 15 cents; \$1.50 per dozen, prepaid.

Splendens. One of the most gorgeous of annuals, blooming throughout the summer and fall. The plants are completely covered with showy sprays of bright scarlet flowers. 10 cents; \$1.00 per dozen. Larger size, 15 cents; \$1.50 per dozen.

Verbena. [Mammoth Flowered.]

This choice strain has large flowers of very brilliant color and large, distinct eyes. The plants are vigorous growing and free flowering. Mixed colors. 10 cents each; 75cents per dozen, prepaid. Larger, 15 cents, \$1.50 per dozen; \$10.00 per 100.

Wagner's Superb Hydrangeas.

It is difficult to imagine a more lovely floral object than these superb Hydrangeas. They are unquestionably the best and most showy of all plants either for bedding or pot culture. It is impossible to impress upon anyone the wondrous beauty of them, even the smallest plants bear immense trusses of bloom that are simply amazing. They are of easy culture and sure to succeed with only ordinary care. These Hydrangeas are very vigorous, healthy and rapid growers, and are practically a summer and winter flowering plant, requiring only a short rest between seasons, and can be used as a fine specimen pot plant for the veranda or some other conspicuous place during summer and after a short rest in the cellar can be placed in window garden where they will be queen of the winter flowers. These Hydrangeas are hardy in the South and throughout the Middle States with some protection during winter months and here they will flower profusely from June to October. In our Northern States they will give better results when used as pot plants. The plants succeed best in a shady place than where it is exposed to full sun on which account they are valuable for house culture. The plants require a liberal supply of water during their season of growth and flowering.

Can You Marvel at the Beauty and Effectiveness of such an Arrangement of Hydrangeas.

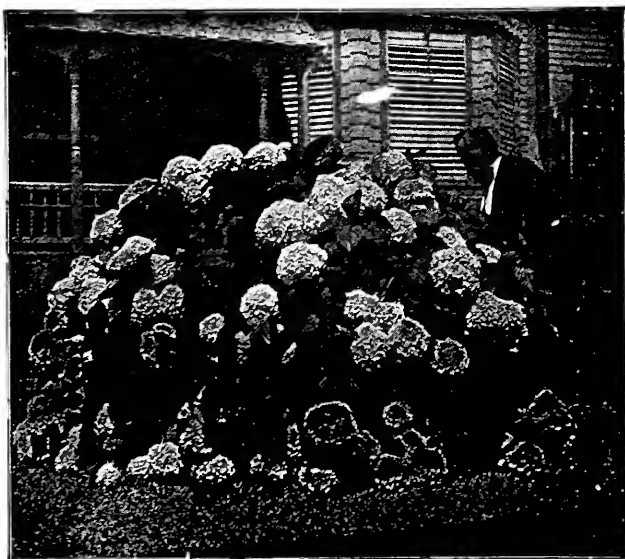

THE FOLLOWING ARE THE MOST SELECT FRENCH VARIETIES.

AVALANCHE. A splendid large white, which has made a reputation for itself during past seasons, an easy variety to grow and will force early remarkably free flowering.

MME. MOILLERE. This has always been the favorite white variety. Very free flowering, of good size and form. Awarded silver medal at the National Flower Show.

BOUQUET ROSE. Large trusses of flowers, well formed rosy-amber turning to bright pink; has proven a special favorite in the flower shows this season.

Prices above Three French Varieties, from 4 inch pots 30 cents each, \$3.00 per dozen; from 5 inch pots, 50 cents, \$5.00 per dozen; from 6 inch pots, 75 cents, \$8.00 per dozen. Extra fine Specimens in pots or tubs, \$1.50, \$3.00 each.

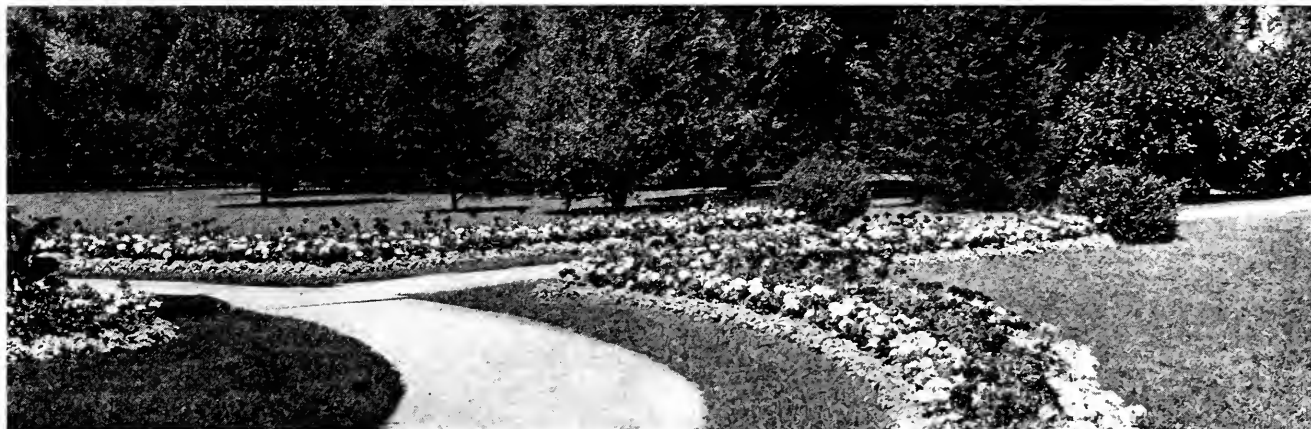

Specimen Hydrangea Otaksa in Open Ground.

Hydrangeas.

Otaksa. (See Cut) These Hydrangeas are exceedingly showy and effective, particularly when grown as large specimens in the open ground or in tubs for the decoration of lawns in the summer time. They are exceedingly ornamental, producing splendid effects, the plants being covered with a solid mass of their large, showy heads of bloom, which remain beautiful for months.

They can be wintered in any cool cellar with little or no trouble, and the plants increase in beauty from year to year. While they are principally grown in pots or tubs, they can also be planted in open ground. They are hardy except in the Northern States where they must be taken indoors over winter. This variety may be successfully grown indoors same as the French sorts listed above. Prices, Nice, young plants from 4 inch pots, 25 cents; \$2.50 per dozen from 5 inch, 50 cents, \$5.00 per dozen; from 6 inch, 75 cents, \$8.00 per dozen. Extra Specimens in pots or tubs, \$1.50, \$2.50 and \$3.00 each.

Choice Bedding Plants. Geraniums.

An Attractive Arrangement and Planting of Geraniums.

Geraniums are the best known and most extensively grown of all bedding plants. Much of this is because of their easy culture, freedom of bloom and showy clusters of flowers.

The following collection of Geraniums has been carefully selected as the very best for summer blooming. All have been thoroughly tested by us and we can recommend every one sure to give satisfaction and a wealth of beautiful blossoms this season.

Bruant. An old favorite, and still one of the best and most brilliant scarlet varieties. Blooms in large sized trusses and is in bloom continually, while the plant is vigorous and strong in growth. 10c; \$1.00 per doz., **prepaid.** Larger size, 15c; \$1.50 per doz. Extra heavy plants, 25c; \$2.50 per doz.

Jean Viaud. Color, a beautiful shade of bright pink, which does not fade in the hottest weather. Extra

strong growth and large foliage. 15c, \$1.50 per doz., **prepaid.** Larger size, 20c; \$2.00 per dozen. Extra heavy plants, 30c; \$3.00 per doz.

La Favorite. Trusses very large and of the purest snowy white even when grown in the open ground. 10c; \$1.00 per doz., **prepaid.** Large size, 15c; \$1.50 per doz. Extra heavy plants, 25c; \$2.50 per doz.

Mrs. E. G. Hill. Flowers are large and perfect in form, bright salmon, with a light shading at center. One of the freest bloomers, continually covered with large trusses of its beautiful, single flowers. 15c; \$1.50 per doz., **prepaid.** Large size, 20c; \$2.00 per doz. Extra heavy plants, 30c; \$3.00 per doz.

S. A. Nutt. Rich dark crimson. The flowers are of the most perfect shape and large size. The trusses are massive and produced in great number. Close, compact habit. 10c; \$1.00 per doz., **prepaid.** Large size, 15c; \$1.50 per doz. Extra heavy plants, 25c; \$2.50 per doz.

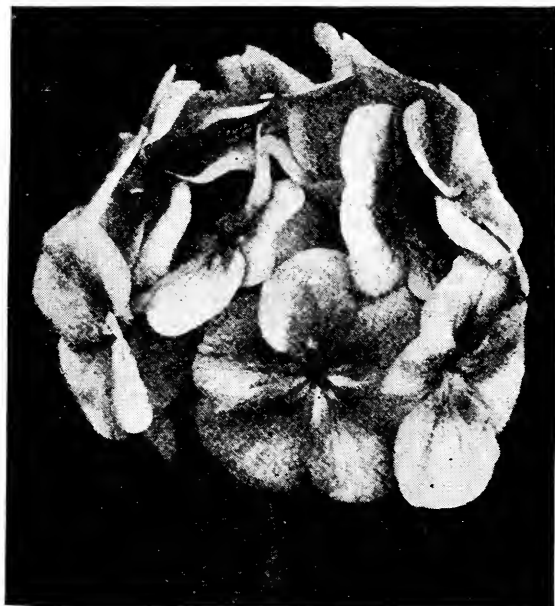

Scarlet Beauty. (New) Our first season to offer this wonderful beauty. It is a strong, upright grower producing long, stiff straight stems which are crowned with immense clusters of rich, brilliant scarlet flowers and are fully double. A most prolific bloomer and the individual blossoms often measure more than 2 inches in diameter. Frequently there are a dozen perfect flowers on a single stem so one can imagine the great beauty and size of their flower clusters. Prices Thrifty, well rooted plants, 25c; \$2.50 per dozen, **Prepaid.** Larger size, 35c; \$3.50 per dozen. Extra heavy plants, 50c; \$5.00 per dozen.

Geranium. Ivy-Leaved.

A most distinct and desirable class suitable for hanging-baskets or pot growing. Can also be trained over a trellis or used for covering banks or wall. Very free to bloom and sure to give satisfaction. We offer two best varieties.

Mme. Thiebaut. A lovely shade of clear rosy pink, upper petals delicately but distinctly feathered deep crimson-maroon. Immense trusses, 10c; \$1.00 per dozen. Larger size, 15c \$1.50 per dozen. Extra heavy plants, 25c.

Scarlet Crouse. Magnificent shade of carmine. A most showy variety, 10c; \$1.00 per dozen. Larger size, 15c, \$1.50 per dozen. Extra heavy plants, 25c.

Geranium. Bruant.

Desirable Pot Plants for House and Veranda.

The same evolution has taken place in flowers for the house and veranda as in furniture and other things to complete the decorations of the living room of today. The window full of blooming plants, fuschia, petunia, and a dozen others with their blossoms of brilliant hues is now seldom seen. Palms, ferns and other plants with decorative foliage now have the preference. They are not only more attractive, but require less care and thrive where the others will not.

The bold, majestic, yet graceful foliage of these house plants lends a grandeur and magnificence that cannot be obtained by any other class of plants

Special House Plant Collections.

Nothing makes the home more cheerful and pleasant than growing plants. This collection is a most desirable one and sure to please. Every home has a little space to devote to growing plants. We here offer two collections, one however consists of large specimen plants, while offer "A" has all the varieties but plants are smaller size yet are in a nice thrifty growing condition. Try them.

One of the finest vase plants, particularly for out-door decoration. It is of very robust habit and easily grown; very effective and particularly ornamental for decorating court yards, verandas, etc. X-tra large plants, 3 to 4 feet high, \$3.50; 4 to 5 feet high, \$5.00 each.

Desirable Pot Plants for the House and Veranda.

BEAUTIFUL, GRACEFUL FERNS.

Nothing can equal these beautiful decorative plants for gracefulness and beauty of foliage. We do not list all varieties, but offer only those that have proven to give entire satisfaction and worthy of culture.

BOSTON FERN. (*Nephrolepis Bostiniensis*) The most popular of all decorative house plants. The leaves are long and slender, drooping gracefully, making very elegant specimen plants. We know of no better all-around decorative plant for all purposes. Nice young plants, 15 cents; large plants, 25 cents, **prepaid**. Specimens, 50 cents, 75 cents and \$1.00 each.

Whitmani Fern. The most wonderful fern of this type, having very handsome, broad, plume-like fronds. Nice young plants, 15 cents; larger, 25 cents, **prepaid**. Specimen plants, 50 cents and 75 cents each.

Carax.

JAPONICA VARIEGATA. An ornamental Japanese grass which is extremely useful as a house plant; of easy growth, withstanding the dry atmosphere of the heated rooms. Excellent for the fern dish. Nice plants 15 cents; \$1.50 per dozen, **prepaid**. Large size, 25 cents each, **prepaid**.

Asparagus.

Plumosus Nanus. (See cut below) A beautiful plant with bright green, gracefully arched foliage. An excellent pot plant. Nice plants 10 cents; larger, 15 cents. Heavy, bushy plants, 25 cents, **prepaid**.

Sprengeri. Especially useful to be grown as a pot plant for decorative purposes or for planting in ferneries or suspended baskets. It grows freely the whole year round; as it withstands dry atmosphere it makes an excellent house plant. Nice plants, 10 cents; larger size, 15 cents. Heavy bushy plants, 25 cents, **prepaid**.

Two each of the Asparagus in nice, large, thrifty plants, 50 cents. Of the heavy, bushy plants, 85c, **prepaid**.

Every issue is beautifully illustrated and full of inspiring and practical suggestions for the amateur gardener on flowers, fruits and vegetables that are worth several times the amount.

OUR OFFER.—Send us an order amounting to \$2.00 for any above collections and the **Garden Magazine** will be sent to you for one year at an additional cost of only 50 cents. (Total to remit \$2.50), or with an order amounting to \$5.00 for any above collections the **Garden Magazine** will be sent for one year **FREE**. The subscription price alone is \$2.00 per year.

The **Garden Magazine** is sent direct by the publishers prepaid. The plants are sent by us and delivered at your door. No additional charges.

Collection of Plants for Verandas, Borders, Foundations, Etc.

Inexpensive collection of shrubs suitable for veranda and foundation planting. Beautiful effects even with our \$2.50 collection.

For the convenience of those who do not have the knowledge, or have not the time to study the catalogue and select plants that will give good and effective results, we have arranged the following assortments, which are suitable for planting against veranda and house foundations or for general grouping. With these various assortments you will find some to meet your particular needs and give the same results as illustrated on this page. Nothing makes the home more beautiful and suggests cheerfulness, peace, and rest than a mass of shrubbery planted about the house, bordering the fences or screening out objectionable views. We use in these assortments only desirable varieties, such that we know will give satisfaction. Prices of assortments are extremely low and selection of varieties must be left to us.

The illustration shows how easy it is to have attractive surroundings at the entrance to your home by simply planting a row or two of shrubs at the foundation of the veranda or house. Notice the picturesqueness and character these add to the appearance of the house and how much more attractive they are than if the same space would be planted with tender flowers which would be an annual expense and trouble to plant every year.

Assortment No. V-A—Nice thrifty Hardy Shrubs, \$2.50.
Extra large plants for immediate effects, \$5.00.

Assortment No. V-B—20 Nice thrifty Hardy Shrubs, \$4.50.
Extra large plants for immediate effect, \$9.00.

Assortment No. V-C—25 Nice thrifty Hardy Shrubs, \$5.25.
Extra large plants for immediate effect, \$10.00.

Assortment No. V-D—50 Nice thrifty Hardy Shrubs, \$10.00.
Extra large plants for immediate effect, \$20.00.

Assortment No. V-E—100 Nice thrifty Hardy Shrubs, \$18.00.
Extra large plants for immediate effect, \$35.00.

Some Special Assortments for Formal Flower Gardens.

We here offer a few very desirable assortments for those having a suitable piece of ground and desire a formal flower garden. Much of the charm of your planting will come from the fact that you have arranged the plants yourself and which should make it all the more interesting. The plants in these collections may be used for planting hardy borders or for flower beds along walks, etc.

Assortment No. F1, for space 20x30 feet, consisting of 100 nice, thrifty Hardy Plants, \$12.00; in extra large, heavy plants, \$25.00.

Assortment No. F2, for space 30x50 feet, consisting of 300 nice, thrifty Hardy Plants, \$35.00; in extra large, heavy plants, \$70.00.

Assortment No. F3, for space 40x60 feet, consisting of 500 nice, thrifty Hardy Plants, \$50.00; in extra large, heavy plants, \$100.00.

If you find that the above assortments do not meet your requirements, we shall be glad to furnish designs for more elaborate plantings. Correspondence solicited from parties desiring such work.

Proportionate quantities of tall, medium, and dwarf varieties are selected in filling orders for the above collections, and all plants are labeled so any one with judgment can satisfactorily arrange them.

Wagner's Hardy Borders are Perennial Pleasures.

Wagner Hardy Borders are made up of the handsomest and hardiest of Perennials and Herbaceous Plants already arranged for setting out with a view to securing the finest effect in the space at command and the longest period of harmonious bloom.

An Attractive Planting of Hardy Perennial Flowers.

ASSORTMENTS

- No. B-10—For circular bed 6 feet in diameter consisting of 20 nice, thrifty Phlox plants in two varieties, \$2.50; in extra large plants, \$4.00.
- No. B-14 For circular bed 6 feet in diameter consisting of 18 Peonies in three varieties, \$3.50; in extra large plants, \$6.00.
- No. B-15—For circular bed 10 feet in diameter consisting of 30 Peonies in four varieties, \$5.50; in extra large plants, \$10.00.
- No. B-16—20 nice, thrifty plants, Wagner Park Daisies, \$3.00; in extra large plants, \$5.00.
- No. B-17—20 nice plants, German Iris, \$2.00; in extra large plants, \$3.50.
- No. B-18—15 nice thrifty Eulalias in three varieties, large plants, \$2.00; extra large plants, \$4.50.

We always ship proportionate quantities of tall, medium, and dwarf varieties in filling orders for these collections and label the plants so any one can properly arrange them that the most artistic and pleasing effects are obtained.

Varieties in every Wagner Border are labeled, numbered and packed in proper order for planting. You can make a perfect picture of your place with one of these artistic color schemes. And REMEMBER!—once established, a Wagner Hardy Border needs little care for years.

These collections are suitable for borders along fences, screens, boundary lines, walks, and formal gardens.

Assortment No. B-1—For bed 4x10 feet, consisting of 15 thrifty Hardy plants, \$2.25; extra large plants, \$3.75.

Assortment No. B-2—For bed 4x20 feet, consisting of 30 thrifty Hardy Plants, \$4.50; extra large plants, \$7.50.

Assortment No. B-3—For bed 5x10 feet, consisting of 20 thrifty, Hardy Plants, \$3.00; extra large plants, \$5.00.

Assortment No. B-4—For bed 5x10 feet, consisting of 40 thrifty extra large plants, \$10.00.

SPECIAL ASSORTMENTS

No. B-5—25 Nice, thrifty Hardy Plants, \$3.75; in extra large plants, \$6.25.

No. B-6—50 Nice, thrifty Hardy Plants, \$7.50; in extra large plants, \$12.50.

Below we offer some assortments for those who want a quantity of one kind of plants for individual beds. We recommend these hardy plants in place of tender flowers as better and more artistic results may be accomplished, as well as their being more economical and less labor or account of when once planted they last almost an endless time.

WAGNER LANDSCAPE SERVICE.

We Will Make Your Garden Bloom From Springtime Until Frost.

Let Us Advise You as to How You Can Secure the Utmost Beauty and
 Delight from Your Garden. We Offer the Advice and Service of Our
 Landscape Architects and Gardeners to Assist You in Making Your
 Surroundings More Beautiful.

A **PLAN** for laying out grounds properly is as necessary as a plan for building a house. A **mistake** made in the beginning often costs many times the small expense of plan or having a landscape architect view the grounds, to say nothing about the annoyance and delay in securing the desired effect. Wagner plans and planning have been utilized in every State in the Union, and in many foreign countries. We are prepared to submit ideas for gardens in any climate and any soil.

On the following terms we will make a sketch showing how to lay out and plant your grounds in an artistic and attractive way. Send us a rough sketch of your grounds, showing locations of buildings, walks, drives, if any, also trees and shrubbery, or any other permanent things already established and that are not to be removed.

Show location of all the **entrances to lot and buildings**, any objectionable or desirable views from the residence, and grades of any importance. Photographs will also be of valuable assistance if convenient to send. The sketch need not be drawn to scale, but should show the **width and depth** of the lot, and other principal dimensions.

When the sketch is sent to us, remit one dollar (\$1.00) for which we will at once send a coupon for the amount, and this coupon will be accepted by us as part payment on an order amounting to \$5.00 or more. We wish to impress upon the minds of our customers that this is not a scheme of any kind by which we are receiving pay for the sketch, but it is done only as a safeguard against some curious persons that would impose upon us and ask for plans with little or no intention of making use of them. These plans we furnish are not stock plans, but **you will receive a plan made especially for your own grounds**. The planting arrangement is worked out by our Landscape Architects to meet the requirements of your place.

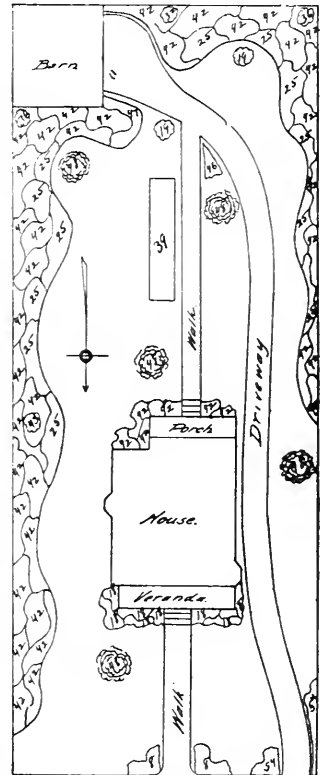

We make plans for the surroundings of the humblest little cottage as well as the extensive and elaborate estate, public parks, factory grounds, school, universities, sanitariums, etc.

NOTE.—The above arrangement, however, applies principally to home grounds of moderate size and not to extensive or elaborate grounds where a large amount of work is involved. We are prepared also, to do this class of work, and solicit correspondence from parties desiring such work. We furnish plans by mail, or when desired, will send a landscape gardener to do the work or instruct you how to do it. Our terms for this class of work are always very reasonable.

We Design and Plant Large Public and Private Grounds of All Kinds.

Planting and furnishing stock for **Parks, Factory, Grounds, Schools, Universities, Sanitariums and Hotel Grounds** is one of our specialties, and we are prepared to plan and advise how and what to plant to produce the best results and with the least amount of labor and expenditure. Call on us when in need of such service; we assure satisfaction.

How to Make a Lawn

All good gardeners now use seed for the making of a good lawn in preference to turf or sod. The preparation of the ground is an important feature and the best soil is a medium texture, neither very heavy nor exceedingly light; the surface should be thoroughly pulverized and level. Remove all stones, sticks, sods, etc., harrow or rake it fine and roll it firm. It is impossible to get the soil too fine to receive the seed. Sow the best seed obtainable; it is always cheapest in the end. It is best to sow seed liberally, not only to produce a lawn quickly, but because the best lawn seed produces fine-leaved grasses, which should take entire possession of the ground at once, thus choking out and preventing the development of any weed seeds, which are apt to be in all soils. Distribute seed evenly, going both ways across the plot. After sowing, cover the seed by raking lightly; then roll the ground.

When the grass has become well rooted, use lawn mower for cutting it, and keep mower sharp, as if dull it will pull and injure the grass, besides causing the lawn to have an uneven appearance. Never allow the grass to become so high that the mower will take off the first joint, as this is an injury. Mow as often as necessary; in growing weather, at least once a week. Let the short clippings remain on the lawn, as they wither and dry and form a protection to the roots. When the clippings are long, they should be raked off, for besides being unsightly, they are also injurious. When the weather is dry and hot, avoid cutting too close.

Quantity of Lawn Grass Seed Usually Required in Making a New Lawn.

10x25 feet requires	1 pound	40x60 feet requires	10 pounds
25x50 feet requires	5 pounds	50x100 feet requires	16 pounds
40x50 feet requires	8 pounds	50x150 feet requires	24 pounds

NOTE—For Renewing Old Lawns—Use about one-half the quantity given above.

"WAGNER PARK" Grass Seed—A special mixture which we prepare. Prices: 35 cents per pound; 5 pounds for \$1.60; bushel (20 pounds), for \$6.00.

"PREMIUM" Grass Seed—This mixture, while not quite equal to "Wagner Park" variety, is a good, clean mixture and an excellent lawn may be produced with it. Prices: 30 cents per pound; 5 pounds, \$1.35; bushel (16 pounds) \$4.00.

"SHADY LAWN" Grass Seed—Fine for shady places and where other grasses will not grow. 40 cents per pound; 5 pounds, \$1.75; bushel (16 pounds), \$5.00.

Prices of seed for Golf grounds quoted on application

**THE WAGNER PARK NURSERY CO.,
SIDNEY, OHIO.**

GENTLEMEN: On other side of this sheet is a sketch of my grounds I wish to improve, and I shall be pleased to receive a plan from you as per offer in Catalog. I enclose \$1.00 (currency) for which you are to send me a coupon good for this amount on an order for plants amounting to \$5.00 or more.

Yours truly,

Name

TownState

Suggestions are always a help to us in preparing a plan that will meet the local conditions and individual tastes of every person, so kindly answer the following questions that are of particular interest to you.

Do you prefer natural effects?.....

Do you prefer formal effects?.....

Do you prefer we use our own judgment?

Do you want us to locate walks? (If so, show all entrances to buildings, etc.).....

Do you want a driveway? (If so, show where you prefer it.).....

Do you want any tender plants?.....

Do you prefer all hardy plants?.....

Do you like a lot of shrubbery?.....

Do you want a rose bed?.....

Do you want any hedges? (Where preferred?.....

Do you want a formal flower garden?.....

Do you want an Arbor or Pergola?.....

Do you want us to locate trees? If any on grounds, show their location on sketch.).....

Do you want any fruit trees?.....

Do you want any street or avenue trees?.....

Do you want any evergreens?.....

Do you want any particular kind of trees?.....

Do you want a vegetable garden? (If so, where do you prefer it?).....

When do you contemplate planting this Season, or sometime later?.....

We receive many plans during our greatest rush that are not used until the following season and if we were advised to the effect that we may prepare them later after our rush is over it would not only accommodate us but our landscape department could then give more time to each and every plan and yet have them completed when ready to use them.

What is the limit you wish to expend for flowers?

This last question is a very important one, owing to many having quite large lawns, yet they do not desire to expend any great amount for flowers. If we know about the amount you wish to expend for flowers, we will arrange the plantings accordingly and you will receive a plan that will be practical for your grounds.

REMARKS

USE THIS SHEET FOR MAKING YOUR SKETCH WHEN SENDING FOR PLAN

For Terms and Other Information Regarding Plans, See Inside Rear Cover Page.

NOTE.—The sketch need not be drawn to scale, but should give the principal dimensions, direction the house faces; North, East, South or West, and the location of entrances, dimensions of buildings, and windows in foundation, etc.; also location of walks, drives, if any trees and shrubbery, or other permanent things established that are not to be removed. Also location of all the entrances to lot and buildings, any objectionable views to be retained, and terraces, or grades of any importance. Unless we have this information it will be impossible to prepare a plan that will be practical.

PLEASE DO NOT OVERLOOK ANSWERING QUESTIONS ON THE OTHER SIDE OF THIS SHEET

ROYAL PURPLE

A Most Beautiful
and Showy

Japan Iris

With the great blaze of splendor the Japanese Iris brings the Iris season to a close. The last to bloom, it is a glorious climax to the grand Iris procession, that began early with the dwarf forms of April and May, following each other with constantly increasing boldness of form and color until July ushers in the Great Japanese varieties (Iris Kaempferi) the most crowning glory of all, with its great blooms measuring nearly a foot in diameter. Seeing them for the first time, one cannot withhold an exclamation of surprise and wonder, and having once seen them can never forget their striking beauty.

Royal Purple

This is a magnificent variety and clumps of it produce a most gorgeous sight. The color is a clear deep royal purple and the flowers are double, having six large broad petals. We have built up a large stock of this variety and offer them in various sizes. Strong thrifty roots, 25 cents each. Large size roots, 50 cents

each. Extra heavy clumps, \$1.00 each. Sent prepaid at single rate prices.

SPECIAL PRICES

Strong, thrifty roots—

12 for \$ 2.50
25 for 4.50
100 for 15.00

Large size roots—

12 for \$ 5.00
25 for 8.50
100 for 32.00

Extra heavy clumps—

12 for \$11.00
25 for 20.00
100 for 75.00

Vegetable Gardening (Watts). A complete concise and authentic book, covering every phase of the subject. \$1.75.

All Books sent Postpaid at prices given.

GARDEN LOVER—

Have
You Ever
Tried a

HOLLYHOCK PATH

Nothing to do with the "primrose path," but incidentally almost the prettiest sight in gardening.

Yes, of course, Hollyhocks in colonies or in a formal line anywhere are always pretty. But a "Hollyhock Path" is beautiful, and if you have a chance to make one don't miss it. The stately line of rose and scarlet and faintly flushed salmon sentinels, brilliant and warm in the center and paling to tender tones of nothing-at-all at the ends—well, even your blase "garden expert" gets out his enthusiasm for the Hollyhock Path.

Wordsworth, you will remember, who loved flowers and knew them, was a great Hollyhockian. His avenue of Hollyhocks at "Townsend," in lovely Grassmere, was famous. He used always to take his guests to see it. An eight foot grass walk with stately, myriad-colored shafts spiring up on either side for three hundred feet.

You can approach the Wordsworth effect on your place. The plants need not be set out with great exactness, but compactly; neither need color juxtaposition be considered, but firstly and lastly the plants themselves should be fine, strong, upstanding fellows. The following variety has been especially grown for our clients and will give entire satisfaction.

Wagner's Pink Beauty DOUBLE

This variety is indeed a beauty and distinct from all other Hollyhocks. The flowers are borne on tall upright stalks and are of a most pleasing shade of pink and perfectly double. They are hardy and require no special care and attention after once established, in fact increase in effectiveness year after year. An unusual opportunity to get a variety that is sure to please. Strong plants, 20 cents; \$2.00 per dozen, postpaid. Larger size, 35c; \$3.50 per dozen. Extra heavy plants, 50c; \$5.00 per dozen.

For other varieties of Hollyhocks see page 22.
